

# First Release

17<sup>th</sup> August 2011  
IFD120510SSAUG11

Coverage: Great Britain (unless otherwise stated)

Theme: People and Places

## DWP QUARTERLY STATISTICAL SUMMARY

*This Statistical Summary aims to give users a structured overview of the benefit and employment programme National and Official Statistics published by the Department for Work and Pensions (DWP). Statistics are grouped by component area of DWP and, for each statistic; links are given for users to access more detailed information.*

*Key benefit statistics and employment programme statistics from 100% sources are available on an internet-based tabulation tool. A similar tabulation tool derived from 5% sample data is also available, however wherever possible 100% data should be used in preference to 5% estimates, as they are more accurate and form DWP's headline statistics. Statistics are also released via the NOMIS website and the Neighbourhood Statistics website.*

All regular series are full National Statistics;

EXCEPT:

The working age inactive benefit early estimates are official statistics;

The Flexible New Deal monthly statistics are official statistics.

[See: <http://www.statisticsauthority.gov.uk/national-statistician/types-of-official-statistics>]

The early estimates for working-age inactive benefit client groups are released monthly and are designed to give indicative, timely information; they are not a substitute for the National Statistics. They will be replaced by the quarterly National Statistics covering the same period when they are published. The National Statistics are the finalised figures.

The latest National Statistics on benefit claimants (and flows), employment programmes, labour market decisions and Jobcentre Plus vacancies produced by DWP were released on 17<sup>th</sup> August 2011 according to the arrangements approved by the UK Statistics Authority. Not all DWP National Statistics are covered by this release. Some statistics have their own first releases, but links to these are given throughout.

This summary also contains a 'Focus on...' section seeking user views on the frequency and format of this Summary and associated statistics together with a section responding to the request for user views regarding *Incapacity Benefits – Reassessing Claims*.

### Key Findings

- There were 5.8 million working age benefit claimants at February 2011. This is a decrease of 152 thousand in the year to February 2010.
- Employment and Support Allowance (ESA) was introduced on 27<sup>th</sup> October 2008. There were around 631 thousand people claiming Employment and Support Allowance at the end of February 2011.
- The number of working age claimants of ESA and incapacity benefits totals 2.58 million in February 2011. This figure is 36 thousand less than February 2010.
- The number of lone parents claiming Income Support (IS) decreased by 78 thousand to 614 thousand in the year to February 2011.

#### Next publication:

16<sup>th</sup> November 2011  
(See Notes section)

- At May 2011, the total number of people claiming Housing Benefit was 4.88 million, with 5.85 million claiming Council Tax Benefit.
- [OFFICIAL STATISTICS] 405 thousand people had started on the Flexible New Deal Programme up to May 2011, with 63 thousand gaining a short job outcome and 42 thousand gaining a sustained job outcome.
- At February 2011, there were 12.8 million people of state pension age claiming a DWP benefit, an increase of 73 thousand since February 2010. Of these, 67% were claiming State Pension (SP) only.
- At February 2011, there were 12.6 million claimants of State Pension (SP), a rise of 86 thousand on a year earlier. Of these, 38% were male and 62% female.
- At February 2011, there were 2.69 million claimants of Pension Credit (3.30 million including partners), a fall of 23 thousand on the previous quarter. Of these, 948 thousand claimed Guarantee Credit only, 1.16 million claimed Guarantee and Savings Credit, and 584 thousand were claiming Savings Credit only.
- At the end of June 2011, the total Child Support Agency (CSA) live and assessed caseload stood at 1.14 million cases, of which 68% were current scheme cases.
- At February 2011, there were 3.19 million recipients of Disability Living Allowance (DLA), 566 thousand recipients of Carer's Allowance (CA), and 1.61 million recipients of Attendance Allowance (AA).

**Statistics on benefit flows show:**

- There were 681 thousand new claims to Employment and Support Allowance and incapacity benefits, 26 thousand new claims to Bereavement Benefit/Widows Benefit (BB/WB), 336 thousand to Income Support (IS) and 550 thousand new claims to State Pension (SP) in the year to February 2011.
- There were 729 thousand benefit exits for Employment and Support Allowance and incapacity benefits, 35 thousand for Bereavement Benefit/Widows Benefit (BB/WB), 484 thousand for Income Support (IS) and 496 thousand benefit exits for State Pension (SP) in the year to February 2011.
- There were 253 thousand new claims to PC in the financial year 2009/2010.

**[OFFICIAL STATISTICS]: Early estimates show**

- At the end of June 2011, the working age Income Support lone parents (ISLP) early estimate was 595 thousand.
- At the end of June 2011, the Employment and Support Allowance and incapacity benefits (ESA/IB) early estimate was 2.565 million.

## Focus on...Request for user views on frequency and format of this Summary and associated data

### Introduction

The Department for Work and Pensions (DWP) produces a wealth of statistics on a regular basis in standard publications, as well as producing additional ad-hoc analyses in response to identified needs. We constantly aim to keep our statistics relevant and useful, and developments in methodologies, along with the increasing availability of data, has led to a broad range of statistics being developed over time and presented in various formats.

In the current climate, with increasingly limited resources, it is critically important that our statistical outputs reflect our users' priorities. We are therefore seeking users' views on the data we regularly release and in particular, its frequency and format. User feedback can help us understand your requirements and so we are asking you **INFORMALLY** for your views. Please note that we will not be making any significant changes to our existing statistical series as a result of this request. If it does lead us to consider any such changes, a formal consultation will be launched.

### Scope

Currently we produce a wide range of statistics in various formats. These include:

#### i) Tables of data

Most of our data is released on a quarterly basis via the DWP Tabulation Tool. This is an interactive tool which allows the user to tabulate National Statistics covering benefit caseloads and flows, with a wide range of breakdowns available. These tables are produced in HTML format;

<http://research.dwp.gov.uk/asd/index.php?page=tabtool>

Additional tables of data, not available via the Tabulation Tool, are also released in Microsoft Excel format. For example, Housing Benefit and Council Tax Benefit Caseloads and Small Area breakdowns of benefit caseloads;

<http://statistics.dwp.gov.uk/asd/index.php?page=hbctb>

<http://83.244.183.180/NESS/page1.htm>

#### ii) Static Graphics

The DWP Statistical Summary is produced monthly and accompanies the release of our statistics. It includes static charts, showing time series of data at a national level, to help visualise changes over time;

[http://statistics.dwp.gov.uk/asd/index.php?page=statistical\\_summaries](http://statistics.dwp.gov.uk/asd/index.php?page=statistical_summaries)

We also present data in other forms of static charts, for example our ad-hoc analysis of the Distribution of Benefit Caseloads by Parliamentary Constituency over 4 quarters;

[http://statistics.dwp.gov.uk/asd/asd1/adhoc\\_analysis/2011/charts\\_of\\_benefits\\_by\\_Parl\\_C.pdf](http://statistics.dwp.gov.uk/asd/asd1/adhoc_analysis/2011/charts_of_benefits_by_Parl_C.pdf)

Geographical mapping is another way in which we can present our data. Maps enable large amounts of information to be presented in a single graphic. They can be a powerful way in which to easily visualise large amounts of data. The Statistical Summary published in March 2011 included a section focussing on how maps can be used to present our data;

[http://statistics.dwp.gov.uk/asd/asd1/stats\\_summary/stats\\_summary\\_mar2011.pdf](http://statistics.dwp.gov.uk/asd/asd1/stats_summary/stats_summary_mar2011.pdf)

### iii) Interactive Graphics

We have also been working on other ways of helping users to visualise our data. In July 2011, DWP publicly released a version of Google Public Data Explorer using already published DWP Out-of-Work benefit statistics. Data is presented via four visualisation tools (line chart, bar chart, bubble chart and maps) and the charts are animated to show movement over time. Using such tools is an example of how our statistics can be explored and presented in a more appropriate way depending on users needs;

[http://research.dwp.gov.uk/asd/asd1/data\\_visualisation/index.php?page=out\\_of\\_work\\_benefits](http://research.dwp.gov.uk/asd/asd1/data_visualisation/index.php?page=out_of_work_benefits)

### iv) Machine Readable Formats

We are looking critically at how we can improve the amount and value of available information, including publishing it in line with Public Data Principles. All datasets will be published available for re-use and, where reasonably practicable, in a re-useable format.

We are asking you to let us know your views on the statistics we produce, their frequency and format. The following list is not exhaustive, but gives you an idea of the types of things we would like to hear from you about. Please include any views which you may have on the statistics we produce.

- Which outputs do you use? Which outputs are most important to you? For example;  
Tabulation Tool data: <http://research.dwp.gov.uk/asd/index.php?page=tabtool>  
Excel Tables: <http://statistics.dwp.gov.uk/asd/index.php?page=hbctb>  
Ad-hoc analyses: [http://statistics.dwp.gov.uk/asd/index.php?page=adhoc\\_analysis](http://statistics.dwp.gov.uk/asd/index.php?page=adhoc_analysis)
- Our standard statistical publications are released on a quarterly basis. Do you have any views on the frequency of these releases?  
[http://statistics.dwp.gov.uk/asd/index.php?page=statistical\\_summaries](http://statistics.dwp.gov.uk/asd/index.php?page=statistical_summaries)
- Are there different breakdowns of data you would like to see via our Tabulation Tool? If we were to amend the Tabulation Tool, what would you like it to be able to do?  
<http://research.dwp.gov.uk/asd/index.php?page=tabtool>
- Would you like to see more data displayed in ways other than tables? If so, what medium would you prefer? For example;  
Charts: [http://statistics.dwp.gov.uk/asd/asd1/adhoc\\_analysis/2011/all\\_charts\\_of\\_benefits\\_by\\_Parl\\_C.pdf](http://statistics.dwp.gov.uk/asd/asd1/adhoc_analysis/2011/all_charts_of_benefits_by_Parl_C.pdf)  
Maps: [http://statistics.dwp.gov.uk/asd/asd1/stats\\_summary/stats\\_summary\\_mar2011.pdf](http://statistics.dwp.gov.uk/asd/asd1/stats_summary/stats_summary_mar2011.pdf)  
Animated visualisation:  
[http://research.dwp.gov.uk/asd/asd1/data\\_visualisation/index.php?page=out\\_of\\_work\\_benefits](http://research.dwp.gov.uk/asd/asd1/data_visualisation/index.php?page=out_of_work_benefits)
- Do you have any views on which type of machine readable format would be most useful for you?

