Review

Before the end of each review period, the Secretary of State undertakes to review all of the relevant Immigration Rules including any Relevant Rule amended or added by these changes.

The Secretary of State will set out the conclusions of the review in a report and publish the report.

The report must in particular:

- a) consider each of the Relevant Rules and whether or not each Relevant Rule achieves its objectives and is still appropriate; and
- b) assess whether those objectives remain appropriate and, if so, the extent to which they could be achieved with a system that imposes less regulation.

“Review period” means:

- a) the period of five years beginning on 6 April 2012, and
- b) subject to the paragraph below, each successive period of five years.

**EXPLANATORY MEMORANDUM TO
THE STATEMENT OF CHANGES IN IMMIGRATION RULES
PRESENTED TO PARLIAMENT ON 5 SEPTEMBER 2012 (HC 565)**

1. This explanatory memorandum has been prepared by the Home Office and is laid before Parliament by Command of Her Majesty.

2. **Purpose of the Instrument**

2.1. The purpose of these changes are to amend the Immigration Rules to:

- include requirements to be met by migrants where those requirements are not currently in the Rules but are specified in guidance external to the Rules.
- incorporate compulsory screening for pulmonary tuberculosis for migrants coming to the UK for over 6 months, from some specified countries.
- ensure the Rules relating to family and private life reflect the policy intention and work with the provisions for dependants of Points Based System migrants.
- improve the operation of the Tier 1 (Exceptional Talent) provisions through refined eligibility criteria, allowing some in-country switching and reducing bureaucracy.
- add Botswana and Malaysia to Annex H, which is the list of countries and regions from which applicants are subject to different documentary requirements under Tier 4 of the Points Based System.
- amend the table of Government Approved Exchange Schemes within Tier 5 (Temporary Worker).
- correct some typographical errors.

3. **Matters of special interest to the Joint Committee on Statutory Instruments or the Select Committee on Statutory Instruments**

3.1. This Statement of Changes amends the Immigration Rules further to the judgment of the Supreme Court in *R (on the application of Alvi) (Respondent) v Secretary of State for the Home Department (Appellant)*. The judgment requires that any requirements which, if not satisfied by the migrant, would lead to an application for leave to enter or remain being refused must be included in the Immigration Rules and laid before Parliament in accordance with the procedure set out in section 3(2) Immigration Act 1971.

3.2. This therefore follows the previous Statement of Changes (Cm8423) which also amended the Rules in light of the same judgment. That statement addressed the majority of the requirements set out in guidance, but it was not possible to identify and address all of them in the timescale required to preserve the ongoing operability of the

Immigration Rules. These changes therefore address the remaining requirements that migrants cannot currently be required to meet. For this reason it is necessary to bring these changes into force with immediate effect.

3.3. These changes also amend the Family and Private Life Rules as set out in Part 7, Part 8, Appendix FM and Appendix FM-SE. Those changes are not related to *Alvi v SSHD*, are technical in nature and serve to ensure the Rules deliver the original policy intention. They are included in this Statement of Changes as it is the first opportunity to correct these provisions and ensure that migrants are not unintentionally disadvantaged.

3.4. The Government regrets that for these changes it has not been possible to fully comply with the convention that changes should be laid before Parliament no less than 21 days before they will come into force, but invites the Committee to note that most of the changes that come into force immediately have no operational impact on applicants, sponsors or caseworkers. The changes primarily incorporate existing requirements, currently set out in guidance or lists external to the Immigration Rules, into the Rules themselves to protect against further legal challenge.

3.5. The remaining changes in these Rules are to Tier 1 (Exceptional Talent) and the Tier 4 list of low risk nationalities. These will therefore come into force on 1 October as there was no operational need to bring those Rules into force immediately.

4. Legislative Context

4.1. The Immigration Rules, as laid before Parliament by the Home Secretary, constitute a statement of practice to be followed in the administration of the Immigration Act 1971 for regulating entry into, and the stay of persons in, the United Kingdom.

4.2. This Statement of Changes in Immigration Rules will be incorporated into a consolidated version of the Immigration Rules, which can be found under the 'Policy and Law' page at www.ukba.homeoffice.gov.uk where there are also copies of all the Statements of Changes in Immigration Rules issued since May 2003.

