Dear REDACTED reg 12(3) and 13,

**ELECTRICITY ACT 1989: PARAGRAPHS 6 AND 8 OF SCHEDULE 4**

**APPLICATION BY NORTHERN ELECTRIC DISTRIBUTION LIMITED FOR A NECESSARY  
WAYLEAVE TO RETAIN ELECTRIC LINES AT LAND TO SOUTH OF FIELD LANE,  
HESLINGTON, YORK**

I refer to Northern Electric Distribution Limited application of 12 September 2008 to the Secretary of State under the above provisions for a necessary wayleave to authorise the company to keep installed electric lines at the above land leased to the University of York: the application was considered by REDACTED reg 12(3) and 13 BEng, MSc, CEng, FIET through a hearing on 27 January 2009

## Continuation 2

The Secretary of State has carefully considered REDACTED reg 12(3) and 13 report (copy attached) and has granted a necessary wayleave authorising the company to keep installed the electric lines in question **for a period of sixteen months from the date of this letter.** This period is intended to allow NEDL the time needed to install the line on an alternative route and remove the existing line. It is slightly less than the period recommended by the Inspector as the contingency time has been removed; the department anticipates NEDL will be able to work with the University and its representatives to complete the works within the sixteen months.

The temporary necessary wayleave dated 15 June 2009 is attached.

I have written in similar terms to Northern Electric Distribution Limited and a copy of this letter has been sent to Wrigleys Solicitors LLP.

Yours sincerely,

REDACTED reg 12(3) and 13