### Timescale

We are seeking feedback from all users of our statistics. If you would like to comment please email: [joanna.lone@dwp.gsi.gov.uk](mailto:joanna.lone@dwp.gsi.gov.uk)

Comments should be returned to the above email address no later than **Wednesday 9 November 2011**.

### Outcomes

Responses will be collated and analysed, and a summary of the comments will be made available on the News and Announcements section of our web-site in autumn 2011.

<http://statistics.dwp.gov.uk/asd/index.php?page=news> and within the Statistical Summary.

Please note that we will not be making any significant changes to our existing statistical series as a result of this request. If it does lead us to consider any such changes, a formal consultation will be launched.

## Focus on... Incapacity Benefits - Reassessing Claims response

Between October 2010 and Spring 2014 customers who receive Incapacity Benefit, Severe Disablement Allowance and Income Support paid on the grounds of illness or disability will be assessed for Employment and Support Allowance. The following benefits are being phased out:

- Incapacity Benefit
- Income Support paid because of an illness or disability
- Severe Disablement Allowance.

Customers who receive these benefits will be reviewed to see if they are eligible for Employment and Support Allowance.

- **People who are capable of work** will move onto Jobseeker's Allowance where they satisfy the conditions of entitlement for that benefit.
- **People who need more support while they prepare for work** will get that help on Employment and Support Allowance (ESA).
- **Those people who are most disabled or terminally ill** will not be expected to look for work and will get the extra support they need on ESA.

The change will not affect:

- people who are already being paid Employment and Support Allowance
- people who reach state pension age before 6 April 2014.

These changes will impact on many of our existing National Statistics on DWP benefits including Client Groups.

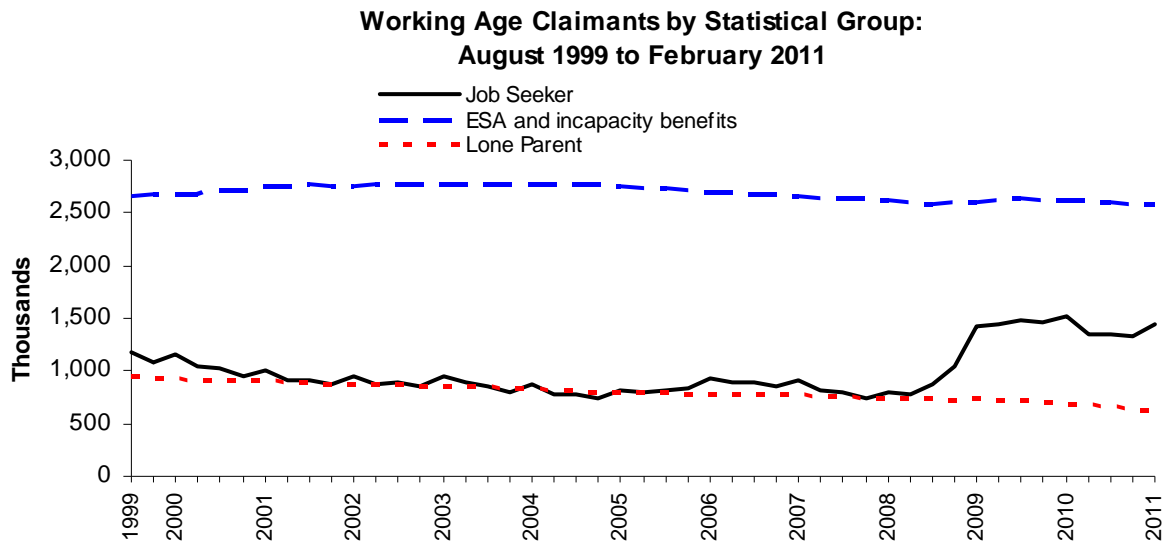

Last quarter, DWP issued a request for user views on how we will handle the National Statistics reporting of IB reassessment. The results of this exercise are at:

[http://statistics.dwp.gov.uk/asd/asd1/stats\\_summary/ib\\_reassess\\_response.pdf](http://statistics.dwp.gov.uk/asd/asd1/stats_summary/ib_reassess_response.pdf)

## 1. Working Age

### 1.1 National Statistics: Working Age client group

Combines data collected for Jobseeker's Allowance, Incapacity Benefit, Employment and Support Allowance, Severe Disablement Allowance, Disability Living Allowance, Carer's Allowance, Widow's Benefit, Bereavement Benefit and Income Support for working age claimants (including Pension Credit for males aged 60 to 64).

The age at which women reach State Pension age is gradually increasing from 60 to 65 between April 2010 and April 2020. The changes will introduce a small increase to the number of working age benefit recipients and a small reduction to the number of pension age recipients. There are also changes to the way we report benefit recipients as a proportion of the working population. More information can be found at: <http://statistics.dwp.gov.uk/asd/espa.pdf>.

Between August 1999 and February 2008, the number of jobseekers in GB fell from 1.18 million to 807 thousand. However, rose to almost 1.47 million at November 2009. Since then, numbers have fallen to 1.44 million in February 2011. The preferred source of JSA figures is the ONS claimant count measure (which is seasonally adjusted).

The lone parent caseload fell from 945 thousand to 614 thousand between August 1999 and February 2011.

The number of working age claimants of Employment and Support Allowance (ESA) and incapacity benefits totals 2.58 million in February 2011. This shows a year-on-year decrease of 36 thousand.

**Table 1.1 Working Age claimants by Statistical Group: August 1999 – February 2011**

**Notes:**

See page 9 for notes on Table 1.1

### **Notes relating to Table 1.1**

1. Claimants have been assigned to a statistical group according to a hierarchy. The order is shown in the table, i.e. 'Job Seekers' followed by 'Employment and Support Allowance and incapacity benefits'.
2. 'Job Seekers' are recipients of Jobseeker's Allowance.
3. 'From November 2008 the "incapacity benefits group" includes Employment and Support Allowance (ESA). ESA replaced Incapacity Benefit and Income Support paid on the grounds of incapacity for new claims from 27th October 2008. Prior to this the "incapacity benefits group" referred to claimants of Incapacity Benefit (including credits only) or Severe Disablement Allowance including people claiming IS on the grounds of Incapacity.
4. 'Lone Parents' are single recipients of Income Support with a child under 16.
5. 'Carers' are recipients of Carers Allowance.
6. 'Others on Income Related Benefit' are other recipients of Income Support (including Income Support Disability Premium) or Pension Credit.
7. 'Disabled' are recipients of Disability Living Allowance. Industrial Injuries benefits data is not available.
8. 'Bereaved' are recipients of Widow's Benefit or Bereavement Benefit.
9. Totals are not shown prior to May 2002 as complete data is not available for 'Disabled' and 'Bereaved' statistical groups.
10. HB/CTB data are not included in the client group hierarchy but are published separately (see page 14).

Latest statistical data available from: <http://83.244.183.180/100pc/tabtool.html>

## 1.2 National Statistics: Jobseeker's Allowance

Jobseeker's Allowance (JSA) was introduced on 7th October 1996 and has both contributory and income-related elements. It is paid to people under state pension age who are available for and actively seeking work.

**Jobseekers Allowance by Gender: August 1999 to February 2011**

The preferred source of JSA figures is the ONS claimant count measure (which is seasonally adjusted).

DWP produce a separate set of Jobseeker's Allowance figures to enable cross-benefit analysis and supply a wider range of breakdowns, and these are provided in this release.

The DWP figures at February 2011 show the total number of Jobseeker's Allowance claimants was 1.44 million. Female claimants represented 31% of the JSA caseload (451 thousand), while males represented 69% (988 thousand). The total caseload has decreased by 87 thousand since February 2010.

Latest statistical data available from: <http://83.244.183.180/100pc/tabtool.html>

### 1.3 National Statistics: Employment and Support Allowance and incapacity benefits

From 27th October 2008, Employment & Support Allowance (ESA) replaced Incapacity Benefit and Income Support paid on the grounds of incapacity for new claims. Incapacity benefits consist of Incapacity Benefit (introduced on 13th April 1995 and paid to people who are incapable of work and who have paid sufficient contributions throughout their working life) and Severe Disablement Allowance (SDA). This section includes a small number of claimants of State Pension age; therefore figures may differ to those in Table 1.1 which refers to working age claimants only.

At February 2011, there were 2.62 million claimants of Employment and Support Allowance and incapacity benefits (Incapacity Benefit or Severe Disablement Allowance), a decrease of 39 thousand on a year earlier. 56% of claimants were men and 44% women. The male caseload has decreased by 48 thousand and the female caseload has increased by 10 thousand in the year to February 2011.

There were 164 thousand new Employment and Support Allowance and incapacity benefits claimants in the February 2011 quarter, which represents 6% of the February 2011 caseload. Over the same period, 175 thousand claimants left the benefits, 7% of the caseload at February 2011.

In the year to February 2011, there were a total of 681 thousand new claims for Employment and Support Allowance and incapacity benefits and 729 thousand claims were closed.

