Introduction

- i. In 1968 Parliament gave the Secretary of State for Health the power to provide training for people considering employment in the National Health Service (NHS), and to pay allowances to people who have accepted places on these coursesⁱ. These allowances are known as NHS Bursaries. (A bursary is a traditional name for a financial allowance given to help a student meet the costs of study).
- ii. Since then successive Secretaries of State have developed rules to ensure that NHS Bursaries are paid fairly and consistently. They have also developed administrative arrangements to ensure that they are paid efficiently in line with the rules. These rules and administrative arrangements are known collectively as “The NHS Bursary Scheme”.
- iii. Because of the large number of allowances paid under the rules, the Secretary of State has directed the NHS Business Services Authority (BSA) to administer the NHS Bursary Scheme on his behalfⁱⁱ. Although the NHS Bursary Scheme is administered by the BSA, the Secretary of State retains overall responsibility for the scheme.
- iv. In 2011 the Secretary of State decided, following consultation, to make substantial changes to the rules of the NHS Bursary Scheme for students starting their courses on or after 1 September 2012. There are therefore two different sets of rules applicable to students depending on when their course first started. This document sets out the rules which will apply to students who started their course before 1 September 2012. The new rules for students who start their course on or after 1 September 2012 are set out in *The NHS Bursary Scheme New Rules*. In each case the rules apply in relation to the **academic year** starting on or after 1 September 2012 but before 31 August 2013.
- v. Those familiar with the rules published in 2011 may find it helpful to read the summary of the changes in [appendix 1](#).
- vi. The BSA can provide further assistance in understanding these rules. A number of other bodies also provide information on careers in the NHS health professions. These bodies are listed in [appendix II](#).

Section 1 Summary of the NHS Bursary Scheme Rules

The NHS Bursary Scheme for students who started their course before 1 September 2012.

- 1.1 The following rules describe the circumstances under which the Secretary of State will pay allowances under Section 63(6) of the Health Services and Public Health Act 1968 to students who first started their course before 1 September 2012.
- 1.2 Any allowance paid under these rules is referred to as an NHS Bursary, and these rules, together with the administrative arrangements by which the NHS Business Services Authority (BSA) makes such payments on behalf of the Secretary of State, are referred to as the **NHS Bursary Scheme**.
- 1.3 Words and phrases which have a particular meaning in these rules appear in bold black typeface like **these words**. The particular meaning of these words or phrases can be found in the glossary in [section 14](#). Where the rules contain words and phrases like this they must be interpreted as having the meaning set out in the glossary.

Application and Changes

- 1.4 These rules apply to students who started their course before 1 September 2012 and to the year from 1 September 2012 to 31 August 2013. They contain a number of changes which are summarised at [appendix I](#).

The Principal Rule

- 1.5 The principal rule is that the **NHS Bursary Scheme** will provide an NHS Bursary to students who meet all the following conditions. These are that the student:
 - (a) is a person who is eligible under these rules, and
 - (b) is on an course which is eligible under these rules, and
 - (c) has applied for a bursary as prescribed by these rules, and
 - (d) has not been disqualified from receiving a bursary as a result of misconduct in relation to a previous application or award.

- 1.6 The students who are eligible under these rules are described in [section 2](#). The courses which are eligible are set out in [section 3](#). The procedure for applying for a bursary is set out in [section 12](#), and the rules relating to disqualification are described in [section 10](#).

What an NHS Bursary Provides

- 1.7 The **NHS Bursary Scheme** may provide a contribution towards a student's tuition fees as set out in [section 4](#). Where this is the only assistance for which a student is eligible, the bursary is known as a **fees only bursary**.
- 1.8 The **NHS Bursary Scheme** may also provide a **maintenance award** to assist students with the cost of attending the course. In this case the bursary is known as a **full bursary**. The rules on eligibility and the calculation of the amounts payable are set out in [section 5](#).
- 1.9 Where a student is eligible for a **full bursary**, the **maintenance award** may also include additional allowances, such as the disabled students allowance set out in [section 6](#), the reimbursement of costs associated with attending practice placements set out in [section 7](#), and a number of other allowances set out in [section 8](#).

Changes in Circumstances

- 1.10 Where a student's circumstances change during a course, the rules setting out the consequences for any NHS bursary are set out in [section 9](#).

Conditions Attached to an Award

- 1.11 If an NHS Bursary is awarded under these rules, it will be awarded subject to the conditions set out in [section 10](#).

Exceptions to the Normal Rules

- 1.12 There are a limited number of cases where exceptions to particular rules have been allowed. These exceptions, and the circumstances in which they have been granted, are set out in [section 11](#). Any student whose circumstances are the same as those described in this section is entitled to benefit from the relevant exception.

Applying for a Bursary

- 1.13 The rules on applying for a bursary are set out in [section 12](#).

Complaints and Appeals

- 1.14 Where a student is dissatisfied with the way an NHS Bursary application, bursary payment, or any other matter in relation to an NHS Bursary has been dealt with, the procedure for complaints and appeals is set out in [section 13](#).

Glossary

- 1.15 Words and phrases in these rules which have a particular meaning are defined in the glossary in [section 14](#).

Appendices

- 1.16 A summary of the changes in these rules compared to the rules published in 2011 is provided at [appendix I](#). A list of organisations which may be able to provide help and advice is provided at [appendix II](#), and some guidance on maternity, adoption and related awards is provided at [appendix III](#).
- 1.17 These appendices are provided for information and are not part of the rules themselves.

Section 2 The People Eligible for an NHS Bursary

Personal Eligibility

- 2.1 A student is eligible for an NHS bursary if the student satisfies all of the following conditions. These are that the student:
- (a) is a **pre-registration student** of one of the **healthcare professions** listed in [table 2](#) who has not previously been registered in that **healthcare profession**; and
 - (b) satisfies the general immigration and residence requirements set down by the Secretary of State for Health in [paragraph 2.2](#) and [table 1](#) below; and
 - (c) satisfies, in the case of students of medicine or dentistry, the particular residence requirement at [paragraph 2.4](#) below; and
 - (d) is not attending the course on **secondment**; and
 - (e) is not in receipt of support in excess of the value of an NHS Bursary by reason of sponsorship or assistance from another scheme (other than the **Student Loan Scheme** or **Access to Learning Funds**), as set out in [paragraphs 2.5](#) below; and
 - (f) is not held in custody while on or awaiting trial, or serving a prison sentence.

General Immigration and Residence Requirements

- 2.2 The general immigration and residence requirements for NHS Bursaries are set out in [table 1](#). There is an immigration status in the first column and a residence requirement in the second column. A student must satisfy both the immigration status and residence requirement in at least one table entry in order to receive a bursary.
- 2.3 The third column of [table 1](#) sets out the type of bursary to which the student satisfying the associated immigration and residence requirements will be entitled. This can be either a **full bursary** or a **fees only** bursary.

Additional Residence Requirement for Medical and Dental Students

2.4 Each **UK** country is responsible for its own medical and dental students, wherever they study in the **UK**. Because of this, and in addition to the general immigration and residence requirements set out at [paragraph 2.2](#) and [2.3](#) and in [table 1](#) above, the **NHS Bursary Scheme** will only provide bursaries for medical and dental students who are either:

- (a) **Ordinarily resident** in England on the first day of the first **academic year** of their course; or
- (b) Are not **ordinarily resident** in the **UK** or **Islands** but qualify for an NHS Bursary under the provisions in [entries \(k\), \(l\), or \(o\)](#) in [table 1](#) above.

Students with Assistance from Employers or Other Schemes

2.5 A student who is sponsored, or in receipt of any scholarship, exhibition, bursary, or award of similar description (other than from the **Student Loan Scheme** or **Access to Learning Funds**), is not eligible for an NHS Bursary if their **income after tax** from any sponsorships or awards in the **academic year** exceeds the maximum bursary, including any contribution towards tuition fees, that would have been payable had the student not been in receipt of the award.

