

Dear sir

I have been this Tenant at this
Pub in for the last
years with my Landlord Admiral Taver

I have a good relationship with my
B.P.M. and all at the

company and feel that they have
always been supportive of Development
and investment in my business.

My B.P.M. provides support with
Training and ensures that the pub is
always in good condition

I am concerned that with this threat
of further legislation that effects
relationships between myself and my Pub
company may damage my future business
I work in an industry that is already
awash with red tape and don't feel
more changes are required

I ~~have~~ have also sent a copy to my
local M.P.

yours faithfully
