Ronnie / To whom it may concern

Ronnie I hope your well

I am aware that the government are trying to discuss the Pub Tie as a Publican within your constituency I am would like to advise you of the following.

As you aware we have run the [redacted] now for nearly 8 year . In this time we have been supported by the Pub Company Punch Taverns.

We would like you to note that Punch Taverns have at all times listen to us when we have need support in relation to drink prices and help with with maintenance issues rates appeals and have always acted and helped us along with way . I feel without their support in the current climate we would not have been able to sustain our livelihood and their commitment to us has always be transparent. I feel having worked with other pub companies over the years that Punch Taverns is the best company to deal with for support and straight cut answer to any queries and issues we may have.

The always have training for us to keep updated with government policies , also so we can have our staff trained they have arrange discounts with training agents, so we are constantly employing staff and given them training which helps us and provides a service to the customers.

Punch also hold a yearly Road show normal at Newcastle Racecourse which has many things going from many different supplies from food to technology , also through Punch they have agreed great discounts many of which we would not be able to obtain ourselves as small community pub. These discounts mean that we constantly active in given our customers not only quality but at prices that are in line with Pubs which are free of tie.

As you are aware we hold our Fun day every year for Macmillan and have raised over thousands of pounds for a great cause, This has also been done with great assistance from our Area Manager at Punch , I who helps us by supporting this event and making this a great day for the community which you yourself have greatly given your own time to come to and open for us .

I hope that if needed you use this as part of your own research and comment on our behalf when the Pub Tie is discuss with Vince Cable in the House that Punch Taverns have helped in your community and as one of you longest serving Landlords that you understand why I have to send you this email to voice my thoughts to you.

Please feel free to contact me should you wish to discuss this further in person on [redacted] or my mobile [redacted]

Also while I send this email it is our Fun Day on the 3rd August and I do not know if you are free to pop along like you have done before to open our day and also if possible provide us with a prize for our raffle . I will send a message to [redacted] to see if he is available for this day as well.

Thanks once again for your time

Regards
