This list includes all banks that have unconditionally adopted or readopted the Code. Adoption will cover all a group's operations in the UK and, in the majority of cases, only an agreed principal name for the overall adopting group is shown.

Where requested HMRC has agreed to include names in addition to the principal group name if;

- The names on the Prudential Regulation Authority lists are so different that it would not be obvious that they are connected and covered by the same adoption, or
- A group operating in the UK does so through separately named and independently managed entities and the are so different that it would not be obvious that they are connected.
