Hi NAME REDACTED S.40(2)

Any readout from meeting - or is it later / postponed because of meeting with snr cabinet ministers?

Thanks

We believe that nuclear will probably come out as the main topic with some discussion on OSW. Someone from OND will be attending.

Thanks

Thanks NAME REDACTED S.40(2). Just to clarify: will the meeting be entirely about OSW or will their nuclear ambitions also be discussed?

Many thanks for all your help. This has just been produced from ORED which may be of interest. This is restricted.

Thanks

Hi,

I have spoken to NAME REDACTED S.40(2) and she has kindly provided the account plan (NAME REDACTED S.40(2) is on the virtual team).

She has also mentioned that "we've had a heads up from the Head of OSW in the UK, Julian Brown, that they'll not be making a decision on a UK OSW site until 2017 (heard this yesterday), and they'll be looking for a site REDACTED S.43(2). ORED are very tight with this latest intel so it's not currently reflected in the account plan which is shared with a wider audience."

As you will note it also provides the names of people working with Areva in DECC (along with others)

If you could keep NAME REDACTED S.40(2) informed of the meeting tomorrow between the Sec State and Arriva be most appreciated.

Thanks,

NAME REDACTED S.40(2)
