3. Neither Party shall use its rights established by the present Article to refuse, revoke, suspend or limit authorisations or permissions of any air carriers of a Party on the grounds that majority ownership and/or effective control of that air carrier is vested in one or more Party to the ECAA or their nationals, provided that such Party

or Parties to the ECAA offer reciprocal treatment.

ARTICLE 6

Investment

Notwithstanding Articles 3 (Authorisation) and 5 (Refusal, Revocation, Suspension, Limitation of Authorisation) of this Agreement, the majority ownership or the effective control of an air carrier of Georgia by Member States or their nationals, or of an air carrier of the European Union by Georgia or its nationals, shall be permitted by virtue of a prior decision of the Joint Committee established by this Agreement in accordance with Article 22 (2) (Joint Committee) of this Agreement.

This decision shall specify the conditions associated with the operation of the agreed services under this Agreement and with the services between third countries and the Parties. The provisions of Article 22 (8) (Joint Committee) of this Agreement shall not apply to this type of decision.

ARTICLE 7

1. While entering, within, or leaving the territory of one Party, the laws and regulations applicable within that territory relating to the admission to or departure from its territory of aircraft engaged in air transport, or to the operation and navigation of aircraft shall be complied with by the other Party's air carriers.

2. While entering, within, or leaving the territory of one Party, the laws and regulations applicable within that territory relating to the admission to or departure from its territory of passengers, crew or cargo on aircraft (including regulations relating to entry, clearance, immigration, passports, customs and quarantine or, in the case of mail, postal regulations) shall be complied with by, or on behalf of, such passengers, crew or cargo of the other Party's air carriers.

ARTICLE 8

Competitive Environment

1. The Parties acknowledge that it is their joint objective to have a fair and competitive environment for the operation of air services. The Parties recognise that fair competitive practices by air carriers are most likely to occur where these air carriers operate on a fully commercial basis and are not subsidised.

2. Within the scope of this Agreement, and without prejudice to any special provisions contained therein, any discrimination on grounds of nationality shall be

prohibited.

3. State aid which distorts or threatens to distort competition by favouring certain undertakings or certain aviation products or services is incompatible with the proper functioning of this Agreement, insofar as it may affect trade between the Parties in the aviation sector.

4. Any practices contrary to this Article shall be assessed on the basis of criteria arising from the application of the competition rules applicable in the European Union, in particular from Article 107 of the Treaty on the Functioning of the European Union and interpretative instruments adopted by the European Union institutions.

5. If one Party finds that conditions exist in the territory of the other Party, in particular due to a subsidy, which would adversely affect the fair and equal opportunity of its air carriers to compete, it may submit observations to the other Party. Furthermore, it may request a meeting of the Joint Committee, as provided for in Article 22 (Joint Committee) of this Agreement. From the receipt of such a request consultations shall start within 30 days. Failure to reach a satisfactory agreement within 30 days from the start of consultations shall constitute grounds for the Party that requested the consultations to take action to refuse, withhold, revoke, suspend or impose appropriate conditions on the authorisations of the air carrier(s) concerned, consistent with Article 5 (Refusal, Revocation, Suspension or Limitation of Authorisation) of this Agreement.

6. The actions, referred to in paragraph 5 of this Article, shall be appropriate, proportionate and restricted with regard to scope and duration to what is strictly necessary. They shall be exclusively directed towards the air carrier or air carriers benefiting from a subsidy or the conditions referred to in this Article, and shall be without prejudice to the right of either Party to take action under Article 24 (Safeguard measures) of this Agreement.

7. Each Party, upon notification to the other Party, may approach responsible government entities in the territory of the other Party including entities at the state, provincial or local level to discuss matters relating to this Article.

8. The provisions of this Article shall apply without prejudice to the Parties' laws and regulations regarding public service obligations in the territories of the Parties.

ARTICLE 9

Commercial Opportunities

activities.

2. The air carriers of each Party shall be entitled, in accordance with the laws and regulations of the other Party relating to entry, residence, and employment, to bring in and maintain in the territory of the other Party managerial, sales, technical, operational, and other specialist staff who are required to support the provision of air transport.