Section 3 The Courses Eligible for an NHS Bursary

Course Eligibility

3.1 A course is eligible for an NHS Bursary if it satisfies all the following conditions. These are that:

- a) it is provided by a **recognised institution of Higher Education** in England or, for courses leading to professional registration as a doctor or dentist, in the **UK**; and
- b) it leads to a professional registration in one of the healthcare professions listed in [table 2](#) below; and
- c) it is either provided under a contract with an NHS organisation or it is a course leading to professional registration as a doctor or dentist; and
- d) if it is a course leading to professional registration as a doctor or dentist, it is a part of the course which is eligible for a bursary as set out in [paragraph 3.2](#) and [table 3](#) below.

Table 2: Eligible Healthcare Professions

Eligible Healthcare Professions

Chiropodist or Podiatrist	Operating Department Practitioner
Dental Hygienist/Dental Therapist	Orthotist/Prosthetist
Dentist	Orthoptist
Dietician	Physiotherapist
Doctor	Radiographer
Nurse	Radiotherapist
Midwife	Speech and Language Therapist

The Parts of a Medical or Dental Course Eligible for an NHS Bursary

3.2 Only the later years of courses leading to professional registration as a doctor or dentist are eligible for an NHS Bursary. These years are set out in [table 3](#) below, subject to the qualification concerning repeat years set out in [paragraph 3.3](#) below.

Table 3: Eligible Parts of Medical and Dental Courses

Type of Medical or Dental Pre-Registration Course	Part of Course Eligible for an NHS Bursary					
	Year One	Year Two	Year Three	Year Four	Year Five	Years Six or more
Five or more years pre-registration course (including any integral foundation or intercalating years at bachelor or masters degree level).	Not Eligible	Not Eligible	Not Eligible	Not Eligible	NHS Bursary	NHS Bursary
Shortened/Accelerated four year pre-registration course for graduates.	Not Eligible	NHS Bursary	NHS Bursary	NHS Bursary		
Shortened/Accelerated three year pre-registration course for graduates.	Not Eligible	NHS Bursary	NHS Bursary			

3.3 An additional year of study required to be undertaken as a repeat of a year which was not itself eligible for a bursary, is not eligible for a bursary. But an additional year of study required to be undertaken as a repeat of a year which would have been eligible for a bursary, may be eligible for a bursary under the rules in [section 9](#).

Part Time, Accelerated, Post-Graduate and International Courses

- 3.4 For the avoidance of doubt, eligible courses can be **part-time** or **full-time** and include:
- a) Accelerated courses aimed at graduates from other disciplines.
 - b) Pre-registration courses at masters, graduate diploma or postgraduate diploma level.
 - c) **International courses** (sometimes undertaken as a study-abroad option for part of a course).

Section 4 Tuition Fee Contributions

- 4.1 Most courses eligible for an NHS Bursary, other than those leading to professional registration as a doctor or dentist, are funded directly by the NHS. For this reason the majority of students on courses eligible for an NHS bursary do not have to pay tuition fees.
- 4.2 But tuition fees are payable on courses leading to professional registration as a doctor or dentist. In these cases the **NHS Bursary Scheme** will pay a grant towards tuition fees, but only for the later years of the course which are eligible for an NHS Bursary as set out in [section 3](#) and [table 3](#), and only if the student is attending the course on 1 December of the year for which a fee is payable.
- 4.3 The maximum amount of help the medical or dental student will get towards their tuition fees for each **academic year** is set out in [table 4](#) below. If a student's tuition fees are less than this, the tuition fee contribution will be limited to the student's actual fees. If the student's tuition fees are higher the student will have to pay the balance. .

Table 4 Maximum Annual Tuition Fee Contribution

Year and Type of Course	Maximum Annual Tuition Fee Contribution	
	Courses starting before 1 September 2006	Courses starting on or after 1 September 2006
Any eligible academic year of an international course where the periods of study at the institution in the UK are no more than 10 weeks full-time or 30 weeks part-time (excluding holidays).	£680	£1,725
Any final year of a course which is ordinarily required to be completed after less than 15 weeks attendance.	£680	£1,725
Any other eligible academic year on a pre-registration course lasting 5 or more years (including any integral foundation or intercalating years at bachelor or masters degree level).	£1,380	£3,465
Any other eligible academic year on a shortened/accelerated pre-registration course for graduates.	£1,380	£3,465

How the Tuition Fee Contribution is Paid

- 4.4 The tuition fee contribution is paid annually on behalf of the student, directly to the higher education institution providing the course, provided the student is attending the course on 1 December of the year for which the fees are payable.

Section 5 Maintenance Awards

- 5.1 All students who are eligible for an NHS Bursary, other than **EU** nationals who qualify for a **fees only bursary** under entry (o) of [table 1](#), are eligible for a **full bursary** including a **maintenance award**.

Calculation of Maintenance Award

- 5.2 The amount of **maintenance award** payable is assessed for each **academic year**. The calculation for students training for a diploma in nursing, midwifery or operating department practice (**traditional diploma students**) is set out in [table 5](#) below, and the calculation for other students (**mainstream students**) is set out in [table 6](#) below, subject to an adjustment for **part-time** courses set out in [paragraph 5.3](#) below.

Other elements of the **maintenance award** in each **academic year** will be a proportion of the amount payable for **full-time** courses determined as follows:

- (a) For courses which are normally 3 years **full-time**:
 - (i) For a 4 year **part-time** course 75%;
 - (ii) For a 5 year **part-time** course 60%
 - (iii) For a 6 year **part-time** course 50%
- (b) For all other courses the appropriate proportion of the **full-time** rate taking into account the relative length of the **part-time** course and the equivalent **full-time** course.

Extra Weeks Allowance for More Intensive Courses

5.4 If a **mainstream student's** course runs during the **academic year** for a period of more than 30 weeks and 3 days excluding holidays, the student's extra weeks allowance is determined as follows:

- (a) Where the student's course runs during the **academic year** for a period of less than 45 weeks excluding holidays, the extra weeks allowance is the amount set out table 9 multiplied by the number of additional weeks of attendance over 30 weeks and 3 days, rounding to the nearest whole week, or
- (b) Where the student's course runs during the **academic year** for a period of 45 or more weeks excluding holidays, the extra weeks allowance is the amount set out in table 9 multiplied by 22.

(b) Studying outside London and living away from the parental home during the course.	£82	£82
(c) Living at the parental home during the course.	£54	£54

How the Maintenance Award is paid

- 5.5 The **maintenance award** will be paid direct to the student's bank or building society account after confirmation of attendance is received from the relevant higher education institution as follows:
- (a) Any practice placement expenses payments will only become payable after the relevant expenses claim has been received, approved and processed.
 - (b) Any disabled students allowance payments will only become payable after the appropriate documentation has been received, approved and processed.
 - (c) All other elements of the **maintenance award**, including any extra weeks allowance will be paid monthly, as far as practicable in equal monthly instalments.

Deduction on Account of the Student's Income

- 5.6 The amount deducted from a **maintenance award** on account of a student's own income is the student's **income after tax** in the **academic year** from any source, but disregarding:
- (a) In relation to the specific types of income set out in [table 10](#) below, the whole amount of that income.
 - (b) In relation to the specific types of income set out in [table 11](#) below, income of that type up to the maximum amount set out in the table.
- 5.7 Any payments that would be income if they were made to the student rather than to a third party on the student's behalf will be deemed to be the student's income.
- 5.8 The amount of any payment for the maintenance of the student's child or former spouse or civil partner under any court order or binding agreement, instrument or enactment will be deducted from the student's **income after tax** before calculating the deduction from the **maintenance award**.

5.9 Where the student's spouse, civil partner, partner, child or step-child is also in receipt of an NHS bursary or other **publicly funded student support**, for which the student is deemed to make a contribution, the student's contribution to their own support will be reduced in proportion to the number of persons for whom they are deemed to be making a contribution.