4.3. All these changes to the Immigration Rules will come into force on 6 September 2012 and will apply to all applications decided on or after that date except those relating to the Tier 1 (Exceptional Talent) route and the Tier 4 list of low risk nationalities which will come into force on 1 October and will apply to all applications received after that date. For the changes that come into force on 1 October 2012, if an applicant makes an application for entry clearance or leave before 1 October 2012 and the application has not been decided before that date, it will be decided in accordance with the rules in force on 30 September 2012.

5. Territorial Extent and Application

5.1. This instrument applies to all of the United Kingdom

6. European Convention on Human Rights

6.1. As this Statement of Changes in Immigration Rules is subject to a negative resolution procedure and does not amend primary legislation, no statement is required.

7. Policy Background

7.1. A summary of the policies and practices being included in the Immigration Rules by this Statement of Changes follows:

Family Rules

7.2. The Statement of Changes in Immigration Rules laid on 19 July 2012 (Cm 8423) supplemented Appendix FM of the Immigration Rules by Appendix FM-SE. This incorporated into the Rules detailed requirements as to evidence relating to financial requirements, marriage or civil partnership, English language requirements and adult dependent relatives. This Statement of Changes extends the detailed scope of those requirements, clarifies the drafting of some aspects, and applies those requirements where relevant to family route applications under Part 8 of the Immigration Rules.

7.3. This Statement of Changes also clarifies the drafting of some aspects of Appendix FM and makes additional transitional provisions, in particular as to the operation of Part 8 of the Rules

Long residence and Private Life Rules

7.4. This Statement of Changes clarifies the drafting of some aspects of paragraphs 276A-276BE of the Immigration Rules as they deal with applications for leave to remain on the basis of private life and makes additional transitional provisions as to the operation of Part 7 of the Rules.

Overseas Domestic Workers in private households

7.5. Paragraph 159A of the Rules allows visitors to the UK to bring their domestic worker to the UK with them for a maximum period of six months to work in their private household. Paragraphs 159D and 159EA set out requirements for an extension of stay as a domestic worker where a person is still required for employment as such. At present the documents that must be produced with an application as evidence of the above requirements are set out in guidance and not in the Rules. These changes to the Rules specify the form of the evidence to be produced.

Private servants in diplomatic households

7.6. The Tier 5 International Agreement category allows diplomats who are posted to the UK to bring a domestic worker to the UK to work in their private household for the duration of their diplomatic appointment. The Rules (Paragraphs 245ZO and 245ZQ) set out respectively the entry requirements and requirements for an extension of stay, including that written terms and conditions of employment in the UK are produced, signed by both the employer and employee and that the former undertakes to pay the domestic worker in accordance with National Minimum Wage legislation. The changes to the Rules specify the form in which that is to be produced.

Life in the UK Test

7.7. Applicants who apply for settlement are required to pass the “Life in the UK Test”, administered by a provider approved by the Secretary of State. These changes specify the current approved provider as being Learndirect limited.

Points-Based System – General

7.8. The mandatory information that Sponsors of Tier 4 (General) Students must provide on a Confirmation of Acceptance for Studies (the electronic document that provides evidence of sponsorship) is being incorporated into the Rules, having previously been set out in guidance.

7.9. Where an applicant provides evidence of maintenance funds from more than one account, the date that the funds are assessed by is taken from the closing balance of the account that most favours the applicant. This detail is being incorporated into the Rules, having previously been set out in guidance.

7.10. An error in Appendix J is being corrected, to confirm that jobs with a salary of £70,000 or above are exempt from the requirement to be advertised in Jobcentre Plus (or JobCentre Online in Northern Ireland), not £150,000 or above as stated in Cm 8423.

7.11. Amendments are being made to Appendix I which contain Rules which it is planned will apply to applications for settlement made in the Tier 2 general and sportpersons categories from April 2016. The Rules are being amended to make it explicit that the requirement to be met is that the applicant is earning £35,000 or the appropriate rate at the point they apply for ILR.

7.12. Changes are being made to the table of Government Authorised Exchange Schemes within Tier 5 (Temporary Worker). A new Korean Teacher Exchange Programme has been added to the list of approved schemes, and the overarching sponsor which operates the Mandarin Teachers Programme has changed.