**Table 1.2 Employment and Support Allowance and incapacity benefits claimants<sup>1</sup>: August 1999 – February 2011**

Aug-10	2,646.54	563.98	1,851.01	231.55
Nov-10	2,625.86	593.93	1,802.93	229.00
Feb-11	2,617.27	631.35	1,759.62	226.30

**Notes:**

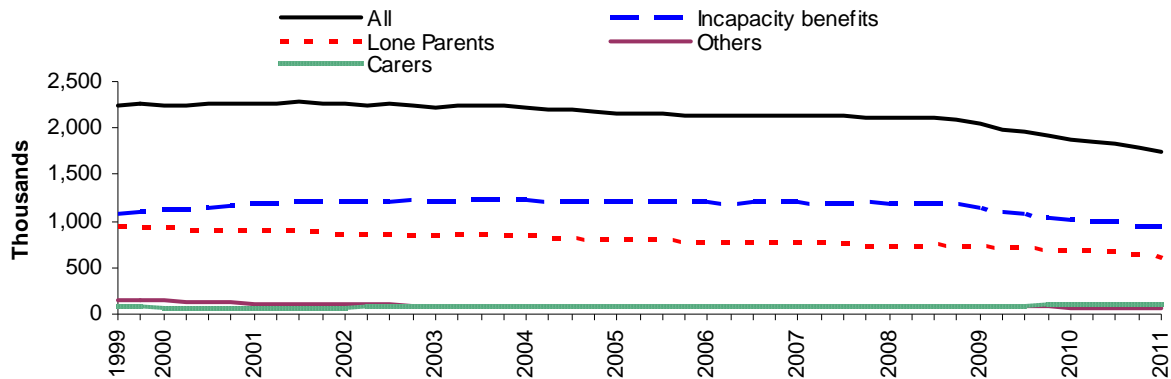

1. Claimants include those beneficiaries plus, those receiving National Insurance Credits and no monetary payment (many credits-only claimants of Incapacity Benefit or Severe Disablement Allowance will also receive Income Support).
2. This table replaces table 1.2 in the November 2010 Statistical Summary. This table no longer includes beneficiaries but still includes all claimants of Incapacity Benefit, Severe Disablement Allowance or Employment and Support Allowance. This provides a consistent time series. Numbers of Working Age claimants of 'ESA and incapacity benefits' are shown in the Working Age Client Group section of this release. Those figures differ from this table due to the inclusion of a small number of claimants over state pension age in table 1.2 and minor methodological differences.

## 1.4 National Statistics: Income Support

Income Support (IS) was introduced on 11th April 1988 and is an income-related benefit that can be claimed by adults under state pension age that work fewer than 16 hours a week and have insufficient income to meet their needs. Prior to the introduction of Pension Credit in October 2003, IS was available to people aged 60 and over. From 27th October 2008, Employment & Support Allowance (ESA) replaced Incapacity Benefit and Income Support paid on the grounds of incapacity for new claims. From 24th November 2008 Lone Parents (LPs) with a youngest child aged 12 or over were no longer able to make a new or repeat claim for Income Support (IS) solely on the basis of their parental status. Existing IS LPs with a youngest child aged 12 or over had their eligibility removed over a period of time commencing 2nd March 2009. From October 2009 this policy was extended to LPs with a youngest child aged 10 or 11 and from October 2010 the policy was extended to LPs with a youngest child aged 7 or over.

**Income Support by Statistical Group:  
August 1999 to February 2011**

Pension Credit (PC) replaced Minimum Income Guarantee (MIG) in Income Support on 6 October 2003. **MIG claimants have been excluded from this data prior to November 2003.**

At February 2011, the total number of Income Support (IS) claimants was 1.74 million. Claimants of incapacity benefits represented 54% of the IS caseload (941 thousand). Lone Parents (all single claimants with dependants under 16, excluding claimants of incapacity benefits) represented 35% of the IS caseload (614 thousand), while Carers and Others represented 11% of the caseload (184 thousand).

There were 73 thousand new claimants of Income Support in the February 2011 quarter, which represents 4% of the February 2011 caseload. Over the same period, 122 thousand claimants left the benefit, 7% of the caseload at end of February 2011. In the year to February 2011, there were a total of 336 thousand new claims for Income Support and 484 thousand claims were closed.

**Table 1.3 Income Support Lone Parents claimants<sup>1</sup>: February 2011**

	Thousands		
	Total	Female	Male
<b>All Ages</b>	613.78	595.41	18.37
Unknown Age	0.01	0.01	-
Under 18	4.92	4.91	0.01
18-24	172.71	171.15	1.57
25-34	259.21	252.90	6.31
35-44	143.46	136.68	6.78
45-54	31.28	28.03	3.25
55-64	2.21	1.74	0.45

1. Lone Parents are all single claimants with dependants aged under 16, but excluding claimants of incapacity benefits.

## 1.5 National Statistics: Housing Benefit / Council Tax Benefit

*Housing Benefit (HB) was introduced on 1st April 1983 and is an income-related benefit designed to help people on low incomes pay for rented accommodation whether in or out-of-work.*

**Housing Benefit Recipients: November 2008 to May 2011**

At May 2011 there were 4.88 million recipients of Housing Benefit, of whom almost three-quarters were aged under 65. The average weekly amount of Housing Benefit was £87.46.

68% of Housing Benefit recipients were tenants of Social Sector with 81% of Private Sector tenants receiving the Local Housing Allowance.

66% were also in receipt of Income Support, income-based Jobseeker's Allowance, income-based Employment and Support Allowance or Pension Credit (Guarantee Credit).

*Council Tax Benefit (CTB) was introduced on 1st April 1993 and is an income-related benefit, calculated in a similar way to Housing Benefit, which has been designed to help people on low incomes pay their Council Tax.*

**Council Tax Benefit Recipients: November 2008 to May 2011**

At May 2011 there were 5.85 million recipients of Council Tax Benefit (figure excludes second adult rebates), of whom 3.64 million were aged under 65. The average weekly amount of Council Tax Benefit was £15.81.

67% of Council Tax Benefit recipients were also in receipt of Income Support, income-based Jobseeker's Allowance, income-based Employment and Support Allowance or Pension Credit (Guarantee Credit).

**Table 1.4 Housing Benefit (HB) / Council Tax Benefit (CTB) recipients<sup>1,2</sup>: November 2008 – May 2011**

Source: Single Housing Benefit Extract (SHBE)

**Notes:**

1. Housing Benefit and Council Tax Benefit recipients are individual claimants who had a live in payment claim on the second Thursday in each month. Council Tax Benefit recipients exclude Second Adult Rebate cases.
2. Caseload figures are rounded to the nearest 10. Components may not sum to total due to independent rounding.
3. Age groups are based on the age at count date (second Thursday in each month), of either:
  - a) the recipient if they are single, or
  - b) the elder of the recipient or partner if claiming as a couple.

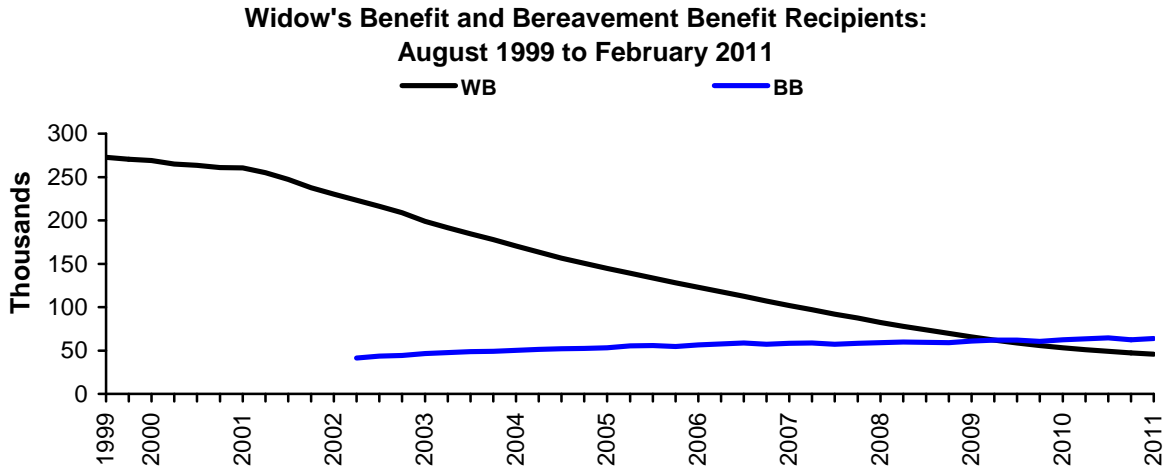

Latest statistical data available from: <http://research.dwp.gov.uk/asd/index.php?page=hbctb>

### 1.6 National Statistics: Widows Benefit & Bereavement Benefit

Widow's Benefit (WB) was introduced on 6th July 1948 and is payable to women widowed between 11th April 1988 and 8th April 2001 inclusive. There are three types of WB: Widow's Payment, Widowed Mother's Allowance and Widow's Pension. Women widowed before 11th April 1988 continue to receive Widow's Benefit based on the rules that existed before that date.

Bereavement Benefit (BB) was introduced on 9th April 2001 as a replacement for Widow's Benefit. It is payable to both men and women widowed on or after 9th April 2001. There are three types of BB: Bereavement Payment, Widowed Parent's Allowance and Bereavement Allowance.

At February 2011, there were 46 thousand claimants of Widow's Benefit, a fall of 7 thousand on a year earlier. Of these, 39 thousand were in receipt of Widow's Pension and 7 thousand Widowed Mother's Allowance.

At February 2011, there were 64 thousand claimants of Bereavement Benefit, an increase of 2 thousand on a year earlier. Of these, 20 thousand were in receipt of Bereavement Allowance and 44 thousand in receipt of Widowed Parent's Allowance.

There were 7 thousand new claimants of Bereavement Benefit/Widows Benefit in the February 2011 quarter, which represents 7% of the February 2011 caseload.

Over the same period, 7 thousand claimants left the benefits, 7% of the caseload at February 2011.

In the year to February 2011, there were a total of 26 thousand new claims for Bereavement Benefit/Widows Benefit and 35 thousand claims were closed.