Contribution by a Student's Parents

- 5.11 Unless the student is an independent student as defined in [paragraph 5.18](#) below, a contribution towards the student's maintenance is assumed to be made by any parent if their total income before tax, and after any deductions allowed in [table 12](#) below, is in excess of the threshold set out in [table 11](#) below. Where it is, the excess is the parents' **residual income** for the purpose of determining the assumed contribution in [paragraph 5.16](#) below.
- 5.12 Where the student's **parents** are no longer ordinarily living with each other the BSA will take into account for the purposes of [paragraph 5.11](#) above the income of the **parent** the BSA considers to be the more appropriate in the circumstances.
- 5.13 Where the student's **parents** are assumed to make a contribution, the amount is determined under the rules in [paragraphs 5.16 and 5.17](#) below, and this amount is deducted from the student's **maintenance award** irrespective of the actual contribution, if any, made by the **parents**.

Contribution from a Spouse, Civil Partner or Partner

- 5.14 A contribution towards the student's maintenance is assumed to be made by a student's spouse, civil partner or **partner**, provided they are not separated, and the spouse, civil partner or **partner** has an **income before tax**, after any deductions allowed in [table 12](#) below, in excess of the threshold set out in [table 13](#) below. Where it is in excess of the threshold, the excess is the spouse's, civil partner's or **partner's residual income** for the purpose of determining the assumed contribution in [paragraph 5.16](#) below.
- 5.15 Where the student's spouse, civil partner or **partner** is assumed to make a contribution, the amount is determined under the rules in [paragraphs 5.16 and 5.17](#) below, and this amount is deducted from the student's **maintenance award** irrespective of the actual contribution, if any, made by the spouse, civil partner or **partner**.

Amount of Any Contribution

- 5.16 The amount of the contribution assumed to be made by the student's **parents**, spouse, civil partner or **partner** is the amount in relation to their **residual income** that is set out in [table 13](#) below, less any deduction allowed for other children set out in [table 13](#), and subject to the minimum contribution also set out in [table 13](#) below.

5.17 For the purposes of paragraphs 5.11 to 5.15 above, the **income before tax** of a **parent**, spouse, civil partner or **partner** will be assessed for the last **UK** tax year ending before the **academic year** for which the **maintenance award** is being determined unless:

- (a) the BSA are satisfied that the income of a **parent** or spouse or civil partner or **partner** is wholly or mainly derived from the profits of a business or profession carried out by that person, in which case his or her income from that business will be assessed by reference to the latest available annual accounts of that profession or business, or
- (b) the BSA are satisfied that, for reasons outside the control of a **parent** or spouse or civil partner or **partner**, their **income before tax** in the **academic year** for which their contribution is being assessed is likely to be no more than 85% of their income in the last **UK** tax year ending before that **academic year**, in which case the assessment will be made by taking as the residual income the average of the residual income for each of the tax years in which that **academic year** falls.

(c) Any payments made to the parent of the student under an order of a competent court for the benefit of a child who is not the parent's child, but for whom he or she has custody or care or for whom he or she provides accommodation.	The whole amount

Definition of an Independent Student

5.18 A student is regarded as an **independent student** if the student can demonstrate that he or she:

- (a) has supported him or herself out of his or her own earnings before the first **academic year** of the course for periods aggregating at least 3 years; or
- (b) would meet the condition in paragraph 5.18(a) above if any period or periods were included for which the student was:
 - (i) participating in arrangements for training for the unemployed under any scheme operated, sponsored or funded by a **State Authority**;
 - (ii) in receipt of benefits payable by a **State Authority** in respect of a person who is unemployed but available for work;

- (iii) available for employment and had complied with any requirement imposed by a **State Authority** as a condition of receiving benefits or training described in paragraphs 5.18(b)(i) and 5.18(b)(ii) above;
 - (iv) in receipt of a **State Studentship** or similar award;
 - (v) in receipt of any pension, allowance or other benefit paid by reason of a disability to which the student is subject, or by reason of maternity, injury or sickness, paid by any person;
- (c) is or has been married or in a civil partnership at the start of an **academic year**; or
 - (d) has no **parent** living; or
 - (e) is **irreconcilably estranged** from his or her **parents**; or
 - (f) has satisfied the BSA that his or her **parents** cannot be found or that it is not reasonably practicable to get in touch with them; or
 - (g) is a **care-leaver**; or
 - (h) is a member of a religious order who lives in a house of his or her order; or
 - (i) is a student whose **parents** are residing outside the **EU** in circumstances where the assessment of a parental contribution would put them in jeopardy or that it would not be reasonably practicable for them to send any such contribution to the **UK**; or
 - (j) is attending a course which started before 1 September 2007 and is over the age of 25 before the **academic year** concerned; or
 - (k) is responsible for the care of a person under the age of 18 who was **dependent** on the student such that the student could not reasonably have been expected to support themselves out of their earnings.

Section 6 Disabled Students Allowance

6.1 Where a disabled student qualifies for a **full bursary**, an allowance for the following costs will be added to his or her **maintenance award**, up to the limit set out in [table 14](#) below, subject to the conditions in [paragraphs 6.2 to 6.4](#) below, provided the BSA are satisfied in each case that it is reasonable in the light of that student's assessed needs for the student to have incurred that additional expenditure to participate in the course. These costs are:

- (a) The cost of employing a non-medical personal helper;
- (b) Major items of specialist equipment;
- (c) Additional expenditure for travel in the **UK**, reasonably incurred by reason of the student's disability, to attend or participate in the course or a practice placement arranged as part of the course;
- (d) Any other costs, which exceed the limits applicable to the items at [sub-paragraphs \(a\) to \(c\)](#) above, which the student is obliged to incur to attend or participate in the course and which do not arise irrespective of attendance at the course, including:
 - (i) the assessment by a qualified person or body of a disabled student's course-related needs;
 - (ii) any reasonable costs associated with the use and ownership of equipment needed to attend or participate in the course such as training, insurance, warranty, repair or modification.

6.2 A student will be eligible for the Disabled Students Allowance if it appears to the BSA that the student is likely to satisfy the definition of a disabled person contained in the Equality Act 2010. In order to assist the BSA in forming a reasonable view of the student's needs, the student must provide an assessment of his or her needs made by an assessment centre approved by the Disabled Students Allowance Quality Assessment Group (**DSA-QAG**).

6.3 A disabled students allowance is personal to the student and may not be used to contribute to the infrastructure, administrative or pastoral costs of the higher education institution concerned, or to other services which it might reasonably be expected to provide. The allowance may not be paid to any third party without the written consent of the BSA and the student.

6.4 Any equipment purchased becomes and remains the property of the student.

Table 14: Rates of Disabled Students Allowance

Type of Cost	Maximum Amount
(a) Helper	£20,520 for each academic year
(b) Equipment	£5,162 for the whole course
(c) Travel	Actual cost for each academic year
(d) Other costs	£1,724 for each academic year

Section 7 Practice Placement Expenses

- 7.1 Students who qualify for a **full bursary** are entitled to have some of the additional costs arising from attendance at a practice placement added to their **maintenance award**, provided a valid claim is made within 6 months of the cost being incurred. These costs are specified in [paragraphs 7.2](#) and [7.3](#) below, and calculated on the basis of the rules in [paragraph 7.7](#) below, subject to the limits set out in [table 15](#) below.
- 7.2 The costs that are added to the **maintenance award** are those costs of a type described in [paragraph 7.3](#) below, which are not already covered by the disability allowance in [section 6](#), and are necessarily and reasonably incurred in attending either:
- (a) a part of the course which constitutes supervised clinical practice at premises other than those of the higher education institution providing the course; or
 - (b) an institution overseas, where attendance overseas is a necessary part of the course.
- 7.3 The types of cost that can be added are:
- (a) the cost of daily travel to and from the practice placement site where it is reasonably practicable for the student to travel there from his or her **normal accommodation** on a daily basis, provided the cost of that travel is greater than the cost of daily travel from the student's **normal accommodation** to the higher education institution providing the course;
 - (b) the cost of **temporary accommodation** near the clinical practice site where it is not practicable for the student to travel there from his or her **normal accommodation** on a daily basis, provided that the **temporary accommodation** is not the **parental home**;
 - (c) the cost of one weekly return journey between the student's **normal accommodation** and any **temporary accommodation**, providing the **temporary accommodation** is not the **parental home**;

- (d) the cost of daily travel from the **temporary accommodation** to the practice placement site, provided the cost of that travel is greater than the cost of daily travel from the student's **normal accommodation** to the higher education institution providing the course;
- (e) where the student is attending a part of the course overseas, the additional travelling costs necessarily incurred within or outside the **UK** to attend the course, and any essential associated costs such as accommodation, medical insurance, tests and any fees for visas;

7.4 Other costs arising in connection with practice placements such as the costs of refreshments, tips and phone calls will not be reimbursed.

