Serial	Activity (a)	Undertake (b)	Supervise (c)	
1	Bay Maintenance on the following items of Suspension Equipment: a			
	b c			
	d e f g			
2	Bay Maintenance of equipment that involves one or more of the following:			
	<ul><li>a. Soldering</li><li>b. Potting</li><li>c. Crimping</li><li>d. Heat Shrinking</li><li>e. Repair of Cable Assemblies</li></ul>			
3	On-Aircraft electrical testing of			
	(Insert AC Type and Mk) Armament Electrical Installation in accordance with the following MPs:			

## **Compilation Instructions**

This certifies the competence of Aircraft weapons tradespersons to undertake or supervise the Maintenance activities listed in **Column (a)** overleaf. The certificate is to be raised in accordance with the requirements of MAM-P, Chapter 8.3. It is only valid while the individual to whom it relates remains on the posted strength of the station at which it was raised.

1. On satisfactory completion of training of the tradesperson to whom this certificate relates, the authorizing officer is to identify the items in **Serial 1**, delete the inapplicable items in **Serial 2**, insert their initials and the date in the first block of the appropriate column or columns overleaf against each activity concerned.

Note: An entry in Column (c) requires a supporting entry in Column (b).

- 2. If the certification relates to pre-load electrical testing, the Aircraft Type and Mark and full identification of the relevant MPs are to be inserted in **Column (a) Serial 3.**
- 3. Authorizing Officers are to revalidate competence by inserting their initials and the date in the next vacant block of the appropriate column or columns.
- 4. Each Authorizing Officer is to complete the identification block below when making their first entry overleaf.

Initials as Overleaf	Rank and Surname (Block Capitals)	Tick Appropriate Column		
		Eng Off (AS)	UCO	ВСО
