Summary of Proposed Amendment	
Objective	Up issue to reflect significant changes in CS 23 (amendment 5) and refine Part 3 with respect to 970 Transformation.
Changes Made	All comprising Mil Deltas reviewed and retained/changed/deleted in light of: - changes between CS23 Amdt 4 and CS23 Amdt 5; - broader 00-970 Transformation progress and experience
Impact Assessment	Maintains coherency and effectiveness of Part 3.
Courses of Action – Risk Evaluation	
Do Nothing	Inaccurate information in DS 970 – incoherence with latest CS23 amendment.
Partial Amendment	Inaccurate information in DS 970.
Full Amendment	Maintains DS 970 in line with EASA CS specifications and MOD requirements.

Consultation Period Ends	See DStan web site
Defence Standards (DStan) will provide access to this standard for six weeks see Def Stan web site DSTAN (mil.uk) for further information
