PUB CONSULTATION.

TO WHOM IT MAY CONCERN

I Have recently taken on the tenancy of with admirals taverns as a tied tenant. I am more than happy with the terms I have agreed. I am therefore very concerned that the proposed review and legislation regarding the tenant landlord relationship could severely affect the viability of my deal with Admiral.

I can't understand why there needs to be a review I don't want higher rent in swap for better discounts it just does not stack up!

I am not unhappy with my deal and see no reason to change it.

if the system isn't broken why fix it? it's a waste of time and tax payers money!

Leave it alone!
