

4th June 2013

Dear Rt hon Dr Vince Cable.

Ref:- Government Consultation Pub Co and Tenants April 2013

For the past 16 years I have been running the [pub with my husband under a punch tenancy. A number of years ago we got into some financial difficulties, which punch helped us resolve, which resulted in us being able to stay in the Pub.

Punch restructured the deal and gave us a new tenancy deal which included a £50,000 refurb which improved the sustainability of the business. This helped us stay in pub otherwise we would have failed and would have been out of business.

In addition to this Punch has given us lots of marketing help, also we have had a number of BRT's down the years who we get to see and speak to on a regular basis. These BRT's have given us lots of help and support when we have asked them for help.

would recommend Punch to others. I also hope to continue running the for many years to come.

Yours sincerely:
