REDACTEDREDACTED

Thanks for the proposal – just to clarify, has this been finalised in terms of being submitted to Cabinet Office, or is it still draft?

There were some asks for DECC which I hadn't seen before (e.g. funding from Office for Unconventional Hydrocarbons, and a secondee on energy networks). Also some asks which I don't think would be possible (e.g. grant funding for geothermal, as per my previous email). It would be good to discuss before the meeting with Phil – are you free for a quick chat before 5pm today or on Monday? Or you mentioned you would be doing some further work by end of this week in terms of the asks and a progress update – will you be sending something further?

One or two people from Cabinet Office will join the meeting, in terms of keeping joined up with the wider City Deal process – hope this is ok with you.

Hi REDACTED – that sounds good - do you have latest copy of the City Deal which you could send me? Is it now finalised and has it gone to Cabinet Office yet? If it is not yet finalised, would it be helpful for colleagues here to take a look and send any comments? I am sure it would be useful for Phil to see a copy before the meeting.

I think REDACTEDREDACTED or someone from his team will also join the meeting with Phil, given the links with our work on heat. I will also join. If there is anything in particular you want to focus on, other than what we have discussed to date, please let me know. I understand you will be meeting separately with REDACTED about ECO this week.

REDACTED , thanks again for sorting this all for next week.

We thought it would help if we did a short run through of the work in Stoke-on-Trent and North Staffs, to give the broader picture, before looking at some of the specifics of the city deal, the asks etc – hopefully that's enough of an agenda. Do let me know if Phil would appreciate a copy of our City Deal.

In addition to the pair of us attending we were also going to inform the City Deal Lead from Staff County Council (the CEO) our partner authority in case he were available – I'll let you know if he can join us, in case that affects room bookings and the like (we appreciate there may be one or two other colleagues attending your end too)

Look forward to seeing you next week

Regards

REDACTEDREDACTEDREDACTED

Phil would be more than happy to meet with you to discuss the Stoke City Deal. Please find below his availability between the dates mentioned by REDACTED in June:

12 June anytime between 10:30-15:30

13 June either at 11:15, 12:00 or 14:00

18 June either at 15:00 or 15:30

Once confirmed, I will book a room here at 3 Whitehall Place, London SW1A 2AW. Do come back and let me know if none of the above are convenient and I will try to find some alternatives.

Many thanks
