**Notes on tables**

- Note 1: Four additional Maidstone East services must operate and arrive in London St. Pancras arriving at London Blackfriars between the hours of 10:00 and 12:00 (over and above requirements in rest of table).  
 Note 2: Sevenoaks services not required to travel further north than Blackfriars.  
 Note 3: These may be reduced by up to two trains per hour during these periods if Epsom is served by two trains per hour to/from London St. Pancras via West Croydon and maintaining total of 16 trains per hour through East and West Croydon stations combined.  
 Note 4: Four additional Maidstone East services must operate from London St. Pancras, departing London Blackfriars between the hours of 14:00 and 21:00 (over and above requirements in rest of table).  
 Note 5: There must be a maximum service interval of 80 minutes between Three Bridges and Bedford in both directions between the hours of 02:00 and 06:59, with the exception of Saturday night / Sunday morning.  
 Note 6: Services "Sutton via Hackbridge" and "Sutton via Wimbledon" must continue to operate as current "Wimbledon Loop" service, joined through Sutton.  
 Note 7: Services not required to call at City Thameslink before 09:00 or after 21:00 on a Saturday.

**North - South linkages**

- Note 8: Services must operate at four trains per hour between Bedford and Gatwick Airport, and a minimum of two trains per hour between Bedford and Brighton day with the hours of 07:00 and 21:59, with two trains per hour between Bedford and Gatwick Airport between 22:00 and 01:59.  
 Note 9: Services must operate at a minimum of two trains per hour between ECML destinations north of Stevenage and Gatwick Airport throughout main operating day with commensurately reduced services outside that period.  
 Note 10: Bidders should note the Department's aspiration that all services between the Wimbledon Loop and London St. Pancras continue to serve St. Albans. For the avoidance of doubt this aspiration is not a requirement within the meaning of the ITT.

- Note 3: These may be reduced by up to two trains per hour during these periods if Epsom is served by two trains per hour to/from London St. Pancras via West Croydon and maintaining total of 16 trains per hour through East and West Croydon stations combined.
- Note 4: Four additional Maidstone East services must operate from London St. Pancras, departing London Blackfriars between the hours of 14:00 and 21:00 (over and above requirements in rest of table).
- Note 5: There must be a maximum service interval of 80 minutes between Three Bridges and Bedford in both directions between the hours of 02:00 and 06:59, with the exception of Saturday night / Sunday morning.
- Note 6: Services "Sutton via Hackbridge" and "Sutton via Wimbledon" must continue to operate as current "Wimbledon Loop" service, joined through Sutton.
- Note 7: Services not required to call at City Thameslink before 09:00 or after 21:00 on a Saturday.

**North - South linkages**

- Note 8: Services must operate at four trains per hour between Bedford and Gatwick Airport, and a minimum of two trains per hour between Bedford and Brighton day with the hours of 07:00 and 21:59, with two trains per hour between Bedford and Gatwick Airport between 22:00 and 01:59.
- Note 9: Services must operate at a minimum of two trains per hour between ECMC destinations north of Stevenage and Gatwick Airport throughout main operating day with commensurately reduced services outside that period.
- Note 10: Bidders should note the Department's aspiration that all services between the Wimbledon Loop and London St. Pancras continue to serve St. Albans. For the avoidance of doubt this aspiration is not a requirement within the meaning of the ITT.