Means of Travel

7.5 Students are expected to travel by public transport where it is reasonably practical to do so. But the costs of using a private motor vehicle may be taken into account in a claim for re-imburement if:

- (a) The Higher Education Institution concerned agrees in advance that it is not reasonably practicable for the student to use public transport; and
- (b) The Higher Education Institution is satisfied in advance that the student has adequate insurance cover for all risks associated with this use of the motor vehicle.

7.6 Students travelling by private motor vehicle should understand that they do so at their own risk. The exceptional provision in these rules for re-imburement of the costs of travel by private motor vehicle do not constitute any acceptance of liability by the Higher Education Institution, the NHS Business Services Authority or any other NHS body for the risks arising from the use of the private motor vehicle concerned.

- 7.7 For the purposes of these rules the cost of travel is calculated on the following basis subject to the limits set out in [table 15](#):
- (a) For travel the costs are either:
 - (i) the cost of travel by the most direct route by public transport using the most favourable rates, concessionary schemes or facilities available to the student; or
 - (ii) where the student travels in his or her own car, the distance travelled by the most direct route at the mileage rate set out in [table 15](#), and the actual cost of any parking, tolls or ferries necessarily incurred on that journey.
 - (b) For **temporary accommodation** the costs are either:
 - (i) the actual cost of the **temporary accommodation**, or
 - (ii) the cost of retaining the student's term-time accommodation if that is greater;
 - (c) For all other costs, the actual cost.

Application for Reimbursement

- 7.8 Students must submit claims for practice placement expenses, including the appropriate receipts, to their higher education institution. All claims must be checked by the higher education institution before they are sent to the NHS Student Bursaries Unit.

Time Limit

- 7.9 No reimbursement will be made in respect of claims presented more than six months after the relevant costs were incurred.

Table 15: Limits on Reimbursable Practice placement expenses

Cost	Limit
(a) Public transport	Actual cost
(b) Travel in or on the student's own vehicle: Pedal Cycle Motor vehicle up to 125cc Other motor vehicle Additional reimbursement per passenger who is also eligible for a full bursary and travelling to a practice placement Parking, Tolls and Ferries	6.2p per mile 16.2p per mile 23p per mile 2.0p per mile Actual cost
(c) Temporary Accommodation	Cost of normal accommodation for the same period, plus 10%

Section 8 Other Allowances

8.1 Students who qualify for a **full bursary** may also qualify for additional allowances. These allowances are:

- (a) A dependants allowance (paragraphs 8.2 to 8.6 below).
- (b) An allowance for single students with dependants (paragraph 8.7 below).
- (c) A parent learning allowance (paragraphs 8.8 below).
- (d) An older students allowance (paragraph 8.9 below).
- (e) A childcare allowance (paragraphs 8.10 to 8.12 below).

Dependants Allowance

8.2 Where a student qualifies for a **full bursary** a dependants allowance will be added to the student's **maintenance award** in respect of those persons **ordinarily resident** in the **UK** who are wholly or mainly **dependent** on the student, and who are not:

- (a) in receipt of an NHS Bursary or other **publicly funded student support**, or
- (b) a spouse, civil partner or **partner** with whom the student no longer ordinarily lives (whether or not there is a formal separation).

8.3 Subject to paragraph 8.6 below, the amount of dependants allowance to be added to the student's **maintenance award** for in each academic year will be any positive result determined by the following formula:

$$\text{TDA-TDNI}$$

Where TDA is the total of all the dependants allowances for the student's dependants as set out in table 16 below for **traditional diploma students** or table 17 below for **mainstream students**, and TDNI is the total of his or her dependants' net incomes after income disregards as calculated in paragraph 8.4 below.

8.4 The total of the dependants' net incomes after income disregards for the purposes of determining how much dependants allowance is payable under [paragraph 8.3](#) above is:

- (a) The total **income after tax** of all the dependants in the **academic year** concerned, after disregarding any pensions allowances or other benefits paid to them by reason of their disability and not subject to tax under the Income Tax Acts;
- (b) Less so much of the total amount of income disregarded when the income disregards specified for each dependant in [table 16](#) for the dependants of **traditional diploma students** or [table 17](#) for the dependants of **mainstream students** are added together, as does not exceed the total **income after tax** calculated under [sub-paragraph 8.4\(a\)](#) above.

8.5 For the avoidance of doubt, any of the following paid to the student in relation to the dependant, are not regarded as part of the dependant's income for the purposes of the calculation in paragraph 8.4:

- (a) any child benefit paid under Part IX of the Social Security Benefits Act 1992; and
- (b) any payments made to the student under an order of a competent court for the maintenance of a child for whom he or she has custody; and
- (c) any payment made by an adoption agency under regulations under section 4 of the Adoption and Children Act; and
- (d) any payment of a guardian's allowance under Section 77 of the Social Security Contributions and Benefits Act 1992; and
- (e) any payment made under section 23 of the Children Act 1989 in respect of a child in the care of a local authority who is boarded out with the student; and
- (f) any payment made under an order made under Section 34 of the Children Act 1975 in respect of a child who is not a child of the student or the student's spouse, civil partner or **partner**; and
- (g) any payment made under Section 15 and Schedule 1 to the Children Act 1989 in respect of a child who is not a child of the, student or the student's spouse, civil partner or **partner**; and

- (h) any assistance given by a local authority under Section 24 of the Children Act 1989 in respect of a child who is not a child of the student or the student's spouse, civil partner or **partner**.

8.6 If a dependant is also the dependant of the student's spouse or civil partner, and the spouse or civil partner is receiving **publicly funded student support** which takes account of the requirements of the dependant, then the amount added to the dependants allowance in respect of that dependant is half the amount determined under [paragraph 8.3](#) above.

8.7 A student who is on a course which started before 1 September 2007 and does not ordinarily live with a spouse or civil partner or **partner**, and who is entitled to receive a dependants allowance under paragraphs 8.2 to 8.5 above, will receive the more favourable of the following adjustments:

- (a) the amount of the student's own income which is disregarded for the purposes of the maintenance award is increased as specified in entry (a) of table 18; or

8.10 Where a student qualifies for a **full bursary** and has **parental responsibility** for a child who is under 15 years of age on the first day of the **academic year**, or under 17 years of age if the child is registered with special educational needs, a childcare allowance in relation to childcare of a type set out in [paragraph 8.11](#) below will be added to the student's **maintenance award** in respect of childcare costs up to the maximum amount and at the rate set out in [table 21](#) below, subject to the exclusions set out in [paragraph 8.12](#) below.

8.11 The types of childcare for which a childcare allowance is payable are:

8.12 No childcare allowance will be payable where the student, spouse, civil partner or **partner** is in receipt of the childcare element of Working Tax Credit, and no childcare allowance will be payable in respect of:

- (a) normal education provided by local authority, religious or private schools;
- (b) free early-years education provided by the local authority;
- (c) childcare where the registered provider is the student's spouse, civil partner or **partner**;
- (d) childcare provided by a **close relative** of the child in the child's own home;
- (e) childcare provided by a **close relative** of the child away from the child's own home where the care is solely for the student's children, or the student's children and the **close relative**'s children.