Ground Handling

3. (a) Without prejudice to point (b) below, each air carrier shall have in relation to groundhandling in the territory of the other Party:
- (i) the right to perform its own groundhandling ("self-handling") or, at its option
 - (ii) the right to select among competing suppliers that provide groundhandling services in whole or in part where such suppliers are allowed market access on the basis of the laws and regulations of each Party, and where such suppliers are present in the market.
- (b) For the following categories of groundhandling services, i.e. baggage handling, ramp handling, fuel and oil handling, freight and mail handling as regards the physical handling of freight and mail between the air terminal and the aircraft, the rights under point (a) (i) and (ii) shall be subject only to physical or operational constraints according to the laws and regulations applicable in the territory of the other Party. Where such constraints preclude self-handling and where there is no effective competition between suppliers that provide groundhandling services, all such services shall be available on both an equal and non discriminatory basis to all air carriers; prices of such services shall not exceed their full cost including a reasonable return on assets, after depreciation.

Sales, Local Expenses, and Transfer of Funds

4. Any air carrier of each Party may engage in the sale of air transport in the territory of the other Party directly and/or, at the air carrier's discretion, through its sales agents, other intermediaries appointed by the air carrier or through internet. Each air carrier shall have the right to sell such transportation, and any person shall be free to purchase such transportation. in the currency of that territory or in freely convertible currencies in accordance with the local currency legislation.

5. Each air carrier shall have the right to convert and remit from the territory of the other Party to its home territory and, except where inconsistent with generally applicable law or regulation, to the country or countries of its choice, on demand, local revenues. Conversion and remittance shall be permitted promptly without restrictions or taxation in respect thereof at the rate of exchange applicable to current transactions and remittance on the date the carrier makes the initial application for

remittance.

6. The air carriers of each Party shall be permitted to pay for local expenses, including purchases of fuel, in the territory of the other Party in local currency. At their discretion, the air carriers of each Party may pay for such expenses in the territory of the other Party in freely convertible currencies in accordance with local currency legislation.

Cooperative Arrangements

7. In operating or holding out services under this Agreement, any air carrier of a Party may enter into cooperative marketing arrangements, such as blocked-space agreements or code-sharing arrangements, with:

- (a) any air carrier or carriers of the Parties; and
- (b) any air carrier or carriers of a third country; and
- (c) any surface, land or maritime carriers;

provided that (i) all participants in such arrangements hold the appropriate underlying route authority and (ii) the arrangements meet the requirements relating to safety and competition normally applied to such arrangements. In respect of passenger transport sold involving code-shares, the purchaser shall be informed at the point of sale, or in any case before boarding, which transportation providers will operate each sector of the service.

8. (a) In relation to the transport of passengers, surface transportation providers shall not be subject to laws and regulations governing air transport on the sole basis that such surface transportation is held out by an air carrier under its own name. Surface transportation providers have the discretion to decide whether to enter into cooperative arrangements. In deciding on any particular arrangement, surface transportation providers may consider, among other things, consumer interests and technical, economic, space, and capacity constraints.
- (b) Moreover, and notwithstanding any other provision of this Agreement, air carriers and indirect providers of cargo transportation of the Parties shall be permitted, without restriction, to employ in connection with air transport any surface transportation for cargo to or from any points in the territories of Georgia and the European Union, or in third countries, including transport to and from all airports with customs facilities, and including, where applicable, the right[s] to transport cargo in bond under applicable laws and regulations. Such cargo, whether moving by surface or by air, shall have access to airport customs processing and facilities. Air carriers may elect to perform their own surface transportation or to provide it through arrangements with other surface carriers, including surface transportation operated by other air carriers and indirect providers

of cargo air transport. Such intermodal cargo services may be offered at a single, through price for the air and surface transportation combined, provided that shippers are not misled as to the facts concerning such transportation.

