

SOCIAL FUND COLD WEATHER PAYMENTS FOR GREAT BRITAIN
2010-11

- Cold Weather Payments provide help to people in meeting their additional heating costs during periods of extreme cold.
- Payments are made to those most vulnerable to the cold, i.e. older people in receipt of Pension Credit, disabled adults and children, and families with children under 5 who are in receipt of an income related benefit.
- Payment is made automatically when the average temperature at the weather station linked to an eligible customer's postcode has been recorded as, or is forecast to be, 0 degrees Celsius or below over seven consecutive days. There are 91 weather stations used in the Cold Weather Payment scheme for 2010-11.
- The rate of payment is £25 for each seven day period of very cold weather.