7.13. Corrections are being made to paragraph numbering and cross-referencing within the Rules.

Amendments to Tier 1 of the Points-Based System

7.14. Tier 1 of the Points-Based System caters for high value migrants, and currently consists of five categories: Tier 1 (Exceptional Talent), Tier 1 (General) – closed except for extension applications, Tier 1 (Entrepreneur), Tier 1 (Investor) and Tier 1 (Graduate Entrepreneur).

7.15. In April 2011 the Tier 1 (Exceptional Talent) category was introduced for those who lead or show exceptional promise in the fields of science, humanities, engineering and the arts, who have been endorsed by a Designated Competent Body and wish to work in the UK. The Home Office has been reviewing the effectiveness of this route over its first year of operation. As a result, a number of minor changes are being made to improve the operation of the route:

- A small amendment is being made to the definition of the purpose of the scheme, to explain that the “exceptional promise” aspect does not apply to the

field of the arts. This is because the Arts Council (the Designated Competent Body for this field) does not endorse applicants with “exceptional promise”. It is considered impractical to define criteria for “exceptional promise” in this field and that to admit such applicants may reduce the opportunities for UK nationals trying to break into this field.

- Small amendments are being made to the criteria used by The Royal Society, The Royal Academy of Engineering and The British Academy to assess applicants, following discussions with these Designated Competent Bodies. The amendments are to require letters of recommendation to be dated, and to set out additional research experience that may be accepted.
- Currently the category is open to applicants from outside the UK only. These changes widen the eligibility to allow applications from within the UK from all Tier 2 (General) Migrants and from those Tier 5 (Temporary Worker) Migrants who are sponsored researchers.
- This category is subject to an annual limit of 1,000 places. The limit is managed through a system in which applicants must request a Unique Reference Number (URN) before they apply. The UK Border Agency is now able to manage the limit without relying on this URN system, and so it is being removed. This will reduce bureaucracy for applicants.
- A clarification is being made to the criteria for extension applications, to confirm that the requirement for applicants to be economically active in their field of expertise means that they must have earned money in the UK in that field, during their most recent period of leave in the UK, and to set out the evidence of these earnings that applicants must provide.

Tier 4 of the Points Based System

7.16. Annex H of the immigration rules lists the countries and regions from which applicants are subject to different documentary requirements under Tier 4 of the Points Based System. The UK Border Agency has reviewed the list, re-assessing countries against a range of risk and compliance criteria, and concluded that two additional countries merit addition to the list on the basis of the high levels of compliance of their students: Botswana and Malaysia.

Dependants of Points Based System Migrants

7.17. Partners of Points Based System migrants who entered the UK after 9 July 2012 are now required to complete a five year probationary period before they can apply for settlement. Where the main Points Based System migrant obtains settlement prior to their partner, these changes will enable the dependant to obtain a grant of further leave to remain in the Points Based System dependant category, rather than requiring the partner to apply for leave to remain as the partner of a person who has subsequently settled.

7.18. Where the Points Based System migrant has obtained settlement and their partner applies for further leave to remain as a Points Based System dependant, the duration of any leave will be for three years at a time to allow for the possibility that the

partner will not meet the requirements for settlement on completion of the five year probationary period.

7.19. These changes also allow a PBS Migrant's partner to amalgamate leave granted to them as the dependant of a Relevant Points Based System Migrant, together with any leave granted to them as the spouse, civil partner, unmarried or same-sex partner of that same person when they held leave under another category of these Rules, and count that towards the probationary period for settlement.

7.20. Changes are also being made to the rules for children of Points Based System Migrants (paragraphs 319F to 319J) to enable a child to join his parents in the UK after the Relevant Points Based System Migrant has been granted settlement and to provide that, unless the Relevant Points Based System Migrant has sole parental responsibility, a child should not be granted settlement in the UK until both his parents are settled or about to become settled. These changes close a lacuna in the existing provisions and ensure consistency with the Family rules (Appendix FM).

7.21. A minor, technical change is being made to the transitional provisions in HC 194 to make absolutely clear the interaction between Part 8 of the Rules and the new Family Migration Rules which came into force on 9 July. The change makes it clear to applicants that paragraphs 319AA-319J in Part 8 of the Rules continue to apply, to applications made on or after 9 July 2012, by persons who have made an application for entry clearance, leave to enter or remain as the spouse, civil partner, unmarried partner, same sex partner, or child of a Relevant Points Based System Migrant and that those Rules are not subject to any additional requirements listed in Appendix FM.