Leasing

9. (a) The air carriers of each Party shall be entitled to provide the agreed services using aircraft and crew leased from any air carrier, including from third countries, provided that all participants in such arrangements meet the conditions prescribed under the laws and regulations normally applied by the Parties to such arrangements.
- (b) Neither Party shall require the air carriers leasing out their equipment to hold traffic rights under this agreement.
- (c) The leasing with crew (wet-leasing) by a Georgian air carrier of an aircraft of an air carrier of a third country, or, by an air carrier of the European Union, of an aircraft of an air carrier of a third country other than those mentioned in Annex IV to this Agreement, in order to exploit the rights envisaged in this Agreement, shall remain exceptional or meet temporary needs. It shall be submitted for prior approval of the licensing authority of the leasing air carrier and to the competent authority of the other Party.

Franchising/Branding

10. The air carriers of each Party shall be entitled to enter into franchising or branding arrangements with companies, including air carriers, of either Party or third countries, provided that the air carriers hold the appropriate authority and meet the conditions prescribed under the laws and regulations applied by the Parties to such arrangements, particularly those requiring the disclosure of the identity of the air carrier operating the service.

ARTICLE 10

- (b) ground equipment and spare parts (including engines) introduced into the territory of a Party for the servicing, maintenance, or repair of aircraft of an air carrier of the other Party used in international air transport;
- (c) fuel, lubricants and consumable technical supplies introduced into or supplied in the territory of a Party for use in or on an aircraft of an air carrier of the other Party engaged in international air transport, even when these supplies are to be used on a part of the journey performed over the said territory;

- (e) safety and security equipment for use at airports or cargo terminals.

3. Notwithstanding any other provision to the contrary, nothing in this Agreement shall prevent a Party from imposing taxes, levies, duties, fees or charges on fuel supplied in its territory on a non-discriminatory basis for use in an aircraft of an air carrier that operates between two points in its territory.

4. Equipment and supplies referred to in paragraphs 1 and 2 of this Article may be required to be kept under the supervision or control of the appropriate authorities and not to be transferred without payment of relevant customs duties and taxes.

5. The exemptions provided by this Article shall also be available where the air carriers of one Party have contracted with another air carrier, which similarly enjoys such exemptions from the other Party, for the loan or transfer in the territory of the other Party of the items specified in paragraphs 1 and 2 of this Article.

6. Nothing in this Agreement shall prevent either Party from imposing taxes,

levies, duties, fees or charges on goods sold other than for consumption on board to passengers during a sector of an air service between two points within its territory at which embarkation or disembarkation is permitted.

7. Baggage and cargo in direct transit across the territory of a Party shall be exempt from taxes, customs duties, fees and other similar charges that are not based on the cost of the service provided.

8. The regular airborne equipment, as well as the materials and supplies normally retained on board the aircraft of an air carrier airline of either Contracting Party, may be unloaded in the territory of the other Contracting Party only with the approval of the customs authorities of that territory. In such case, they may be placed under the supervision of the said authorities up to such time as they are re-exported or otherwise disposed of in accordance with customs regulations.

9. The stipulations of this Agreement shall not affect the field of VAT, with the exception of turnover tax on imports. The provisions of the respective conventions in force between a Member State and Georgia for the avoidance of double taxation on income and on capital remain unaffected by this Agreement.

ARTICLE 11

User Charges for Airports and Aviation Facilities and Services

1. Each Party shall ensure that user charges that may be imposed by its competent charging authorities or bodies on the air carriers of the other Party for the use of air navigation and air traffic control, airport, aviation security and related facilities and services shall be just, reasonable, not unjustly discriminatory, and equitably apportioned among categories of users. These charges may reflect, but shall not exceed, the full cost to the competent charging authorities or bodies of providing the appropriate airport and aviation security facilities and services at that airport or within that airport's system. These charges may include a reasonable return on assets, after depreciation. Facilities and services for which user charges are made shall be provided on an efficient and economic basis. In any event, these charges shall be assessed on the air carriers of the other Party on terms not less favourable than the most favourable terms available to any other air carrier at the time the charges are assessed.

2. Each Party shall require consultations between the competent charging authorities or bodies in its territory and the air carriers and/or their representative bodies using the services and facilities, and shall ensure that the competent charging authorities or bodies and the air carriers or their representative bodies exchange such information as may be necessary to permit an accurate review of the reasonableness of the charges in accordance with the principles of paragraphs 1 and 2 of this Article. Each Party shall ensure that the competent charging authorities or bodies provide users with reasonable notice of any proposal for changes in user charges to enable those authorities to consider the views expressed by the users before changes are

made.

