## Notes:

1. It is not mandatory for the forms to be kept within a MOD Form 700C but each Detachment/Flight must hold the forms listed above. The MOD Form 705(AVRPAS) must be controlled and retained using the MOD Form 713(AVRPAS) to register the sheet numbers used. Consideration should be made to protect the documentation by use of weather resistant covers and storage wallets.
2. The use of the MOD Form 721(AVRPAS) and associated MOD Form 799/6(AVRPAS) is optional for the RN, depending on the operating environment of the Detachment/Flight.