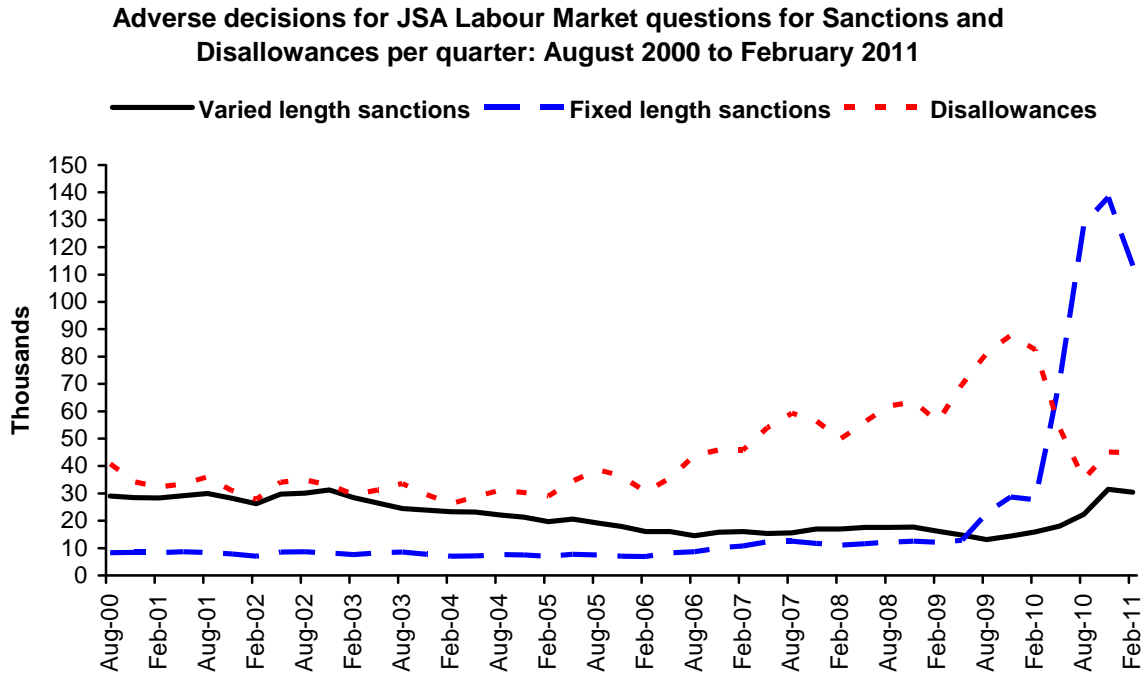

Latest statistical data available from: <http://83.244.183.180/100pc/tabtool.html>

### 1.7 National Statistics: Jobseeker's Allowance sanction and disallowance decisions

A JSA claimant can have their claim sanctioned (payment is temporarily suspended) or disallowed (entitlement ends) if they are deemed not to have just cause for failing to fulfil the conditions of their claim. Sanctions can be 'Varied length' or 'Fixed length' and last between 1 and 26 weeks in duration. Disallowances result in the claim ending.

In the quarter ending February 2011 there were 384 thousand referrals for JSA sanctions and disallowance decisions. 347 thousand decisions were made; of which 189 thousand were adverse (i.e. a sanction or disallowance was applied).

*Please Note: This summary includes data on decisions made for sanction referrals only, not opinions.*

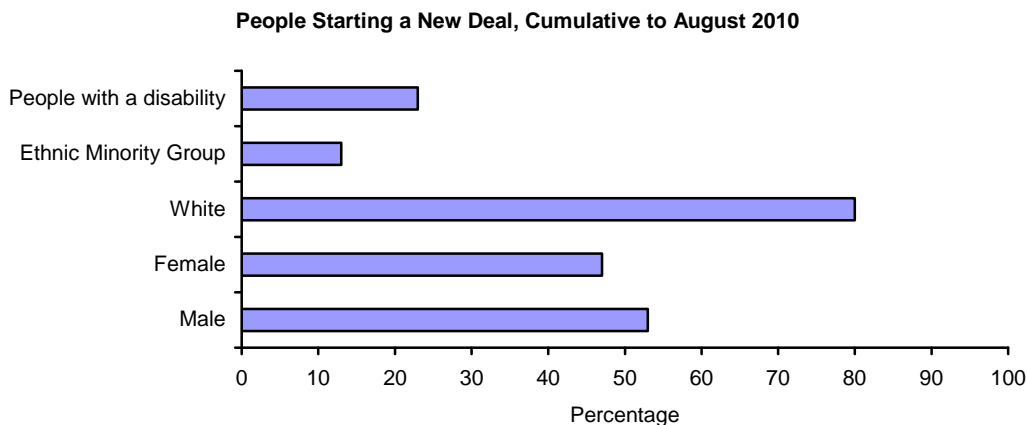

Latest statistical data available from: <http://83.244.183.180/sanction/sanction/LIVE/tabtool.html>

## 1.8 National Statistics: New Deals & Employment Zones

New Deal for Young People was established in 1998 aimed at people aged 18 to 24 unemployed for at least 6 months. Since then a range of other mandatory and voluntary New Deal programmes have been established aimed at specific client groups. Since Flexible New Deal (FND) was introduced in October 2009 there have been no new starts on existing JSA employment programmes in FND areas. Statistics on the Flexible New Deal can be found at section 1.9.

Referrals to the new employment programme "Work Programme" began from June 2011. In the run up to that launch, a new package of Get Britain Working support measures were introduced. In tandem with these changes, referrals to legacy employment programmes have now ceased. Hence, the statistics series will be ceasing over the next few quarters. See section 7 of the Notes section for more details.

3.72 million individuals have started on a New Deal programme up to August 2010.

Up to November 2009, some 2.29 million people have gained a job through the New Deal programme, with an additional 123 thousand people gaining a job through Employment Zones up to October 2010.

**Table 1.4 Summary of New Deal and Employment Zones**

Thousands

	New Deal for:						Employment Zones
	Young People	25+	Lone Parents	Disabled People <sup>3</sup>	50+ <sup>4,6</sup>	Partners <sup>5</sup>	
People Starting <sup>2</sup>	1,570.51	894.08	1,111.31	372.39	117.97	24.03	255.81
Currently Participating	58.40	43.27	108.70	..	12.43	6.08	13.28
People gaining a Job	935.63	378.31	718.02	240.93	205.33	9.62	125.35

1. Latest data relates to end of August 2010 for people starting NDYP and ND25+, February 2011 for people starting NDLP and to May 2011 for people starting NDDP, ND50+ and NDP. For current participants of NDLP, latest data relates to end of November 2010 and for ND50+ and NDP, latest data relates to the end of February 2011. For those people gaining a job through NDYP and ND25+, latest data relates to end of November 2009. For those people gaining a job through NDLP, latest data relates to end of November 2010 and for those people gaining a job through NDDP, ND50+ and NDP, latest data relates to end of February 2011. Latest Employment Zone data for people starting, currently participating and gaining a job is from April 2011.

2. The sum of people starting and gaining a job for each separate New Deal will not equal the number of people starting and gaining a job through the New Deal as a whole (as indicated above) because some people will start and gain a job through more than one New Deal programme.

3. Statistics relating to current participants from NDDP have been withdrawn for quality reasons.

4. Starts for ND50+ are from January 2004 onwards. The jobs figures for ND50+ also include 98,040 individuals who had received Employment Credit up to March 2003.

5. Starts for NDP also include 7,820 individuals from starts up to March 2004 and jobs for NDP also include a further 1,860 jobs from up to March 2004.

6. For reporting purposes we are still counting starts to the in-work training grant as an ND50plus start in FND phase one areas for the period from April 2009, although the ND50plus programme has officially ended in these areas. We estimate there are 2,400 such starts up to the end of December 2010.

## 1.9 Official Statistics: Flexible New Deal

*Flexible New Deal (FND) was introduced in October 2009 in half of the Jobcentre Plus districts to replace the current New Deals for Young People, 25 Plus, 50 Plus, Employment Zone programmes and private sector leads. The new employment programme policy means FND will not be rolled out nationally, and will be phased out. The new Work Programme will replace FND and existing New Deal provision across the whole country in 2011.*

*As of 1<sup>st</sup> June 2011 no new referrals have been made to Flexible New Deal and so this will be the last time the Flexible New Deal section will be included.*

*A FND performance report, containing figures broken down to contract level, and an information document containing methodology and technical definitions can be found at the following link: <http://statistics.dwp.gov.uk/asd/index.php?page=ddfnd>*

Up to May 2011, 405 thousand people had started on the Flexible New Deal Programme, with 63 thousand gaining a short job outcome and 42 thousand gaining a sustained job outcome.

**Table 1.10 Summary of Flexible New Deal October 2009 to May 2011**

### 1.10 National Statistics: Vacancies handled by Jobcentre Plus

As the public employment service for Great Britain, Jobcentre Plus handle a significant share of all vacancies advertised by employers, albeit that vacancies notified to Jobcentre Plus do not represent the total number of vacancies in the whole economy.

**Vacancies notified by occupation: July 2010 to June 2011**

On average, 323 thousand vacancies a month were notified to Jobcentre Plus between July 2010 and June 2011. Most commonly these are for elementary occupations (22%) and sales/customer services (17%). 13% of notified vacancies are in the North West region compared to 10% in London, 5% Wales and 7% Scotland.