3. Neither Party shall be held, in dispute resolution procedures pursuant to Article 23 (Dispute Resolution and Arbitration) of this Agreement, to be in breach of a provision of this Article, unless

- (a) it fails to undertake a review of the charge or practice that is the subject of complaint by the other Party within a reasonable amount of time; or
- (b) following such a review it fails to take all steps within its power to remedy any charge or practice that is inconsistent with this Article.

ARTICLE 12

Pricing

1. The Parties shall permit prices to be freely established by the air carriers on the basis of free and fair competition.
2. The Parties shall not require prices to be filed or notified.
3. Discussions between competent authorities may be held on matters such as, but not limited to prices which may be unjust, unreasonable, discriminatory or subsidised.

ARTICLE 13

Statistics

1. Each Party shall provide to the other Party statistics that are required by domestic laws and regulations, and, upon request, other available statistical information as may be reasonably required for the purpose of reviewing the operation of the air services.
2. The Parties shall cooperate in the framework of the Joint Committee under Article 22 (Joint Committee) of this Agreement to facilitate the exchange of statistical information between them for the purpose of monitoring the development of air services under this Agreement.

TITLE II

REGULATORY COOPERATION

ARTICLE 14

Aviation safety

1. Subject to the transitional provisions set out in Annex II to this Agreement, the Parties shall act in conformity with the provisions of the aviation safety legislation specified in Part C of Annex III to this Agreement, under the conditions set out hereafter.
2. The Parties shall cooperate to ensure the implementation by Georgia of the legislation referred to in paragraph 1 of this Article. To this purpose, Georgia shall be involved in the work of the European Aviation Safety Agency as an observer from the date of entry into force of this Agreement.
3. The Parties shall ensure that aircraft registered in one Party suspected of non-compliance with international aviation safety standards established pursuant to the Convention landing at airports open to international air traffic in the territory of the other Party shall be subject to ramp inspections by the competent authorities of that other Party, on board and around the aircraft to check both the validity of the aircraft documents and those of its crew and the apparent condition of the aircraft and its equipment.
4. The competent authorities of a Party may request consultations at any time concerning the safety standards maintained by the other Party.
5. The competent authorities of a Party shall take all appropriate and immediate measures whenever they ascertain that an aircraft, a product or an operation may:
 - (a) fail to satisfy the minimum standards established pursuant to the Convention or the legislation specified in Part C of Annex III to this Agreement, whichever is applicable,
 - (b) give rise to serious concerns – established through an inspection referred to in paragraph 3 of this Article – that an aircraft or the operation of an aircraft does not comply with the minimum standards established pursuant to the Convention or the legislation specified in Part C of Annex III to this Agreement, whichever is applicable, or
 - (c) give rise to serious concerns that there is a lack of effective maintenance and administration of minimum standards established pursuant to the Convention or the legislation specified in Part C of Annex III to this Agreement, whichever is applicable.

6. Where the competent authorities of one Party take action under paragraph 5, they shall promptly inform the competent authorities of the other Party of taking such action, providing reasons for their action.

7. Where measures taken in application of paragraph 5 of this Article are not discontinued even though the basis for taking them has ceased to exist, either Party may refer the matter to the Joint Committee.

ARTICLE 15

Aviation Security

1. Subject to the transitional provisions set out in Annex II to this Agreement, the Parties shall act in conformity with the provisions of the European Union's aviation security legislation specified in Part D of Annex III to this Agreement, under the conditions set out hereafter.

2. Georgia may be subjected to a European Commission inspection in accordance with the relevant European Union security legislation as referred to in Annex III to this Agreement. The Parties shall establish the necessary mechanism for the exchange of information on the results of such security inspections.

