Subject: Pubs consultation

To who may concern,

has licensees with two pubs leased through Enterprise Inns and Trust Inns we have taken both pubs from low to a very respectable level of barrelage in a short period of time.

Through Enterprise Inns we acquired our first pub which was very run down, but the rent was reasonable and it was a fantastic opportunity for us, with relatively small funds to be able to get our own pub. We have found that our relationship works well because we feel we have been treated fairly, especially when it comes to our rent. We have a rent review in two years which we are sure, both parties will come to a fair and just rent, considering how well we have worked together. We are sure we can say the same about Trust Inns.

Your Sincerely
