Reference: Government Consultation Pub Companies and Tenants April 2013

To whom it may concern, please see below my testimonial for our latest venture with Punch Taverns and their PDM,

*'Following a large joint investment, [redacted] are pleased to be in partnership with Punch Taverns as the new tenants of [redacted].
The site has recently undergone a major refurbishment and now sits proudly in the local community with a strong drinks and value food offer in a friendly environment.*

*The refurbishment has been made possible due to the continued good working relationship between the two companies that has developed over a long period of time.
Strong, continued support has been in place throughout and this remains today, with the catering teams and regional managers immediately available and also the back office teams with promotional and IT requirements.*

This project not only emphasises Punch's desire to provide quality public houses but has also given a much needed boost the local area with a number of new jobs being created'

Regards

Director