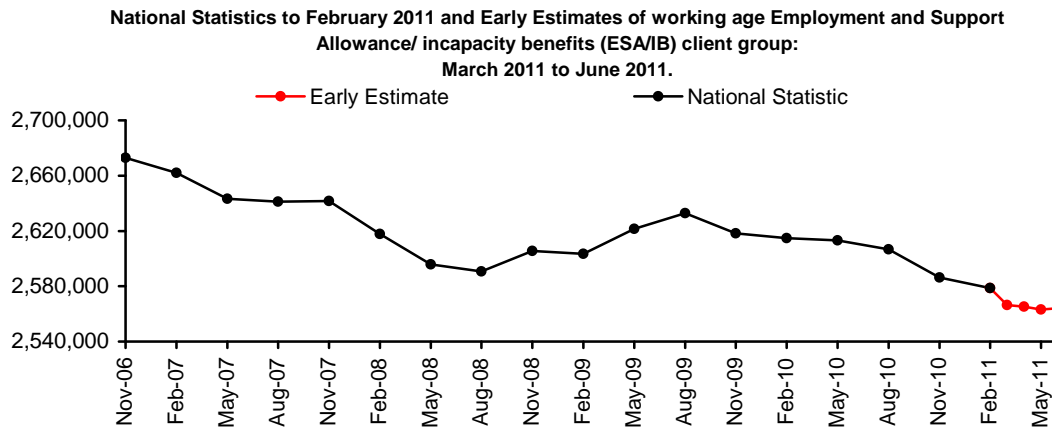

As at June 2011, the number of unfilled vacancies available to jobseekers was 257 thousand.

Latest statistical data available from: <http://www.nomisweb.co.uk>

## 2. Early Estimates for Working Age Inactive Benefit Client Group

### 2.1 Official Statistics: Employment and Support Allowance / incapacity benefits (ESA/IB) client group

The early estimates for working age inactive benefit client groups are released monthly and are designed to give indicative, timely information ahead of the publication of full National Statistics. They are not a substitute for the National Statistics and will be replaced when the final quarterly National Statistics covering the same period are published.

The working-age Employment and Support Allowance and incapacity benefits (ESA/IB) early estimate for June 2011 is 2.565 million to the nearest 5,000. This indicates a decrease since February 2011 (the latest National Statistic).

National Statistics are available for quarters up to the end of February 2011. Final figures for the quarter ending May 2011 will be released on 16<sup>th</sup> November 2011. The most recent National Statistics show 2.58 million individuals were in the ESA/IB client group at February 2011.

The figures are estimates of the final National Statistic, to give an indication of their accuracy, over the past year the early estimates have been revised by an average of 0.2%. See 'Notes' for more information.

**Table 2.1 Point estimate for the Early Estimates of numbers in working age ESA/IB client group: March 2011 to June 2011**

<i>Thousands</i>		
	<b>National Statistics</b>	<b>Early Estimate</b>

Mar-11		2,565
Apr-11		2,565
May-11		2,565
Jun-11		2,565

**Notes:**

1. ESA/ incapacity benefits: From November 2008 the "incapacity benefits group" includes Employment and Support Allowance (ESA). ESA replaced Incapacity Benefit and Income Support paid on the grounds of incapacity for new claims from 27 October 2008. Prior to this the "incapacity benefits group" referred to claimants of Incapacity Benefit or Severe Disablement Allowance including people claiming IS on the grounds of Incapacity.

Latest statistical data available from: [http://statistics.dwp.gov.uk/asd/index.php?page=early\\_ests](http://statistics.dwp.gov.uk/asd/index.php?page=early_ests)

## 2.2 Official Statistics: Income Support Lone Parent (ISLP) client group

The early estimates for working age inactive benefit client groups are released monthly and are designed to give indicative, timely information ahead of the publication of full National Statistics. They are not a substitute for the National Statistics and will be replaced when the final quarterly National Statistics covering the same period are published.

The working-age Income Support Lone Parent (ISLP) early estimate for June 2011 is 595 thousand to the nearest 5,000. This represents a fall of 3.3% since February 2011 (the latest full National Statistic figure).

National Statistics are available for quarters up to the end of February 2011. Final figures for the quarter ending May 2011 will be released on 16<sup>th</sup> November 2011. The most recent National Statistics show 614 thousand individuals were in the ISLP client group at February 2011.

The figures are estimates of the final National Statistic, to give an indication of their accuracy, over the past year the early estimates have been revised by an average of 0.3%. See 'Notes' for more information.

**Table 2.2 Point estimate for the Early Estimates of numbers in working age ISLP client group: March 2011 to June 2011**

<i>Thousands</i>		
	<b>National Statistics</b>	<b>Early Estimate</b>

Feb-11	613.78	
Mar-11		600
Apr-11		600
May-11		595
Jun-11		595

**Notes:**

From 24th November 2008 lone parent obligations (LPOs) were introduced and lone parents with a youngest child aged 12 or over were no longer able to make a new or repeat claim for Income Support (IS) solely on the basis of their parental status. Existing IS LPs with a youngest child aged 12 or over had their eligibility removed over a period of time commencing 2nd March 2009. From October 2009 this policy was extended to LPs with a youngest child aged 10 or 11 and from October 2010 the policy was extended to LPs with a youngest child aged 7 or over.

Latest statistical data available from: [http://statistics.dwp.gov.uk/asd/index.php?page=early\\_ests](http://statistics.dwp.gov.uk/asd/index.php?page=early_ests)

### 3. Pensioners

#### 3.1 National Statistics: Pensioner client group

The Pensioner client group covers claimants, over State Pension age (see notes section 7), of at least one of the following benefits: State Pension, Pension Credit, Attendance Allowance, Widow's Benefit, Disability Living Allowance, Incapacity Benefit, and Severe Disablement Allowance. They are split into statistical groups that reflect their main reason for claiming benefit.

**Pensioner Client Group: May 2005 to February 2011**

At February 2011 there were 12.8 million claimants in the Pensioner Client Group, an increase of 73 thousand since February 2010. Of these, 19% were in receipt of Pension Credit. 50% of these Pension Credit claimants were also claiming Attendance Allowance or Disability Living Allowance.

**Table 3.1 Pensioner Client Group recipients: May 2005 – February 2011**

### 3.2 National Statistics: State Pension

State Pension (SP) was introduced on 1st January 1909 and is paid to people who have reached the state pension age and who fulfil the residency and contributions conditions. The state pension age for men is 65 whilst the State Pension age for women born on or after 6 April 1950 but before 6 April 1955 is rising from 60 to 65 between 2010 and 2020. The State Pension age for women born on or after 6 April 1955 but before 6 April 1959 will be 65. State Pension age will increase for both men and women from age 65 to 68 between 2024 and 2046.

**State Pension Recipients: May 2005 to February 2011**

At February 2011, there were 12.6 million claimants of State Pension, a rise of 86 thousand on a year earlier. Of these, 38% were male and 62% female.

The average weekly amount in payment at February 2011 was £105.58, a rise of £2.95 since February 2010.

In quarter to February 2011, there were a total of 117 thousand new claims for State Pension which represents 0.9% of the caseload. Over the same period, 142 thousand claimants left the benefit, representing 1.1% of the caseload at February 2011.

In the year to February 2011, there were a total of 550 thousand new claims for State Pension and 496 thousand claims were closed.

**Table 3.2 State Pension recipients: May 2006 – February 2011**

### 3.3 National Statistics: Pension Credit

*Pension Credit (PC) was introduced on 6th October 2003 and replaced Minimum Income Guarantee (MIG). For people aged over the female state pension age, the Guarantee Credit element guarantees an income at a set level. People aged 65 or over (and couples where one member is 65 or over) may also be entitled to Savings Credit if they have modest income from savings, investments or a second pension.*

**Pension Credit Recipients: May 2005 - February 2011**

At February 2011, there were 2.69 million claimants of Pension Credit (3.30 million including partners), a fall of 41 thousand on the previous year. Of these, 948 thousand claimed Guarantee Credit only, 1.16 million claimed Guarantee and Savings Credit, and 584 thousand were claiming Savings Credit only.

The average weekly amount of Pension Credit in payment at February 2011 was £56.71, a rise of £0.19 since February 2010.

Statistics on benefit flows show there were 201 thousand new claims to Pension Credit in the year to February 2011. There were 253 thousand new claims to Pension Credit in the financial year 2009/2010. A small number of claims take a long time to process and are still outstanding at the cut off point for producing these statistics. This means that the statistics undercounts the final number of claims by a small percentage (around 2%).

**Table 3.3 Pension Credit claimants: May 2006 – February 2011**

	Total	Guarantee Credit only	Guarantee Credit & Savings Credit	Savings Credit only	Thousands Still on Minimum Income Guarantee

Feb-11	2,693.96	947.51	1,162.01	584.42	0.02

1. Pension Credit replaced MIG on the 6<sup>th</sup> Oct 2003, however a small number of residual cases remain on MIG.

## 4. Disabled and Carers

### 4.1 National Statistics: Disability Living Allowance

*Disability Living Allowance (DLA) was introduced on 1st April 1992 and is a benefit for people who have become disabled before the age of 65 and who need assistance with personal care or mobility.*

**Disability Living Allowance Recipients: November 2002 to February 2011**

At February 2011, 3.19 million people were receiving Disability Living Allowance (not including suspended cases), a rise of 54 thousand on a year earlier. Of these claimants 50% were male. Both the male and female caseloads are rising, males by 27 thousand and females by 27 thousand in the year to February 2011.

At February 2011, 10% of recipients were children, 57% were working age and 33% were pension age (a small number are an unknown age).

Latest statistical data available from: <http://83.244.183.180/100pc/tabtool.html>

### 4.2 National Statistics: Attendance Allowance

*Attendance Allowance (AA) was introduced on 6th December 1971 and is a benefit for people over the age of 65 who are so severely disabled, physically or mentally, that they need a great deal of help with personal care or supervision. Those requiring constant help receive the higher rate of benefit.*

**Attendance Allowance Cases in Payment: November 2002 to February 2011**

At February 2011 there were 1.61 million people receiving Attendance Allowance (excluding suspended cases), a fall of 4 thousand on a year earlier. Of these, 33% were male and 67% female. The male caseload has increased by 3 thousand and the female caseload has decreased by 7 thousand in the year to February 2011. At February 2011, 67% were aged 80 or over.