Table21: Rates of Childcare Allowance and Maximum Amounts

Number of Children	Maximum Amount Eligible	Rate	Maximum Amount Payable
(a) For one child of the student	£149 per week	85% of gross actual cost	£126.65
(b) For two or more children of the student	£221 per week	85% of gross actual cost	£187.85

Section 9 Changes in Circumstances

9.1 This section of the rules applies to the following changes in a student's circumstances after an NHS bursary has been awarded for a particular **academic year**:

- (a) withdrawal from training;
- (b) inability to complete the course;
- (c) moving away from or back to home;
- (d) transferring to another course;
- (e) illness, injury or disability;
- (f) maternity;
- (g) paternity/maternity support;
- (h) adoption;
- (i) an extension to a course;
- (j) marriage, civil partnership or living with a **partner**;
- (k) loss of a spouse, civil partner or **partner**;
- (l) loss of a **parent**;
- (m) separation of **parents**;
- (n) loss of an adult dependant;
- (o) loss of a child;
- (p) a change in eligibility for an NHS bursary;
- (q) a material change in the income of the student, student's **parent**, spouse, civil partner or **partner**;
- (r) cases of hardship on medical and dental courses.

- 9.2 In any other case where a student's circumstances change in a way which may affect their eligibility for an NHS Bursary, or the payments they are entitled to under an NHS bursary, or the student's ability to meet the conditions attaching to an NHS bursary, the student should seek advice from the BSA as soon as possible.

Withdrawal from Training

- 9.3 Where a student withdraws from a course, the student must notify the BSA as soon as possible and no later than one month after the event.
- 9.4 Where the BSA becomes aware that a student has withdrawn from a course, the NHS Bursary award will be terminated with effect from the date on which they withdraw.

Inability to complete the course

- 9.5 Where a student ceases to be able to complete the course and qualify in the relevant profession, the student and the higher education institution should notify the BSA as soon as possible, and no later than one month after the situation becomes clear.
- 9.6 Where the BSA becomes aware that a student will not be able to complete the course and qualify in the relevant profession, the NHS Bursary award will be terminated from a date which the BSA consider appropriate in the circumstances.

Moving Away From or Back to Home

- 9.7 Where a student changes his or her **normal accommodation** away from or to their **parental home** during an **academic year**, the student must notify the BSA.
- 9.8 In these cases the amount of the basic allowance set out in [table 7](#) for **traditional diploma students** or [table 8](#) for **mainstream students**, and the amount of any extra weeks allowance set out in [table 9](#), will be the aggregate of the basic allowance for the different locations for the parts of the year to which they apply. In calculating the amount due the BSA may treat part of the allowance as being in respect of holidays.

Transferring to Another Course

- 9.9 If the higher education institutions concerned agree that a student who is in receipt of an NHS Bursary should transfer to another course, then provided the new course is also eligible for an NHS Bursary under [section 3](#), the student's NHS Bursary award may be transferred to the new course.

9.10 If a transfer is agreed within the first **academic year** of the course the student is transferring from, then the NHS Bursary award will be extended for up to 12 months to allow the student to continue to receive an NHS Bursary for the whole period ordinarily required to complete the new course.

Illness, Injury or disability

9.11 A student will continue to receive their NHS Bursary during periods of authorised absence due to illness or injury of up to 60 days in an **academic year**, including any holidays which intervene between continuous periods of absence due to illness or injury at the end of one term and the beginning of the next.

9.12 If a student's illness or injury requires more than 60 days leave to be taken in an **academic year**, the student must inform the BSA as soon as possible and no later than one month after it is known that more than 60 days leave will be required. An NHS bursary award will be suspended from the 61st day of absence until the student returns to the course, and may be withdrawn if, after consulting the higher education institution concerned, the BSA consider that that the student is unlikely to be able to complete the course.

9.13 Where a student becomes disabled during the course they should notify the BSA as soon as possible, to establish whether a disabled students allowance is payable. If an assessment by a person approved by **DSA-QAG** has not already been arranged, such an assessment will be needed to enable the BSA to determine the additional needs of the student.

Maternity

9.14 A student who is eligible for a **full bursary** is entitled to a **maternity award** of up to 12 months **maintenance award** in respect of maternity leave authorised by the higher education institution providing the course.

9.15 A **maternity award** includes all elements of the **maintenance award** except those relating to actual attendance at the course. These elements are:

- (a) practice placement expenses, and
- (b) childcare allowance, and
- (c) those elements of the disabled students allowance which relate solely to attendance at the course.

- 9.16 A student must apply for a **maternity award** in the form required by the BSA, including confirmation by the higher education institution of the period for which maternity leave has been granted.
- 9.17 The student should inform the BSA when she returns from maternity leave in order to ensure her **maintenance award** continues after the end of her maternity leave, and that any additional allowances in relation to her child can be added to her **maintenance award**.
- 9.18 Only one **maternity award** will be made in relation to a single pregnancy, irrespective of how many children are born. The **maternity award** remains payable irrespective of whether the child or children concerned are still-born or die after birth.

Maternity Support

- 9.19 Subject to the conditions in [paragraphs 9.20 to 9.22](#) below, a **maintenance award** will continue to be paid to a student for up to 4 weeks authorised leave granted to enable the student to provide support to a mother and child during and after childbirth. This is known as a maternity support award.
- 9.20 A student applying for a maternity support award will need to sign a declaration stating that he or she:
- (a) is taking leave to care for the newborn child and mother, and
 - (b) has, or expects to have, responsibility for the upbringing of the child, and
 - (c) is the spouse, civil partner or **partner** of the child's mother or the biological or adoptive father or nominated carer of the child.
- 9.21 A maternity support award applies to leave taken during and after the birth of the child, but not to leave taken before the birth of a child to support the mother during pregnancy. The leave may be taken at any time within the first year after the birth of the child, either as one 4 week period or in several shorter periods which add up to 4 weeks. The maternity support award remains payable irrespective of whether the child or children concerned are still-born or die after birth.
- 9.22 Only one maternity support award will be made in relation to a single pregnancy, irrespective of how many children are born.

Adoption

- 9.23 When a student who is eligible for a **full bursary** expects to become the primary carer for a child under 18 which they have adopted, they are entitled to an adoption award of up to 12 months **maintenance award** in respect of adoption leave authorised by the higher education institution providing the course.
- 9.24 The adoption award runs from the date of placement of the child and includes all elements of the **maintenance award** except the following:
- (a) practice placement expenses, and
 - (b) childcare allowance, and
 - (c) those elements of the disabled students allowance which relate solely to attendance at the course.
- 9.25 A student must apply for an adoption award in the form required by the BSA, including confirmation by the higher education institution of the period for which adoption leave has been granted.
- 9.26 Only one adoption award will be made in relation to a single adoption event, irrespective of how many children are adopted.

Extending the time normally required to complete the course

- 9.27 If a student cannot complete the course in the time normally required because of maternity, maternity support or adoption leave, the NHS Bursary will be extended for up to 12 months to allow the student to complete the course.
- 9.28 Where the higher education institution, with the prior approval of the **commissioner**, requires the student to repeat part of the course, the bursary may be extended for 12 months to allow the student to complete the course, provided the year being repeated was itself eligible for a bursary. But if the amount of maintenance award payable exceeds the amount the BSA consider necessary to allow the student to complete the course, the BSA, with approval from the **commissioner**, may reduce the amount payable to that lower level.

9.29 If a student cannot complete the course in the time normally required for any other reason, an NHS Bursary may be extended for up to 12 months to allow the student to complete the course. But in these circumstances an extension will only be granted if the BSA, after consulting the higher education institution and the course **commissioner**, conclude that there is a reasonable prospect of the student qualifying and, where the course has been commissioned by the NHS, that the **commissioner** is content to fund any additional cost of commissioning the additional tuition.

Marriage, Civil Partnership or Living with a Partner

9.30 When a student marries, enters a civil partnership or commences living with a **partner**, they should notify the BSA as soon as possible and no later than one month after the event to establish whether the marriage, civil partnership or **partnership** affects the amount of **maintenance award** to which they are entitled.

