

SOCIAL FUND COLD WEATHER PAYMENTS FOR GREAT BRITAIN FROM 1ST NOVEMBER 2012 TO THE WEEK ENDING 4TH JANUARY 2013

- Cold Weather Payments provide help to people in meeting their additional heating costs during periods of extreme cold.
- Payments are made to those most vulnerable to the cold, i.e. older people in receipt of Pension Credit, disabled adults and children, and families with children under 5 who are in receipt of an income related benefit.
- Payment is made automatically when the average temperature at the weather station linked to an eligible customer's postcode has been recorded as, or is forecast to be, 0 degrees Celsius or below over seven consecutive days. There are 92 weather stations used in the Cold Weather Payment scheme for 2012-13.
- The rate of payment is £25 for each seven day period of very cold weather.
- There have been 0 triggers at weather stations between 22nd December 2012 and 4th January 2013 inclusive and 0 payments have been authorised in this period. 23 triggers have been recorded in the 2012/13 season to date.

Total estimated number of payments authorised to date	84,400
Total estimated expenditure authorised to date	£2,110,000
Estimated Percentage of those eligible who will benefit	1.7%
Actual number of weather stations triggered (out of 92 used in the scheme)	14
The Percentage of those eligible who have received 2 or more payments	0.4%
The Percentage of those eligible who have received 1 payment	1.3%
Total triggers to date	23
Total estimated number of payments authorised to date to those who are in receipt of Pension Credit	56,600
Total estimated expenditure to those who are in receipt of Pension Credit	£1,415,000
The Percentage of those who have received at least one payment who are in receipt of Pension Credit	66%

Note: The data above is based on the estimated number of benefit units linked to each weather station which are eligible for Cold Weather Payments. The information

provided is Management Information. Our preference is to provide Official/National Statistics but in this case we only have Management Information available. It is not quality assured to the same extent as Official/National Statistics and there are some issues with the data, for example, figures given are estimates not actuals and may be revised later.