Latest statistical data available from: <http://83.244.183.180/100pc/tabtool.html>

### 4.3 National Statistics: Carer's Allowance

Carer's Allowance (CA) was introduced on 5th July 1976; it is paid to carers who look after a severely disabled person for at least 35 hours a week. The severely disabled person must be getting either higher or middle rate DLA care component or AA or maximum rate Constant Attendance Allowance with their War Pension or Industrial Injuries Disablement Benefit.

At February 2011, there were 566 thousand people receiving Carer's Allowance (not including underlying entitlement cases). 27% of claimants were male, and 73% female.

At February 2011, there were a further 450 thousand people entitled to Carer's Allowance but not receiving any payment due to overlapping benefit provisions (i.e. underlying entitlement cases).

**Table 4.1 Awards currently in payment for Disability Living Allowance, Carer's Allowance and Attendance Allowance: November 2003 – February 2011**

May-10	3,157.31	1,614.27	536.90
Aug-10	3,176.20	1,624.66	550.86
Nov-10	3,181.08	1,626.91	558.47
Feb-11	3,192.09	1,610.29	565.50

1. Data is not available prior to August 2003.

#### 4.4 National Statistics: Industrial Injuries Disablement Benefit

*Industrial Injuries Disablement Benefit (IIDB) was introduced on 5th July 1948 and is a benefit for people who are disabled because of an industrial accident or prescribed industrial disease. Since 1st October 1986 any claim resulting in an assessment of less than 14% disabled does not normally attract benefit.*

There were 327 thousand people claiming under the Industrial Injuries Disablement Benefit scheme in December 2010, of whom 65% received Industrial Injuries Disablement Benefit only, 17% received Reduced Earnings Allowance only, and 18% received both. The number of people claiming benefit was broadly the same as in December 2009. The average weekly payment was £48.32.

Latest statistical data available from: <http://statistics.dwp.gov.uk/asd/index.php?page=iidb>

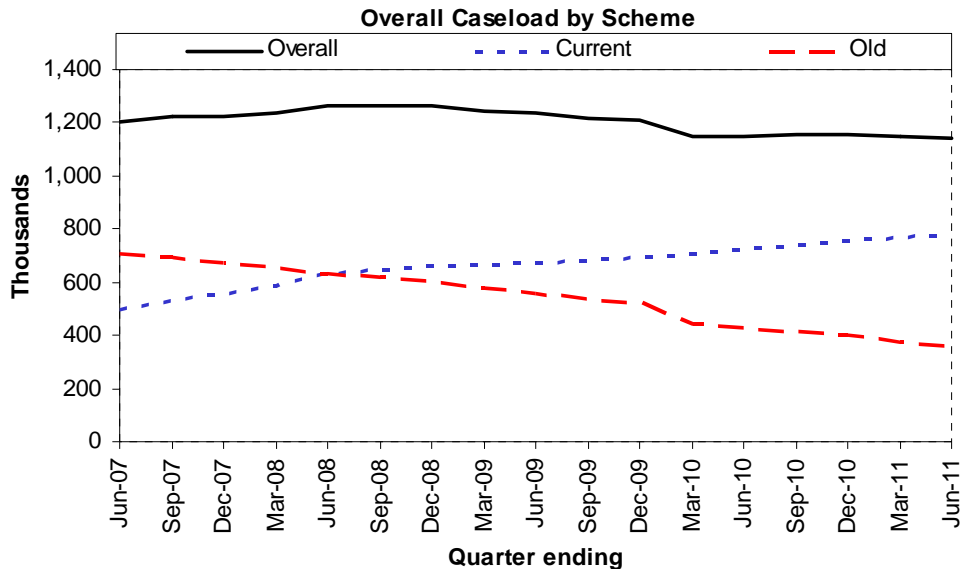

## 5. Families & Children

### 5.1 National Statistics: Child Support Agency cases

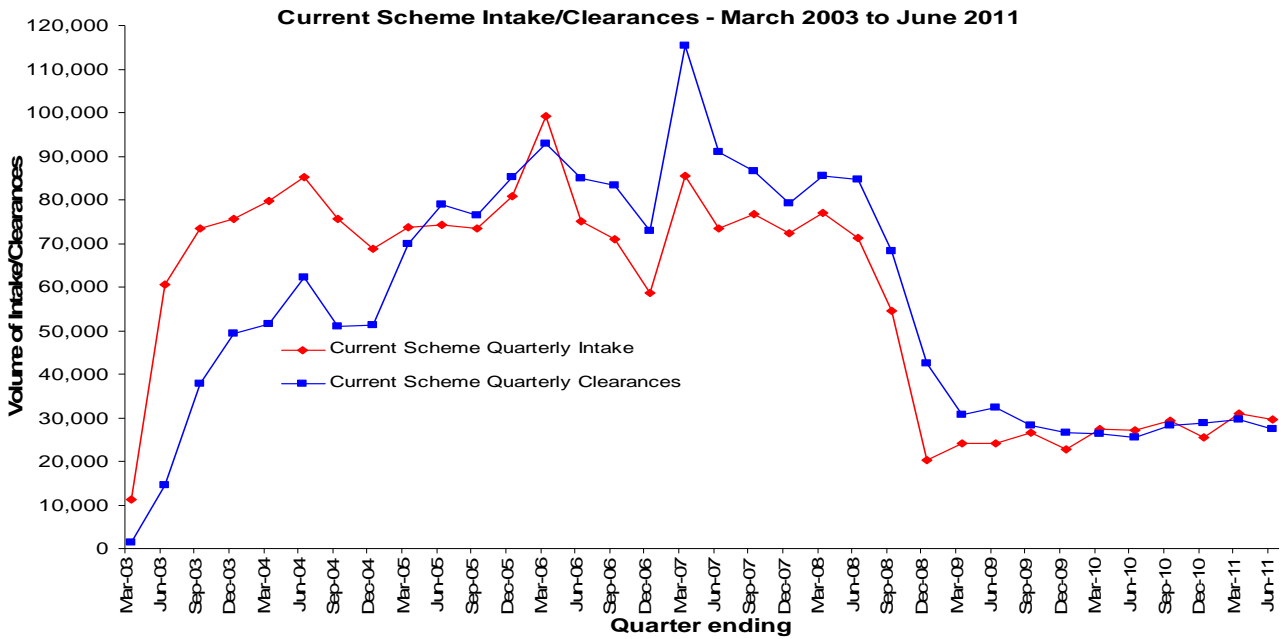

The Child Maintenance and Enforcement Commission (CMEC), established as a non-departmental public body under the Child Maintenance and Other Payments Act 2008, is responsible for the child maintenance system in Great Britain. The Commission assumed responsibility for the Child Support Agency (CSA) from the Department for Work and Pensions (DWP) on 1 November 2008.

On 14 October 2010 the Government announced as part of the Public Bodies Reform that the Child Maintenance and Enforcement Commission would become an executive agency of DWP.

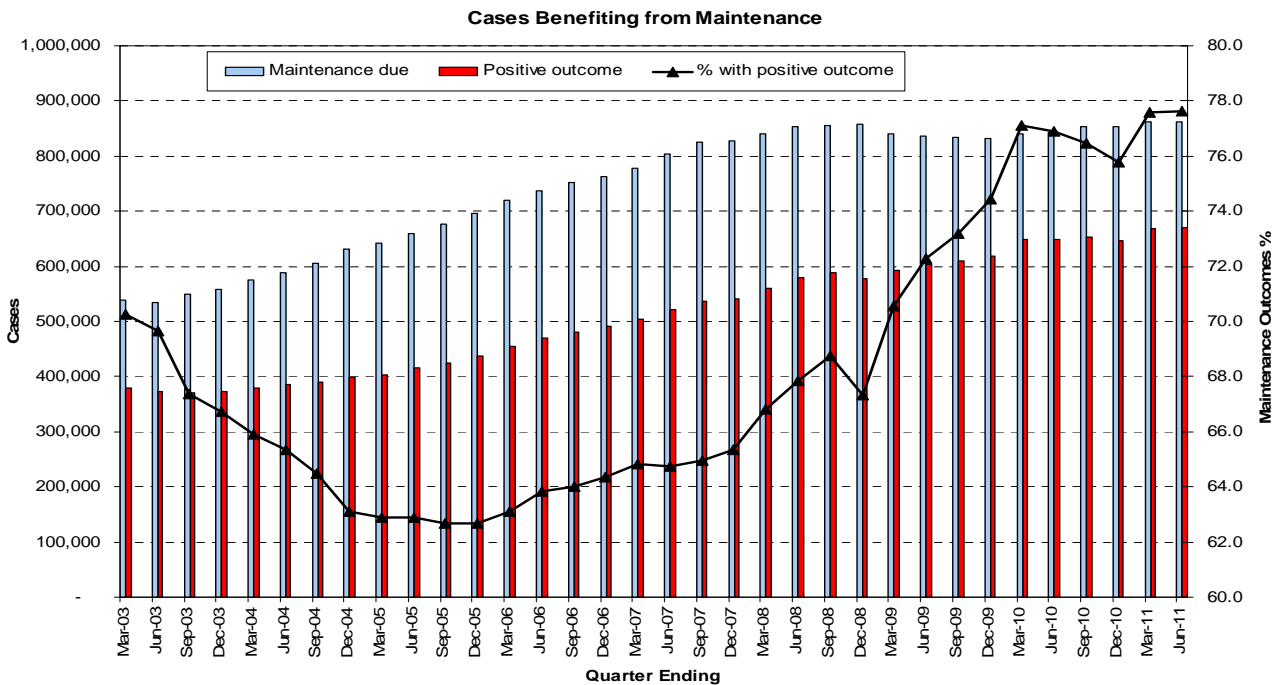

These statistics, produced by the Child Maintenance and Enforcement Commission in conjunction with the DWP Information Directorate, contain the most up-to-date tables and breakdowns on the CSA's two existing statutory child maintenance schemes. The CSA statistics presented here were released on 27<sup>th</sup> July 2011.