9.31 Where the spouse, civil partner or **partner** is required to make a contribution under these rules, the contribution in the **academic year** in which the marriage, civil partnership or **partnership** has started will be reduced in proportion to the part of the year in which the marriage, civil partnership or partnership existed.

Loss of a Spouse, Civil Partner, or Partner

9.32 When a student loses a spouse, civil partner or **partner** through death, divorce, or separation, they should notify the BSA as soon as possible and no later than one month after the event to establish whether the death, divorce or separation affects the amount of **maintenance award** to which they are entitled.

9.33 Where the spouse, civil partner or **partner** was required to make a contribution under these rules, the contribution in the **academic year** in which the loss occurs will be reduced in proportion to the part of the year which falls after the death, divorce, or separation.

Loss of a Parent

9.34 When a student loses a **parent** through death, they should notify the BSA as soon as possible and no later than one month after the event to establish whether the death affects the amount of **maintenance award** to which they are entitled.

9.35 Where a **parent** dies after the parental contribution was assessed but before the **academic year** begins, any parental contribution in the

academic year will be assessed solely in relation to any surviving **parent**.

- 9.36 Where a **parent** dies during the **academic year**, the parental contribution will be determined by reference to the income of both **parents** for the part of the **academic year** before the death occurred, and by reference to the income of the surviving **parent** in relation to the part of the **academic year** after the death occurred, subject to a maximum of the same proportion of the student's maintenance requirement.

Separation of Parents

- 9.37 When a student's **parents** separate, he or she should notify the BSA as soon as possible and in any event within one month to establish whether the separation affects the amount of **maintenance award** to which they are entitled.
- 9.38 Where a student's **parents** separate after the parental contribution was assessed but before the **academic year** begins, any parental contribution in the **academic year** will be re-assessed by reference to the income of the **parent** the BSA considers to be the more appropriate in the circumstances.
- 9.39 Where a student's **parents** separate after the **academic year** has begun, the parental contribution will be determined on the basis of the income of both **parents** for the part of the **academic year** before the separation. And by reference to the income of the **parent** the BSA considers to be the more appropriate in the circumstances. But in no case will the single parent be assumed to make a contribution which is higher as a proportion of the maximum **maintenance award** which the student would receive in the absence of a parental contribution than was the case before the separation.

Changes in the Dependency of Adults or Children

- 9.40 When an adult or child either becomes **dependent** on the student or ceases to be **dependent** on the student, the student should notify the BSA as soon as possible and no later than one month after the event to establish whether the change in dependants affects the amount of **maintenance award** to which they are entitled.

Changes in Eligibility for a Bursary Part-Way through a Year

9.41 If a student's eligibility for an NHS Bursary changes during the course of an **academic year**, then they should contact the BSA as soon as possible and no later than one month after the event. The rules on personal eligibility are set out in [section 2](#). But examples of events that may change a student's eligibility include:

- (a) The State of which the student is a national accedes to the **EU**;
- (b) The student starts or ceases to work in the UK in one of the categories of workers, employed persons and self employed persons in [Table 1 entries \(i\) to \(l\)](#), or is a **family member** of such a person.
- (c) The person becomes a **family member** of an **EU** national;
- (d) The person becomes the **child of a Swiss national**;
- (e) The person becomes the **child of a Turkish worker**;
- (f) The person acquires the **right of permanent residence in the UK**
- (g) The student, or the student's spouse, civil partner or parent is recognised as a **refugee**, or whose refugee status is cancelled, ceases or is withdrawn;
- (h) The student, or the student's spouse, civil partner or parent is granted humanitarian protection, or their humanitarian protection is revoked or is not renewed;
- (i) The student, or the student's spouse civil partner or parent is granted discretionary **leave to remain** in the UK, or their discretionary **leave to remain** is revoked or not renewed.

9.42 Where the BSA conclude that the person has become eligible, and a bursary is awarded following a successful application, any **maintenance award** will be paid for that part of the **academic year** falling after the person became eligible, and the amount payable for the year as a whole will be reduced accordingly.

9.43 Where the BSA conclude that the person has ceased to be eligible for an NHS Bursary, and where the NHS Bursary includes a **maintenance award**, the **maintenance award** will cease from the point at which the person ceased to be eligible, and the amount payable for the year as a whole will be reduced accordingly.

A Material Change in the Student's Income, or the Income of the Student's Parent, Spouse, Civil Partner or Partner;

9.44 If there is a material change in a student's own income, or if there is a material change in the income of a **parent**, spouse, civil partner or **partner**, the student should notify the BSA as soon as possible and no later than one month after the event to establish whether the change in income affects the amount of **maintenance award** to which they are entitled.

Cases of Hardship on Medical and Dental Courses

9.45 Because of the length of medical and dental courses the Secretary of State has asked the BSA to make a hardship grant to students who meet the following conditions. To be eligible for a medical and dental hardship grant the student must be:

- (a) on a course leading to registration as a doctor or dentist, and
- (b) eligible for a **full bursary**, and
- (c) in genuine hardship, and
- (d) unable to manage any shortfall between income and expenditure by their own actions.

9.46 An application for a hardship grant must be made in such a form and with such supporting information as the BSA may require in order to assess the application, including details of the student's income and expenditure and whether the application is supported by the higher education institution providing the course.

9.47 Where the BSA agree that a student meets the conditions in [paragraph 9.45](#), a hardship grant of between £100 and £3000 may be made to assist the student.

9.48 In deciding the level of hardship grant to be made, the BSA will not make allowance for :

- (a) making good a default in a contribution by a **parent**, spouse, civil partner or **partner**;
- (b) meeting practice placement expenses originally assessed as able to be met from the student's own income;
- (c) meeting a temporary shortfall in income, such as where the student is awaiting payment of a **maintenance award** or reimbursement of practice placement expenses or requires a loan.

9.49 A hardship grant will only be paid where the student signs an undertaking to repay any sums which are overpaid, or paid in circumstances where it later becomes clear that the student was ineligible for the grant.

Section 10 Conditions Applying to an NHS Bursary Award

10.1 An NHS Bursary is awarded and is payable subject to all of the following conditions. These are that:

- (a) The student continues to attend the course for which the bursary has been awarded, unless granted authorised leave of absence under [paragraphs 9.11, 9.14, 9.19 or 9.23](#), or a transfer to another course is approved under [paragraph 9.9](#) above.
- (b) The student is not expelled from the course or refused permission to complete the course.
- (c) The student completes the course within the **period ordinarily required for completion of the course** unless a repeat year or other extension is approved under [paragraphs 9.27 to 9.29](#).
- (d) The student supplies the BSA with such information it considers necessary to determine eligibility for a **Fees only bursary** or **Full bursary** and any payment pursuant to it within 1 month of the request being made.
- (e) The student informs the BSA as soon as possible and in any event no later than one month after:
 - (i) he or she abandons or withdraws from the course; or
 - (ii) he or she is expelled from the course; or
 - (iii) he or she ceases to attend the course and does not intend or is not permitted to return; or
 - (iv) he or she transfers to another course, whether or not the new course is an eligible course and whether or not it is at the same institution; or
 - (v) he or she interrupts training temporarily for reasons of pregnancy, childbirth, maternity support or adoption; or
 - (vi) he or she is absent from the course for more than 60 days because of illness or injury; or
 - (vii) he or she is absent from the course without the prior agreement of the higher education institution for any period for any other reason; or

- (viii) there is any change in the date for starting or completing the course; or
 - (ix) it becomes clear that the student cannot complete the course and qualify in the relevant healthcare profession; or
 - (x) there is any change in his or her contact details; or
 - (xi) there is any change in the bank or building society account into which NHS Bursary payments are to be made.
- (f) The student has not knowingly or recklessly supplied the BSA with information which is false in a material particular.
 - (g) The student promptly repays any overpayment of an NHS Bursary when requested to do so by the BSA.
 - (h) The student has not fraudulently obtained or fraudulently attempted to obtain an NHS bursary or a payment under an NHS Bursary.
 - (i) The student has not in any other way shown by their conduct that it would be inappropriate to grant them an NHS Bursary award.