3. The assurance of safety for civil aircraft, their passengers and crew being a fundamental pre-condition for the operation of international air services, the Parties reaffirm their obligations to each other to provide for the security of civil aviation against acts of unlawful interference, and in particular their obligations under the Convention, the Convention on Offences and Certain Other Acts Committed on Board Aircraft, signed at Tokyo on 14 September 1963⁶, the Convention for the Suppression of Unlawful Seizure of Aircraft, signed at The Hague on 16 December 1970⁷, the Convention for the Suppression of Unlawful Acts against the Safety of Civil Aviation, signed at Montreal on 23 September 1971⁸, the Protocol for the Suppression of Unlawful Acts of Violence at Airports Serving International Civil Aviation, signed at Montreal on 24 February 1988⁹ and the Convention on the marking of plastic explosives for purpose of detection signed at Montreal on 1 March 1991¹⁰, insofar as both Parties are parties to these conventions, as well as all other conventions and protocols relating to civil aviation security of which both Parties are parties.

4. The Parties shall provide upon request all necessary assistance to each other to prevent acts of unlawful seizure of civil aircraft and other unlawful acts against the safety of such aircraft, their passengers and crew, airports and air navigation facilities, and any other threat to the security of civil aviation.

⁶ Treaty Series No. 126 (1969) Cmnd 4230

⁷ Treaty Series No. 039 (1972) Cmnd 4956

⁸ Treaty Series No. 010 (1974) Cmnd 5524

⁹ Treaty Series No. 020 (1991) Cm 1470

¹⁰ Treaty Series No.134 (2000) Cm 5018

5. The Parties shall, in their mutual relations, act in conformity with the aviation security Standards and, so far as they are applied by them, the Recommended Practices established by the International Civil Aviation Organisation (ICAO) and designated as Annexes to the Convention, to the extent that such security provisions are applicable to the Parties. Both Parties shall require that operators of aircraft of their registry, operators who have their principal place of business or permanent residence in their territory, and the operators of airports in their territory, act in conformity with such aviation security provisions.

6. Each Party shall ensure that effective measures are taken within its territory to protect aircraft, to screen passengers and their carry-on items, and to carry out appropriate checks on crew, cargo (including hold baggage) and aircraft stores prior to and during boarding or loading and that those measures are adjusted to meet increases in the threat. Each Party agrees that their air carriers may be required to observe the aviation security provisions referred to in paragraph 5 of this Article required by the other Party, for entrance into, departure from, or while within, the territory of that other Party.

7. Each Party shall also give positive consideration to any request from the other Party for reasonable special security measures to meet a particular threat. Except where not reasonably possible in case of emergency, each Party will inform the other Party in advance of any special security measures it intends to introduce which could have a significant financial or operational impact on the air transport services provided under this Agreement. Either Party may request a meeting of the Joint Committee to discuss such security measures, as provided for in Article 22 (Joint Committee) of this Agreement.

8. When an incident or threat of an incident of unlawful seizure of civil aircraft or other unlawful acts against the safety of such aircraft, their passengers and crew, airports or air navigation facilities occurs, the Parties shall assist each other by facilitating communications and other appropriate measures intended to terminate rapidly and safely such incident or threat thereof.

9. Each Party shall take all measures it finds practicable to ensure that an aircraft subjected to an act of unlawful seizure or other acts of unlawful interference which is on the ground in its territory is detained on the ground unless its departure is necessitated by the overriding duty to protect human life. Wherever practicable, such measures shall be taken on the basis of mutual consultations.

10. When a Party has reasonable grounds to believe that the other Party has departed from the aviation security provisions of this Article, that Party shall request immediate consultations with the other Party.

11. Without prejudice to Article 5 (Refusal, Revocation, Suspension, Limitation of Authorisations) of this Agreement, failure to reach a satisfactory agreement within fifteen (15) days from the date of such request shall constitute grounds to withhold, revoke, limit or impose conditions on the operating authorisation of one or more air

carriers of such other Party.

12. When required by an immediate and extraordinary threat, a Party may take interim action prior to the expiry of fifteen (15) days.

13. Any action taken in accordance with the paragraph 11 of this Article shall be discontinued upon compliance by the other Party with the full provisions of this Article.