At the end of June 2011, the CSA live and assessed caseload stood at 1.14 million.

The volume of uncleared current scheme applications increased by 1,700 since March 2011, and is currently at 16,000. This represents an increase of 12% since March 2011.

In the quarter ending June 2011, 77.6% of all cases in which maintenance was due had either received maintenance via the CSA collection service, or had a maintenance direct arrangement in place.

Latest statistical data available from: <http://www.childmaintenance.org/en/publications/index.html>

## NOTES

### 1. The Statistical Summary

The Department for Work and Pensions (DWP) publish a Statistical Summary document each month. It is used for the release of a wide range of DWP statistics

The DWP Statistical Summary brings together key National Statistics on DWP administered benefits, some employment programmes and JSA (Jobseeker's Allowance) sanctions and Jobcentre Plus vacancies. To provide a more complete picture of DWP responsibility, statistics on Housing Benefit and Council Tax Benefit (administered by Local Authorities) and the Child Support Agency are also included.

The Summary is published monthly, containing National Statistics on Housing Benefit and Council Tax Benefit together with Official Statistics giving early estimates of inactive benefit caseloads. Each quarter (in May, August, November and February), a larger document also contains the detail of DWP administered benefits, some employment programmes, JSA sanctions, Jobcentre Plus vacancies and the Child Support Agency.

Alongside the Statistical Summary, there are a large number of tables which enable the user to delve in to the detail. These are provided to the user as:

- The DWP Tabulation Tool – for DWP administered benefits and employment programmes the Tabulation Tool provides the user with an interactive tool to select one of thousands of possible tabulations. This is available for caseloads and on/off flows at: <http://research.dwp.gov.uk/asd/index.php?page=tabtool>. A similar Tabulation Tool, derived from 5% sample data, is also available. Whenever possible, 100% data should be used in preference to 5% estimates, as these are both more accurate and form DWP's headline statistics. Some statistics remain outside the scope of the Tabulation Tool but will continue to be available via the internet as pre-defined summary tables.
- Identical numbers via Nomis (<https://www.nomisweb.co.uk/Default.asp>)
- Separate detailed tables on Housing Benefit and Council Tax Benefit; and Claimants on out-of-work benefits
- Separate numbers regarding [Flexible New Deal](#)
- Tables broken down by [Lower Super Output Area \(LSOA\)](#)
- Other tables and background information via links on the Tabulation Tool pages (e.g. links to long time series spreadsheets; descriptions of the benefit.)

The National Statistics paper "DWP statistics transformed: the modernisation of the DWP's data sources and statistical publications" announced major changes to the National Statistics the Department publishes in 2005. Much of this content is still relevant and is available from:

[http://statistics.dwp.gov.uk/asd/asd1/stats\\_consultation/modstats.pdf](http://statistics.dwp.gov.uk/asd/asd1/stats_consultation/modstats.pdf)

### 2. National Statistics Code of Practice

DWP complies with the National Statistics Code of Practice and supporting Principles. Detailed policy statements and statement of compliance with the pre-release access to official statistics order 2008 are given below:

[DWP policy statements](#)

Detailed policy and methodology relating to the Statistical Summary can be found at:

- [Quality](#)
- [Methodology](#)
- [Uses and Users](#)
- [Ad hocs and pricing](#)

The UK Statistics Authority report on the compliance with the Code of Practice for Official Statistics for the Statistical Summary is report number 66 at:

<http://www.statisticsauthority.gov.uk/assessment/assessment/assessment-reports/index.html>

DWP would like to hear your views on our statistical publications. If you use any of our statistics publications, we would be interested in hearing what you use them for and how well they meet your requirements. Please email DWP at [stats-consultation@dwp.gsi.gov.uk](mailto:stats-consultation@dwp.gsi.gov.uk). If you would like to receive occasional e-mails from DWP to directly inform you of documents seeking the views of users, please email [general.statistics@dwp.gsi.gov.uk](mailto:general.statistics@dwp.gsi.gov.uk) giving details of the DWP publications you use.

An ongoing questionnaire, enabling DWP to target future consultations at interested users; shaping the future direction of statistics development to address user needs; and helping ensure value for money, whilst giving users a structured way of expressing their views is available at:

[http://research.dwp.gov.uk/asd/statistical\\_summary\\_questionnaire.pdf](http://research.dwp.gov.uk/asd/statistical_summary_questionnaire.pdf)

Completed questionnaires can be returned by e-mail to [stats-consultation@dwp.gsi.gov.uk](mailto:stats-consultation@dwp.gsi.gov.uk) or by post to the following address:

Stuart Grant  
Information Directorate  
Department for Work and Pensions  
Room BP5201  
Benton Park Road  
Longbenton  
Newcastle Upon Tyne  
NE98 1YX

### 3. Statistical groups

DWP has a typology to define Statistical Groups within the client group classifications. The aim of the Statistical Group typology is to present each person by the main reasons they are in contact with the Department. Like the client group classification, each client is classified just once, permitting the estimation of the total number of people claiming one or more benefits. The Statistical Group hierarchy is:

a] Jobseeker	e] Other income-related benefits
b] Employment and Support Allowance and incapacity benefits	f] Disabled
c] Lone parents	g] Bereaved
d] Carers	h] Housing Benefit
	i] State Pension only recipients

From November 2008 the "incapacity benefits statistical group" includes Employment and Support Allowance (ESA). ESA replaced Incapacity Benefit and Income Support paid on the grounds of incapacity for new claims from 27th October 2008. Prior to this the "incapacity benefits group" covered people on Incapacity Benefit or Severe Disablement Allowance, including people claiming Income Support on the grounds of incapacity.

### 4. Jobseeker's Allowance figures at ONS

The preferred source of numbers for Jobseeker's Allowance is the ONS claimant count figure; these are more up to date and contain clerical cases. However, the reason we use the DWP JSA figures is that they are consistent with the other benefits used to produce DWP National Statistics, and permit a wider set of breakdowns. The ONS figures are available from Nomis and <http://www.statistics.gov.uk/>.

### 5. Flows on and off benefit

This series has now been re-instated, with a full back series. Pension Credit information is available via a one-click table: [http://83.244.183.180/100pc/pc/tabtool\\_pc.html](http://83.244.183.180/100pc/pc/tabtool_pc.html).

### 6. Early Estimates

The DWP benefit National Statistics have a gap of around five and a half months between the publication and reference dates.

The early estimates are official statistics (see: <http://www.statisticsauthority.gov.uk/national-statistician/types-of-official-statistics>) and published monthly to give indicative, timely information ahead of the publication of full National Statistics. The Office for National Statistics publish the Jobseeker's Allowance claimant count every month, one month in arrears. Consequently, the Early Estimates focus on the economically inactive groups of "incapacity benefits and Employment and Support Allowance" and "Income Support lone parents".

The main reason for the lag in the National Statistics release is because we have to wait three months for a small but significant number of late claims to be processed. Waiting for these late claims makes the National Statistics figures more accurate than the early estimates where we simply predict the number of late claims based on historical levels.

The early estimates are not a substitute for the National Statistics and will be replaced when the final quarterly National Statistics covering the same period are published. However, the estimates are fairly close to the final National Statistics figures. To give an indication of their accuracy, over the past year the early estimates for ESA/IB have been revised by an average of 0.2%, with the biggest revision being 0.5% and the smallest being 0.01%. The early estimates for ISLP have been revised by an average of 0.3%, with the biggest revision being 0.78% and the smallest being 0.12%.

More detailed information can be accessed via the following links:

[http://statistics.dwp.gov.uk/asd/asd1/early\\_ests/technical\\_document\\_final.pdf](http://statistics.dwp.gov.uk/asd/asd1/early_ests/technical_document_final.pdf)

[http://statistics.dwp.gov.uk/asd/asd1/early\\_ests/QandA\\_Early\\_Estimates\\_final.pdf](http://statistics.dwp.gov.uk/asd/asd1/early_ests/QandA_Early_Estimates_final.pdf)

## 7. Welfare Reform

The Lone Parent Obligation policy came into effect from 24 November 2008; Lone Parents (LPs) with a youngest child aged 12 or over were no longer able to make a new or repeat claim for Income Support (IS) solely on the basis of their parental status. Existing IS LPs with a youngest child aged 12 or over are having their eligibility removed over a period of time commencing 2 March 2009. From October 2009 this policy was extended to LPs with a youngest child aged 10 or 11 and from October 2010 the policy was extended to LPs with a youngest child aged 7 or over.

Most effected LPs will leave IS and claim Jobseeker's Allowance (JSA). However, there are exceptions to these rules where the youngest child can legitimately be over the ages mentioned above. Similarly, some former LPs remain on IS for other reasons (e.g. they have a long term caring responsibility and claim Carer's Allowance). Through analysis of the effected claimants over the next quarters, it can be decided if there is a requirement to change the structure of IS LP statistics. In the meantime, the IS LP series will continue to be defined as 'single IS claimants with a child under 16'.

Referrals to the new employment programme "Work Programme" began from June 2011

([http://www.direct.gov.uk/en/Employment/Jobseekers/programmesandservices/DG\\_197781](http://www.direct.gov.uk/en/Employment/Jobseekers/programmesandservices/DG_197781)). In the run up to that launch, a new package of Get Britain Working support measures were introduced. In tandem with these changes, referrals to legacy employment programmes have now ceased. Hence, the statistics series will be ceasing over the next few quarters. Statistics will largely be released in August as usual; no legacy programme statistics will be released in November 2011; then final statistics for most programmes will be released in February 2012. For details of the individual programmes,

[http://statistics.dwp.gov.uk/asd/asd1/stats\\_summary/FocusOnEmploymentProgStats.pdf](http://statistics.dwp.gov.uk/asd/asd1/stats_summary/FocusOnEmploymentProgStats.pdf). The existing Tabulation Tools will remain available for historical analysis. Statistics for Work Programme and the Get Britain Working support are planned, see [http://research.dwp.gov.uk/asd/asd1/work\\_programme/work\\_prog\\_note.pdf](http://research.dwp.gov.uk/asd/asd1/work_programme/work_prog_note.pdf).