10.2 The BSA may suspend, reduce or terminate an NHS Bursary award if, after consulting the **academic authority** and the **commissioner** of the course as appropriate, it appears to them that the student is in breach of the conditions in [paragraph 10.1](#). The BSA may also suspend payment if requested to do so by NHS Protect pending enquiries concerning possible fraud in relation to the payment of an NHS Bursary.

10.3 The BSA may also disqualify a student from future eligibility for a bursary if, after consulting the **academic authority** and the **commissioner** of the course as appropriate, they conclude that any breach of the conditions set out in [paragraph 10.1](#) is such, or if any other misconduct by the student while receiving a bursary is such, as to show that it would be inappropriate to grant them an NHS Bursary Award.

10.4 Where the BSA suspends or reduces an NHS Bursary award because of the student's unauthorised absence, or the student's suspension by the higher education institution, the suspension or reduction of the bursary may only be in relation to the period, including any holidays, between the start of the unauthorised absence or suspension and the student's return to the course.

10.5 Where an award is terminated, the BSA will decide the date of termination, and this date may be different to the date on which the student abandoned, withdrew or was expelled from the course.

Section 11 Exceptions

11.1 The following table sets out a number of exceptions which the Secretary of State has authorised the BSA to make to the normal rules. For a student in the circumstances described in the first column of [table 22](#) below, the exception listed in the second column will apply.

Table 22 Exceptions to Rules

Rule	Circumstance	Exception
Paragraph 2.1(a)	Where a student who is enrolled as a second-level nurse (formerly known as State Enrolled Nurses), and is on a course leading to registration as a first-level nurse, and a conversion is not appropriate.	The rule that a student must not already be registered in the same field of healthcare is waived.
Paragraph 2.1(a)	Where a student has been registered in that profession in the past, but that registration has lapsed and the Nursing and Midwifery Council will not allow re-registration via a short “return to practice” course.	The rule that a student must not already be registered in the same field of healthcare is waived.
Table 1	Where an area which was not previously part of the EU or EEA becomes part of one or both of these areas.	The area concerned is considered to have always been a part of the EU or EEA for the purpose of satisfying the residence and nationality requirements in table 1.
Paragraph 5.17(a)	Where no recent accounts are available for the business or profession	The BSA will accept a self- assessment used for tax purposes or an equivalent assessment.

Table 22 Continues on the next page...

Table 22 continued....

Rule	Circumstance	Exception
Paragraph 8.2	Where a student is maintaining a dependant who is ordinarily resident outside the UK .	The BSA may add an allowance for that dependant at a rate which they consider reasonable in all the circumstances, provided the amount does not exceed the amount that would have been allowed had the dependant been ordinarily resident in the UK .
Paragraph 8.4(a)	Where a dependant who is paid a pension, allowance or other benefit by reason of their disability, and that payment is taxable under the tax legislation of an EU state other than the UK but would not be taxable if that legislation made equivalent provision to UK Tax legislation.	The dependant's pension, allowance or other benefit paid by reason of their disability is disregarded in the calculation of the dependant's income.
Paragraph 9.11	Where a disabled student is absent from the course due to illness or injury for more than 60 days.	The BSA will consider whether in the circumstances of the student's disability it would be reasonable to extend the 60 day limit.
Paragraph 9.14	Where a student on maternity leave is suffering from post-natal depression or another pregnancy related illness, or is coping with the serious illness or loss of a baby.	The BSA may extend the maximum 12 month period for a maternity award , subject to medical evidence.

Table 22 Continues on the next page...

Table 22 continued....

Rule	Circumstance	Exception
Paragraph 9.15	Where a student was in receipt of a childcare allowance before going on maternity leave, and has on-going contractual commitments to pay childcare costs.	The BSA may continue to pay a childcare allowance in respect of those costs while the commitment continues, provided they are satisfied that the commitment was reasonably incurred.
Paragraph 9.23	Where a student on adoption leave is coping with the serious illness or loss of the adopted child.	The BSA may extend the maximum 12 month period for an adoption award, subject to medical evidence.
Paragraph 12.5(a)	Where a student was born in the UK but his or her birth was not registered and no adoption certificate is available.	The student may provide alternative documentation after consulting the office of national statistics, but nothing in this exception requires the BSA to accept alternative documentation which they consider unsatisfactory.

Section 12 Applying for an NHS Bursary

- 12.1 A student must apply to NHS Student Bursaries for each **academic year** in which the course runs, as required by the BSA.
- 12.2 The application for a new NHS Bursary, or a re-application for another year's funding under an existing NHS Bursary, must be made in the form prescribed by the BSA and within any deadlines which are published by the BSA.
- 12.3 The applicant must give a written undertaking that the particulars given are correct to the best of his or her knowledge and belief, and that he or she will notify the BSA promptly of any change which might affect his or her eligibility for an NHS bursary or the payments which he or she receives under an NHS bursary.
- 12.4 The applicant, or if he or she is under the age of 18 a person with **parental responsibility** for them, must give a written undertaking that, where any payment under an NHS Bursary exceeds the amount payable under these rules for the **academic year** concerned, the person signing the undertaking will, if called on to do so, repay the excess amount.
- 12.5 The applicant must provide such evidence as the BSA may require to demonstrate his or her eligibility for a bursary, including either:
- (a) if the student was born in the **UK**, his or her birth certificate, or, if adopted, the adoption certificate; or
 - (b) if the student was born outside the **UK**, including in the **Islands**, his or her passport and a letter or other document (which could be the student's birth certificate) signed by a consular officer, a minister of religion, a medical or legal practitioner, an established civil servant, a teacher or a police officer, giving details of his or her place and country of birth and of his or her name at birth; or
 - (c) if the student believes they have **refugee** status, or **leave to enter or remain** in the **UK**, the official letter of recognition from the home office or one of its agencies and a letter or other document (which could be the student's birth certificate) signed by a consular officer, a minister of religion, a medical or legal practitioner, an established civil servant, a teacher or a police officer giving details of his or her place and country of birth and of his or her name at birth; or
 - (d) an "Assessment of Eligibility for Financial Support for Higher Education" for the **academic year** concerned, issued by Student Finance England in the **UK** provided the

BSA are satisfied that the evidence referred to in [paragraph 12.5\(a\) or \(b\) or \(c\)](#) has been produced in support of a previous application for **publicly funded student support**.

12.6 The normal procedure is as follows:

- (a) For students on courses leading to professional registration as a doctor or dentist, the higher education institution will notify the BSA of any students who will be starting a year of the course which is eligible for an NHS Bursary. The BSA will then contact the student with information on how to apply.
- (b) For students who have been offered places on other courses which are eligible for an NHS Bursary, the higher education institution will notify the BSA of any students who will be starting a course which is eligible for an NHS Bursary. The BSA will then contact the student with information on how to apply.
- (c) For students already in receipt of an NHS Bursary who are not in their final year, the BSA will contact the student with information on how to apply for a further year's funding.

12.7 A student who has an offer of a place on a course, or is expecting to attend another year of a course, which he or she believes to be eligible for an NHS Bursary, but has not been contacted by the BSA with application details before the course starts should contact the BSA.

