Dear Sir/Madam,

Government Consultation Paper “Review of the Siting Process for a Geological Disposal Facility”, September 2013.

I am writing on behalf of Lazonby Parish Council to inform you that they fully support Cumbria Association of Local Councils (CALC) response to the Government Consultation Paper “Review of the Siting Process for a Geological Disposal Facility”, September 2013.

Furthermore, they wish to express their concerns about the process appearing not to be democratic at local level or County level and therefore fails to encompass the views of all concerned with this matter.

Please can you acknowledge receipt of this letter.

Yours faithfully,

Rebecca Wyatt
Clerk to the Parish Council.