Visitors

7.22. The conditions of leave for all categories of visitors have been amended to reflect that where stated, they have restrictions on taking up employment, study and accessing public funds.

Child visitors

7.23. The Rules have been amended to include the list of UK Border Agency approved accreditation and inspection bodies for institutions where a child visitor has been accepted for a course of study. They also contain a requirement for an institution to hold a valid and satisfactory full institutional inspection, review or audit from one of the specific inspection and audit bodies. The Rules also set out the types of schools where child visitors are permitted to undertake an exchange or educational visit.

Business visitors

7.24. The Rules have been amended to set out the permissible activities that business visitors can undertake in the UK. They also clarify that business visitors may carry out corporate training in the UK where it is delivered by an outside provider to overseas and UK employees of the same group of companies.

7.25. For individuals seeking leave to enter or to extend their leave as a Graduate undertaking the Professional and Linguistic Assessment Board (PLAB) Test, the Rules have been amended to specify the evidence required.

Sports visitor

7.26. The Rules have been amended to list the activities that a sports visitor may undertake during and in the margins of a sporting event, series of events and sports tournament.

Entertainer visitor

7.27. The Rules have been amended to list the cultural events and festivals that professional and amateur entertainers may take part in, this having previously been set out in guidance.

Student visitors

7.28. The Rules have been amended to list the UK Border Agency approved accreditation, inspection and audit bodies for institutions offering a course of study to student visitors. They also contain a requirement for an institution to hold a valid and satisfactory full institutional inspection, review or audit from one of the specific inspection and audit bodies.

Visitors undertaking permitted paid engagements

7.29. The Rules have been amended to clarify that for professionals coming to undertake lectures in their area of expertise, they may do so only in as much as it does not extend to lecturing which replaces a formal teaching role.

Tuberculosis screening

7.30. The UK has had a longstanding policy of screening new entrants from high incidence tuberculosis countries intending to remain for over six months. Screening has been conducted at ports of entry and, since October 2005, pre-entry in some high incidence tuberculosis countries. On 21 May the government announced its intention to expand upon the pre-entry screening programme as that allows for more extensive screening. Entry clearance applicants intending to come to the UK for over six months from countries where pre-entry screening is available will be required to present a certificate from a designated screening provider confirming that screening has been conducted and that the applicant is not suffering from active pulmonary tuberculosis. Where tuberculosis is detected, the applicant will be required to undertake treatment and further screening before any entry clearance application can be made.

8. Consultation

8.1. As the effect of these changes is to incorporate into the Immigration Rules pre-existing requirements set out in guidance or to correct anomalies and better reflect stated policy intentions these changes were not the subject of a formal consultation.

9. Guidance

9.1. Where necessary guidance will be updated and placed on the UK Border Agency website. Guidance will not require updating where the Rules have been updated in order to reflect existing requirements as set out in guidance.

10. **Impact**

10.1. Where the effect of these changes is to incorporate into the Immigration Rules requirements which are already specified in guidance and lists external to the Rules, they have no operational impact on applicants, sponsors or caseworkers.

10.2. Where the effect of these changes is to make technical amendments to the Family Rules, these do not represent a change of policy intention. Therefore the original impact assessment published on the UKBA website remains valid. This can be found at: <http://www.ukba.homeoffice.gov.uk/sitecontent/documents/news/fam-impact-state.pdf>.

10.3. Other changes covered in this statement are minor and expected to be of limited impact, such that an impact assessment is unnecessary.

11. **Regulating small business**

11.1. This Statement of Changes has no impact on small businesses.

12. **Monitoring and review**

12.1. The review clauses at the beginning of this Statement of Changes require the Secretary of State to review the operation and effect of all of the relevant Immigration Rules, including any Rules amended or added by the changes in this Statement, and lay a report before Parliament within five years of 6 April 2012, and within every five years after that. Following each review the Secretary of State will decide whether the relevant Immigration Rules should remain as they are, be revoked or be amended. A further Statement of Changes would be needed to revoke or amend the relevant Rules.
