

Secretary of State's determination of half-year non-solar photovoltaic deployment

In accordance with Article 36 and Schedule 2 of The Feed-in Tariffs Order 2012 (hereafter, "the Order"), the Secretary of State has determined that the deployment of non-solar photovoltaic (PV) installations for the period 01/01/2014 to 30/06/2014 was as follows:

Technology	Declared Net Capacity	Aggregate capacity deployed in period (kW)*
Hydro	All	39,415
Wind	0-100kW	28,002
	<i>of which ≤50kW</i>	4,393
	>100kW - 5MW	179,010
AD	0-500kW	36,985
	>500kW - 5MW	32,274

* <50kW wind installations are recorded on aggregate declared net capacity basis. All other non-PV technologies including wind >50kW are recorded on aggregate total installed capacity basis.

For wind installations with a declared net capacity of 50kW or less, the data in the table above comprise the aggregate declared net capacity of relevant installations which, in the period above, were registered on the MCS database.

For all hydro and anaerobic digestion installations and for wind installations with a declared net capacity greater than 50kW, the data in the table above comprise the aggregate total installed capacity of relevant installations which, in the period above, were determined by the Gas and Electricity Markets Authority (Ofgem) to be entitled to accreditation or were granted preliminary accreditation by Ofgem.

This determination is based on the 'MCS and ROOFiT Pipeline Statistics' table published by the Department on a monthly basis, and available at <https://www.gov.uk/government/statistical-data-sets/monthly-mcs-and-roofit-statistics>.

This deployment data will be used by Ofgem under Article 16 of the Order to determine any mid-year adjustments to the generation tariffs for non-solar PV installations for FIT Year 5, in accordance with Part 3 of Annex 4 in Schedule A to Standard Licence Condition 33. The new generation tariffs will be published by Ofgem on or before 1 August 2014 at <https://www.ofgem.gov.uk/environmental-programmes/feed-tariff-fit-scheme/tariff-tables>.
