Subject: Consultation on the proposed Statutory Code in the Tennant - Pub Co relationship

1074.

As a newcomer to the business of running a licenced outlet, I would like to put on record my experience over the last year.

I operate the _____ and have a lease with Enterprise Inns. This is my first venture and whilst the last 12 months have been far from perfect, I have always found the Enterprise team to be helpful and professional in their dealings with me.

In the areas of rent, supply terms and property issues, Enterprise could not have been clearer in the negotiation process. Their pre entry training programme was excellent.

I fail to see why the Government is involving itself into what is essentially a commercial agreement entered into by willing parties I would rather they spend their time sorting out the economy to create an environment where small businesses can flourish. Instead our industry has attracted a number of opportunist Politicians who jump on any bandwagon which is passing.

There is no way I could have entered this business if it was not for the Tied model operated by the pub Co's and in particular Enterprise Inns. If you would like to know more about the _____ please click on the link below to our website

Incidentally this was funded by Enterprise as part of the marketing support given at the beginning of my agreement
