

Re change in DLA

586

9/2/11

Dear Sir or Madam,

I am writing to say that my husband & I are both on DLA, we think it is shocking that people like us have to have the anxiety of having our allowances disrupted it is bad enough being disabled! Many of our friends who are also disabled share the same view & it is a great worry for them.

This allowance gives vital support to people.

Yours sincerely
