Importance: High

Hello

I hope you are both well?

Could you please arrange to forward the enclosed letter to in AQSIQ (with the 4 attachments also enclosed). The letter has been translated into Mandarin as usual (hence the 2 versions). The letter refers to live pig exports to China and dealing with non-negative test results for various porcine diseases.

Could you also copy the documents to at CNCA for their information.

Any issues please let me know.

Many thanks