Section 13 Complaints and Appeals

Complaints

- 13.1 If a student is concerned about the way in which an NHS Bursary application, bursary payment or any other matter in relation to an NHS Bursary is being dealt with, the student should first contact the NHS Bursary Helpline on 0845 358 6655. This is likely to be the fastest way to resolve any issues about a current payment or application.
- 13.2 If a student remains dissatisfied with the way in which an NHS Bursary application, bursary payment or any other matter in relation to an NHS Bursary has been dealt with, the student may make a formal complaint in writing at bursarycomplaint@nhspa.gov.uk
- 13.3 The Secretary of State for Health has asked the BSA to treat all complaints in a fair, objective and consistent manner; to take corrective and remedial action where possible; and to identify any areas for improvement in the operation of the **NHS Bursary Scheme**.
- 13.4 If a student believes a formal complaint has been inappropriately or unfairly dealt with by the BSA, the student may complain to the Department of Health in writing to:

Reviews

- 13.5 Where a student believes a decision made by the BSA in relation to an NHS Bursary is incorrect, they may ask for the decision to be reviewed. Such a review can include, but is not limited to, the following matters:
- (a) the outcome of a bursary application,
 - (b) a decision on the amount of bursary payable,

13.9 The request for an appeal should be made within 28 days of notification of the decision of the review.

13.10 Any application for an appeal to the Department of Health must be made only after the review process has been completed by the NHS BSA and be made in writing to:

Appendix III Guidance on Maternity, Adoption and Associated Awards

Students who Become Pregnant

1. If a student who has already been granted a place on a pre-registration course becomes pregnant before the course begins she should contact the university for advice as to whether it would be better to start her training as planned or to defer starting her course until a later date.
2. If a student becomes pregnant after she has started her course, she should let her tutor know as soon as possible and provide the university with information concerning the baby's estimated date of arrival. This is important because the university will need to make provision for the student's antenatal needs prior to her period of maternity leave and to assess the health and safety risks of her undertaking any scheduled placements during that time.

Arranging for Maternity Leave

3. It is for the student and the university to agree when her authorised absence for maternity leave should begin, taking into account her own health and the health of her baby, and the point in the course when it would be best to begin the break.
4. The student should provide the university with confirmation of the pregnancy before commencing maternity leave (usually the official form MAT B1 available from her GP or midwife after she has been pregnant for 20 weeks).

How to Apply for Maternity Awards and Additional Benefits

5. To apply for an award, students and their tutors will need to complete form BUR101W(MAT) for the university to submit to the NHS Student Bursaries. The form must be completed by both the university and the student and the student given a copy of the completed form. The form should give an estimated return date to ensure payment of the award during the period of leave, but the date may be re-negotiated between the student and the university at a later stage.
6. A student on maternity leave should also inform the NHS Student Bursaries of the birth of her child as she may be entitled to additional allowances as a result. Further information on these allowances and the relevant application forms can be found on the Student Bursaries website.

7. The student should also contact the university to confirm when she will be returning to her course. If she fails to do this, she will receive a letter from the university confirming the return date as originally given on form BUR101W(MAT) and the bursary administrators will stop making bursary payments on that day.

Students Returning to the Course after Giving Birth

8. Students on maternity leave are encouraged to take at least 12 weeks paid absence before returning to their training after giving birth, and must not return to the course for at least 2 weeks after giving birth.

Students Who Wish to Defer their Return to Training

9. Students on maternity leave who wish to extend the period of absence beyond that originally agreed with the university will need to request an extension and specify a reason for it. Any student wishing to do this must contact the university, and a member of staff (usually a tutor) will then meet with the student at the university (or, in the case of difficult circumstances, at the student's home) to fill out Appendix 2 of form BUR101W(MAT).

Additional Factors to Consider When Arranging Maternity Leave

10. Students should check whether it is a requirement of the course or relevant professional bodies that they complete their training within a set period of time so that they can take this information into account when arranging, or requesting to extend, a period of maternity leave with their university.
11. Students should not assume that the NHS Bursary rules concerning Maternity Awards will still be in force when planning for subsequent **academic years** as they may be subject to change in the future. Further information concerning any updates or changes to the current rules will be posted on the NHS Student Bursaries website.

Arranging for Maternity (Paternity) Support Leave

12. Students who are about to become biological fathers, adoptive fathers or nominated carers of a newborn or newly-adopted child, or whose spouse, civil partner or **partner** is scheduled to give birth to a child, should provide the university with some form of confirmation of the impending birth or arrival of the child such as a copy of form MAT B1, or, in the case of adoption, the relevant documents issued by the adoption agency.

13. It is for the student and the university to agree when his or her four weeks of authorised absence for maternity support leave should begin and end, and whether it will be taken as one period of absence or split severally. Students will need to arrange time-off for antenatal appointments separately with the university and this will not affect their ordinary bursary payments.
14. A **full bursary** student applying for a maternity support award will need to sign a declaration to be sent to his or her course tutor (see also item 9.17 of the NHS Bursary Rules) in order for to be able to receive a maternity support award and for the continuation of the **maintenance award** when they return to the course.
15. The university should also send NHS Bursaries the completed form BUR101W(MAT) when the student goes on leave.

Extending Bursary Payments After Taking Maternity Support Leave

16. The NHS expects that students receiving a maternity support award will need to extend maintenance payments of their NHS Bursary after their return to training for up to four weeks at the end of the **academic year**, depending on the length of time that they have been absent from the course. This extension payment will be paid in one sum regardless of whether the student's period of authorised leave has been taken in one go or split. However, students may not need an extension payment if they have caught up with their training by the end of the **academic year** or the end of the course.
17. Universities should send a completed NHS Bursaries form BUR102 if the student receives extended payments of his or her **maintenance award** as a result of taking maternity support leave.

Additional Factors to Consider When Arranging Maternity Support Leave

18. Students requiring maternity support leave should check whether it is a requirement of the course or relevant professional bodies that they complete their training within a set period of time so that they can take this information into account when arranging periods of leave with their university.
19. Students should not assume that these NHS Bursary rules concerning maternity support leave will still be in force when planning for subsequent **academic years** as they may be subject to change in the future. Further information concerning any updates or changes to the current rules will be posted on the NHS Student Bursaries Unit website.

Arranging for Adoption Support Leave

20. Students who have already been selected for a pre-registration course, but have not yet begun their training should also inform the university of their plans to adopt at the earliest opportunity in order to discuss with them whether it would be better for them to start the course as planned or to defer their studies until the adoption process is complete.
21. Students who have already started their training should inform tutors that they will be adopting children at the earliest opportunity. This is important as the university will need to arrange for such students to take time-off in order to attend official meetings as part of the usual proceedings for adoption.
22. Students should inform their tutors of the week that the child or children will be placed with them and when they would like to start and end their period of leave. They should also provide the university with confirmation of the impending adoption from the relevant adoption agency before beginning their leave period. This could take the form of official documents specifying:
 - a) the name and address of the agency;
 - b) the name and date of birth of the child/children;
 - c) the date on which the student received notice that he/she had been matched with the child/children;
 - d) the date on which the agency expects the child/children to be placed with the student;
 - e) any other relevant confirmation from the adoption agency.
23. The student and the university should discuss when the period of authorised absence for adoption support leave should begin. The final decision as to when the leave should be taken rests with the university.

How to Apply for an Adoption Support Award

24. To apply for an award, students and their tutors will need to complete form BUR101W(MAT) for the university to submit to NHS Student Bursaries. The form must be completed by both the university and the student and the student given a copy of the completed form.
25. The form should give an estimated return date to ensure payment of the award during the period of leave, but the date may be re-negotiated between the student and the university at a later stage.
26. Students on Adoption Support Leave should also inform the NHS Student Bursaries when their adopted children are placed in their care as they may be entitled to additional allowances as a result. Further information on these allowances and the relevant application forms can be found on the Student Bursaries website.
27. Students on adoption support leave are responsible for maintaining contact with the university while they are on adoption support leave and they should contact the university to confirm when they will be returning to their courses. If they fail to do this, they will receive a letter from the university confirming the return date as originally given on form BUR101R(MAT) and the bursary administrators will stop making bursary payments on that day.

Additional Factors to Consider

28. Students should check whether it is a requirement of the course or relevant professional bodies that they complete their training within a set period of time so that they can take this information into account when arranging, or requesting to extend, a period of adoption support leave with their university.
29. Students should not assume that these NHS Bursary rules concerning adoption support awards will still be in force when planning for subsequent **academic years** as they may be subject to change in the future. Further information concerning any updates or changes to the current rules will be posted on the NHS Student Bursaries Unit Website.