2. The Parties shall cooperate in the field of air traffic management with a view to extending the Single European Sky to Georgia in order to enhance current safety standards and overall efficiency for general air traffic standards in Europe, to optimise capacities, to minimise delays and to increase environmental efficiency. To this purpose, Georgia shall be involved as observer in the Single Sky Committee from the date of entry into force of the Agreement. The Joint Committee shall be responsible for monitoring and facilitating cooperation in the field of air traffic management.

3. With a view to facilitating the application of the Single European Sky legislation in their territories:

- (a) Georgia shall take the necessary measures to adjust its air traffic management institutional structures to the Single European Sky, in particular by ensuring that pertinent national supervisory bodies are at least functionally independent of air navigation service providers; and
- (b) The European Union shall associate Georgia with relevant operational initiatives in the fields of air navigation services, airspace and interoperability that stem from the Single European Sky, in particular through the early involvement of Georgia's efforts to establish functional airspace blocks, or through appropriate coordination on SESAR.

ARTICLE 17

Environment

1. The Parties recognise the importance of protecting the environment when developing and implementing aviation policy. The Parties acknowledge that effective

global, regional, national and / or local action is needed to minimise civil aviation's impact on the environment.

2. Subject to the transitional provisions set out in Annex II to this Agreement, the Parties shall act in conformity with the legislation relating to air transport specified in Part E of Annex III to this Agreement.

3. The Parties recognise the importance of working together, and within the framework of multilateral discussions, to consider the effects of aviation on the environment, and to ensure that any mitigating measures are fully consistent with the objectives of this Agreement.

4. Nothing in this Agreement shall be construed to limit the authority of the competent authorities of a Party to take all appropriate measures to prevent or otherwise address the environmental impacts of air transport provided that such measures are fully consistent with their rights and obligations under international law and are applied without distinction as to nationality.

ARTICLE 18

Consumer Protection

Subject to the transitional provisions set out in Annex II to this Agreement, the Parties shall act in accordance with the legislation relating to air transport specified in Part G of Annex III to this Agreement.

3. Each Party shall give the other Party all necessary information and assistance in the case of investigations on possible infringements of provisions of this Agreement which that other Party carries out under its respective competences as provided in this Agreement.
4. Whenever the Parties act under the powers granted to them by this Agreement on matters which are of substantial interest to the other Party and which concern the authorities or undertakings of the other Party, the competent authorities of the other Party shall be fully informed and given the opportunity to comment before a final decision is taken.
5. Insofar as the provisions of this Agreement and the provisions of the acts specified in Annex III to this Agreement are identical in substance to corresponding rules of the Treaty on European Union and the Treaty on the Functioning of the European Union and to acts adopted pursuant to the Treaty on European Union and the Treaty on the Functioning of the European Union, those provisions shall, in their implementation and application, be interpreted in conformity with the relevant rulings and decisions of the Court of Justice and the European Commission.

ARTICLE 22

The Joint Committee

1. A Joint Committee composed of representatives of the Parties (hereinafter referred to as the Joint Committee) is hereby established, which shall be responsible for the administration of this Agreement and shall ensure its proper implementation. 3. The Joint Committee shall adopt, by a decision, its rules of procedure.
4. The Joint Committee shall meet as and when necessary. Either Party may request the convening of a meeting.
5. A Party may also request a meeting of the Joint Committee to seek to resolve any question relating to the interpretation or application of this Agreement. Such a meeting shall begin at the earliest possible date, but not later than two months from the date of receipt of the request, unless otherwise agreed by the Parties.
6. For the purpose of the proper implementation of this Agreement, the Parties shall exchange information and, at the request of either Party, shall hold consultations within the Joint Committee.
7. If, in the view of one of the Parties, a decision of the Joint Committee is not properly implemented by the other Party, the former may request that the issue be discussed by the Joint Committee. If the Joint Committee cannot solve the issue within two months of its referral, the requesting Party may take appropriate safeguard measures under Article 24 (Safeguard measures) of this Agreement.
8. Without prejudice to paragraph 2, if the Joint Committee does not take a decision on an issue which has been referred to it within six months of the date of referral, the Parties may take appropriate temporary safeguard measures under Article 24 (Safeguard Measures) of this Agreement.
9. In accordance with Article 6 (Investment) of this Agreement, the Joint Committee shall examine questions relating to bilateral investments of majority ownership, or changes in the effective control of air carriers of the Parties.

