Eye Test Policy for Users of Display Screen Equipment

1. **Purpose**

This policy outlines the arrangements for eye and eyesight testing at Monitor.

2. **Scope**

This policy covers all staff who work under a contract of employment on a permanent or fixed-term appointment with Monitor and who habitually use display screen equipment as a significant part of normal work (for continuous spells of an hour or more at a time).

3. **Policy Statement**

You are entitled to request an appropriate eye or eyesight test to be carried out by a competent person. You may request a test at regular intervals (two years or longer).

You are also entitled to special corrective appliances appropriate for the work required by your role, where:

- normal corrective appliances cannot be used; and
- the result of any eye and eyesight test, which the user has been given in accordance with this policy, shows such equipment to be necessary.

The cost of the test plus a contribution towards special corrective appliances, if needed for VDU-use only, will be met by Monitor; up to £30 for the test and up to £60 contribution for special appliances.

If you think you are eligible (in terms of the above), and wish to have an eyesight test please complete the attached form and have it countersigned by Human Resources.

Please also ask your optician to complete the form ‘Result of VDU Eyesight Examination’ (below).

All information provided by the optician will be held on your personal file.

*This policy has been in operation since August 2004 and was updated in August 2005, September 2006 and September 2008.*
