Subject: Stoke city deal - DECC contacts

REDACTED

I understand that my colleague REDACTED sent you his details, and he would be happy to discuss Renewables Obligation/ LCF if you want to get in touch with him. The ask that was set out in the last version of the proposal we saw seemed to misunderstand what the LCF is.

I asked another colleague REDACTED to contact you a couple of weeks ago regarding CBM and the Office of Unconventional Oil and Gas – did you speak with her? Her email is REDACTED@decc.gsi.gov.uk

Let me know if anything else I can help with, as I know your deadlines are drawing very near.