2. Either Party may refer any dispute relating to the application or interpretation of this Agreement, which it has not been possible to resolve in accordance with paragraph 1 of this Article, to an arbitration panel of three arbitrators in accordance with the procedure laid down hereafter:
 - (a) each Party shall appoint an arbitrator within sixty (60) days from the date of reception of the notification for the request for arbitration by the arbitration panel addressed by the other Party through diplomatic channels; the third arbitrator should be appointed by the other two arbitrators within sixty (60) additional days. ARTICLE 24

Safeguard Measures

1. The Parties shall take any general or specific measures required to fulfil their obligations under this Agreement. They shall ensure that the objectives set out in this Agreement are attained.

2. If either Party considers that the other Party has failed to fulfil an obligation under this Agreement, it may take appropriate safeguard measures. Safeguard measures shall be restricted with regard to their scope and duration to what is strictly necessary in order to remedy the situation or maintain the balance of this Agreement. Priority shall be given to such measures as will least disturb the functioning of this Agreement.

3. A Party which is considering taking safeguard measures shall without delay notify the other Parties through the Joint Committee and shall provide all relevant information.

4. The Parties shall immediately enter into consultations in the Joint Committee with a view to finding a commonly acceptable solution.

5. Without prejudice to Articles 3(d) (Authorisation), Article 5(d) (Refusal, Revocation, Suspension, Limitation of Authorisation) and Articles 14 (Aviation Safety) and 15 (Aviation Security) of this Agreement, the Party concerned may not take safeguard measures until one month has elapsed after the date of notification under paragraph 3 of this Article, unless the consultation procedure under paragraph 4 of this Article has been concluded before the expiry of the stated time limit.

Relationship to other Agreements

1. The provisions of this Agreement shall prevail over the relevant provisions of existing bilateral agreements between Georgia and the Member States. However, existing traffic rights which originate from these bilateral agreements and which are not covered under this Agreement can continue to be exercised, provided that there is no discrimination between the Member States and their nationals.
2. The Parties shall consult in the Joint Committee, upon request of either side, to recommend whether Georgia should join the ECAA Agreement.
3. If the Parties become parties to a multilateral agreement, or endorse a decision adopted by ICAO or another international organisation, that addresses matters covered by this Agreement, they shall consult in the Joint Committee to determine whether this Agreement should be revised to take into account such developments.

5. When new legislation or an amendment to its existing legislation in the field of air transport or an associated area mentioned in Annex III to this Agreement is being considered by either Parties, it shall inform the other Party as appropriate and possible. At the request of either Party, an exchange of views may take place in the Joint Committee.
6. Each Party shall regularly and as soon as appropriate inform the other Party of newly adopted legislation or amendment to its existing legislation in the field of air transport or an associated area mentioned in Annex III to this Agreement. Upon the request of any Party, the Joint Committee shall within sixty (60) days thereafter hold

an exchange of views on the implications of such new legislation or amendment for the proper functioning of this Agreement.

7. Following the exchange of views referred to in paragraph 6 of this Article, the Joint Committee shall:

- (a) adopt a decision revising Annex III to this Agreement so as to integrate therein, if necessary on a basis of reciprocity, the new legislation or amendment in question;
- (b) adopt a decision to the effect that the new legislation or amendment in question shall be regarded as in accordance with this Agreement; or
- (c) recommend any other measures, to be adopted within a reasonable period of time, to safeguard the proper functioning of this Agreement.

ARTICLE 27

Termination

Either Party may, at any time, give notice in writing through diplomatic channels to the other Party of its decision to terminate this Agreement. Such notice shall be sent simultaneously to ICAO and to the UN Secretariat. This Agreement shall terminate at midnight GMT at the end of the IATA traffic season in effect one year following the date of written notification of termination, unless the notice is withdrawn by mutual agreement of the Parties before the expiry of this period.

ARTICLE 28

Registration with the International Civil Aviation Organisation and the United Nations Secretariat

This Agreement and all amendments thereto shall be registered with the ICAO and with the UN Secretariat.

ARTICLE 29
