**From:****Sent:** 2013 17:24**To:** Pubs Consultation Responses**Subject:** Campaign against unfair pubcos

My name is [redacted] me and my husband ran a beautiful [redacted] country inn in the village of [redacted] called the [redacted]. We owned the lease but Enterprise Pubco owned it. We had the pub for two years and in [redacted] of this year had to walk away and hand our lease back to Enterprise we lost everything all due to high rents and overpriced beer. It was six weeks ago the pub has been empty since then. We begged them to reduce our rent but they obviously wouldn't, they prefer an empty pub. The village where devastated to lose their pub we had worked hard to build a relationship with the villagers but Enterprise dont care about us or the community. They need stopping not only are we losing beautiful pubs but causing devastation to families running them. We are in the process of bankruptcy at the moment.

Former owners of [redacted]
