Dear NAME REDACTED S.40(2) and Hergen,

SoS has agreed to meet with Luc Oursel the CEO of Areva on Wednesday – we are trying to find a slot in the diary. This is an introductory meeting and may cover a range of subjects around Areva's activities in the UK including wind, nuclear and renewables. Can I please ask you to send up some standard briefing on these areas by **3pm tomorrow**.

Many thanks, NAME REDACTED S.40(2)