The age at which women reach State Pension age will gradually increase from 60 to 65 between April 2010 and April 2020. The first quarterly statistical summary to be affected was the November 2010 publication and the first early estimates to be affected were released in June 2010. The changes will introduce a small increase to the number of working age benefit recipients and a small reduction to the number of pension age recipients. There will also be changes to the way we report benefit recipients as a proportion of the working population. More information can be found at: <http://statistics.dwp.gov.uk/asd/espa.pdf>. For general information about the change to State Pension age, please see:

[http://www.direct.gov.uk/en/Pensionsandretirementplanning/StatePension/DG\\_4017919](http://www.direct.gov.uk/en/Pensionsandretirementplanning/StatePension/DG_4017919)

## 8. Known Issues, Changes and Revisions to the Statistical Summary

- The continuing effect of the equalisation of male and female State Pension ages. More details can be found in section 7 of these Notes and also in <http://statistics.dwp.gov.uk/asd/espa.pdf>. Similarly, the effects of other entitlement changes to State Pension. See [http://www.direct.gov.uk/en/Pensionsandretirementplanning/StatePension/DG\\_069498](http://www.direct.gov.uk/en/Pensionsandretirementplanning/StatePension/DG_069498) for details.
- Parliamentary Constituency breakdowns have been reinstated for the 5% sample Tabulation Tool relating to Pension Credit.

- An error was discovered in the 5% sample Tabulation Tool for May 2010 for Bereavement Benefit, Widows Benefit and State Pension. These breakdowns are currently still suspended. Similar breakdowns are still available via the 100% Tabulation Tool.
- In accordance with Jobcentre Plus administrative area changes, updates have been made to Jobcentre Plus groups and districts in the employment programme Tabulation Tools.
- A single table showing the number of people claiming DWP benefits by May 2011 Scottish Parliamentary Constituencies can be found at:  
[http://research.dwp.gov.uk/asd/asd1/stats\\_summary/scottish\\_new\\_parlc\\_table\\_feb11.xls](http://research.dwp.gov.uk/asd/asd1/stats_summary/scottish_new_parlc_table_feb11.xls).
- Statistics on New Deal for Lone Parents have not been updated this quarter due to problems with production. Please see [http://statistics.dwp.gov.uk/asd/asd1/stats\\_summary/FocusOnEmploymentProgStats.pdf](http://statistics.dwp.gov.uk/asd/asd1/stats_summary/FocusOnEmploymentProgStats.pdf) for details on future releases.

## 9. Notification of future changes to the Summary

On 14th September 2011:

- No release of statistics regarding Flexible New Deal. The statistics released as part of this summary are the last. See: [http://statistics.dwp.gov.uk/asd/asd1/stats\\_summary/FocusOnEmploymentProgStats.pdf](http://statistics.dwp.gov.uk/asd/asd1/stats_summary/FocusOnEmploymentProgStats.pdf) for details.
- Release of Winter Fuel Payment statistics for winter 2010/11.

On 17th November 2011:

- Reinstatement of Bereavement Benefit, Widows Benefit and State Pension 5% sample Parliamentary Constituency breakdowns.
- Scottish Parliamentary Constituencies on May 2011 boundaries will be released as part of the Tabulation Tools. No back series will be produced.
- No legacy employment programme statistics will be produced. See: [http://statistics.dwp.gov.uk/asd/asd1/stats\\_summary/FocusOnEmploymentProgStats.pdf](http://statistics.dwp.gov.uk/asd/asd1/stats_summary/FocusOnEmploymentProgStats.pdf) for details. In particular, there will be no further release of Flexible New Deal statistics.

## 10. Northern Ireland Statistics

The statistics in this Summary cover Great Britain (England, Scotland and Wales) only. Comparable benefit statistics for Northern Ireland can be found at:

[http://www.dsdni.gov.uk/index/stats\\_and\\_research/benefit\\_publications.htm](http://www.dsdni.gov.uk/index/stats_and_research/benefit_publications.htm)

and

[http://www.dsdni.gov.uk/index/stats\\_and\\_research/geographical\\_data\\_on\\_ss\\_benefits.htm](http://www.dsdni.gov.uk/index/stats_and_research/geographical_data_on_ss_benefits.htm) for geographical breakdowns

Currently, the Northern Ireland statistics use extracts from the benefit systems very similar to those used to create the 5% sample numbers for Great Britain (although the Northern Ireland sample size is usually greater than 5%). The directly equivalent GB numbers can be found at: <http://83.244.183.180/5pc/tabtool.html>. However, Northern Ireland statistics are shortly due to move to extracts from the benefit systems very similar to those used to create the WPLS/100% sample numbers (<http://83.244.183.180/100pc/tabtool.html>) for Great Britain. However, Northern Ireland statistics will ignore the effect of retrospection.

Comparisons between the Great Britain 5% samples and 100% samples, plus the effect of retrospection can be seen in documents entitled "Differences between WPLS and 5% sample data" in the "Useful Resources and Sites" section of each single benefit 100% sample Tabtool (e.g.

[http://83.244.183.180/100pc/is/tabtool\\_is.html](http://83.244.183.180/100pc/is/tabtool_is.html))

Housing Benefit is a social security benefit paid by the Housing Executive. It helps people on a low income pay their rent and rates. In Northern Ireland, rates are paid instead of Council Tax. Limited Housing Benefit numbers are available in the summary bulletin at:

[http://www.dsdni.gov.uk/index/publications/summary\\_statistics\\_bulletin.htm](http://www.dsdni.gov.uk/index/publications/summary_statistics_bulletin.htm). For people who own their own property and need help with rates only, Land and Property Services (LPS) provide rates relief payments. Statistics on those receiving rates relief only are not available.

Employment Programmes are different in Northern Ireland. Hence, statistics are not directly comparable. However, numbers on the various schemes are available from:

<http://www.delni.gov.uk/index/statsandresearch/training-and-employment-stats.htm>.

Vacancy statistics for Northern Ireland are available at <http://www.detini.gov.uk/deti-stats-index/stats-surveys/stats-vacancy-stats.htm> and at <http://www.delni.gov.uk/index/statsandresearch/labour-market-information-stats/vacancies.htm>.

Statistics on Jobcentre Plus Sanctions and Child Maintenance are not currently published for Northern Ireland.

### **11. Social Security and Child Support Appeals Tribunal (SSCSA)**

The Independent Tribunal Service was introduced in 1984 to provide an independent appeals system. It was replaced by the Appeals Service (tAS) in April 2000. From 1st April 2006 the Appeals Service, was renamed as the Social Security and Child Support Appeals Tribunal (SSCSA) and became part of The Tribunals Service (an Executive agency within the Department for Justice).

Responsibility for publishing statistics on the appeals now resides with The Tribunals Service and they publish statistical information via their website <http://www.tribunals.gov.uk/>.

### **12. Fraud and Error statistics**

National Statistics are published presenting six-monthly estimates of fraud and error in claims for Income Support, Jobseeker's Allowance, Pension Credit and Housing Benefit, along with an annual estimate of the level of fraud and error in the benefit system as a whole. One-off benefit reviews have been carried out from time to time to estimate fraud and error in claims for other benefits. Reports can be found at [http://research.dwp.gov.uk/asd/asd2/index.php?page=fraud\\_error](http://research.dwp.gov.uk/asd/asd2/index.php?page=fraud_error)

### **13. Take-Up of Income-Related Benefits**

Publications contain information on the take-up of the main income-related benefits in Great Britain: Income Support, Pension Credit, Housing Benefit, Council Tax Benefit, Employment and Support Allowance (income related) and Jobseeker's Allowance (income based). Take-up is measured in two ways. Expenditure take-up compares the total amount of benefit received in the course of a year with the total amount that would have been received if everyone took up their entitlement for the full period of entitlement. Caseload take-up compares the number of benefit claimants – averaged over the year – with the number who would be receiving if everyone took up their entitlement for the full period of entitlement. Data is sourced from the Family Resources Survey and administrative benefit records. Latest published figures are available at <http://statistics.dwp.gov.uk/asd/index.php?page=irb>

### **14. Other National and Official Statistics issued by the Department for Work and Pensions**

Details of other National and Official Statistics produced by the Department for Work and Pensions can be found on the DWP website at the following links:

- A list of Tabulation Tools: <http://statistics.dwp.gov.uk/asd/index.php?page=tabtool>;
- An A to Z list of DWP statistics: [http://statistics.dwp.gov.uk/asd/index.php?page=statistics\\_a\\_to\\_z](http://statistics.dwp.gov.uk/asd/index.php?page=statistics_a_to_z);
- A schedule of statistical releases over the next 12 months: <http://statistics.dwp.gov.uk/asd/index.php?page=schedule>;
- And a list of the most recent releases: <http://statistics.dwp.gov.uk/asd/index.php?page=recent>.
- In accordance with the Code of Practice for Official Statistics, all DWP National Statistics are also announced via the UK Statistics Authority publication hub at: [http://www.statistics.gov.uk/hub/statistics-producers/publications/index.html?newquery=\\*%&source-agency=Work+and+Pensions&pagetype=release-landing-page](http://www.statistics.gov.uk/hub/statistics-producers/publications/index.html?newquery=*%&source-agency=Work+and+Pensions&pagetype=release-landing-page)

In addition, users can find links to DWP additional statistical analyses that have not been included in our standard publications at [http://statistics.dwp.gov.uk/asd/index.php?page=adhoc\\_analysis](http://statistics.dwp.gov.uk/asd/index.php?page=adhoc_analysis).
