

APPENDIX A

INFORMATION WE NEED TO VALIDATE YOUR APPLICATION FOR A SPONSOR LICENCE.

We will always need to gather evidence to support and validate your application. In most cases we will need to check and validate a minimum of four pieces of information about you. This will usually involve you having to send us some documents, but in some circumstances we may be able to do an online check instead of asking you for a document. There is certain information that we must be able to check before we can make a decision on your application. This will be based upon:

- what kind of organisation you are;
- which tiers and categories you are applying for.

The following tables list all of the information we will need to check and tell you whether you need to send a document. The easiest way to work out which documents you need to send is to work your way through each of the following tables starting with Table 1.

Table 1 sets out some limited circumstances when you do not have to send four documents. If you are listed in this table you need only send the documents described and in some cases you may not need to send any documents at all. **If you are not listed in Table 1, you should then look at Table 2.**

Table 2 sets out all the documents which you must send (we describe these as 'mandatory') based on the kind of organisation you are. It also sets out some other documents we will accept from you in addition to those which are mandatory. **Once you have identified any documents in Table 2 that you must send us, you should then look at to table 3.**

Table 3 sets out all of the documents which are mandatory based on the Tier/category you are applying for. **After you have looked at Tables 1, 2 and 3, if you haven't identified four documents to send to us, you must then look at table 4 which lists all of the other documents we will accept to make your total up to four documents.**

Table 4 sets out all other documents you can send if you still need to make your total number of documents up to a minimum of four. You must make sure you have read the full guidance for sponsors before you submit your application. There are some examples in section 8 of Part 1 which explain how to put together the right documents to send to us to validate your application. The full guidance is available on our pages on the GOV.UK website at www.gov.uk/government/collections/sponsorship-information-for-employers-and-educators

Any documents you send to us must be originals or certified copies. Printouts of PDF files are copies of an original document and must be certified in line with the guidelines below. The certifier must confirm that they have seen the original e-mail containing the PDF document.

Tier 2, Tier 4 and Tier 5 of the Points Based System – Sponsor Guidance

Appendix A

A certified copy is one that includes a signed statement, either by the issuing authority or by a practicing barrister, solicitor or notary. The certifier must confirm that it is an accurate copy of the original document. Please note that for certified copies, each page of a document submitted must be certified, clearly detailing the certifier's name, signature and the organisation he/she represents. Sometimes, when a document has more than one page, the certifier does not want to certify every page. We will accept the document if the pages are all attached together (such as stapling) and the top page is certified as described. The certification must also clearly state how many pages have been certified. If a certifier's details cannot be verified, the document will be rejected.

Once you have submitted your online application, you must send the following to validate it.

- the original submission sheet (not a certified copy), signed and dated by the authorising officer (all pages must be sent)
- all of the mandatory documents listed on the submission sheet (originals or certified copies).

These must all be sent in together within five working days of the date you submit your online application.

You must send all of the above items together for your application to be valid. If any of the items are missing or incorrect, your application will be invalid. Invalid applications will be rejected and the application fee refunded. If there are any documents specified in Appendix A other than mandatory documents missing from your application, or if we require any additional documents, we will contact you by email. We will give you seven calendar days to send those documents to us. If you do not send them to us within seven calendar days we will refuse your application and your fee will not be refunded.

As you work through the tables, you may find that we could do an online check but will need some help from you to locate the relevant web page. If this is the case, you must send us a covering letter giving the address of the website where the information can be found. For example if you are a care home in England you must provide evidence of your registration with the Care Quality Commission. If that registration is in a different name to the one you have given on your licence application, you will need to tell us what name you are registered under with the CQC and you can do this by enclosing a covering letter with your submission sheet and any other documents you send to us. We will then be able to look you up on the CQC's website.
