Good Afternoon.

My name is . I am a new publican just on the outskirts of
at

I have gained lots of experience with various pub companies and have recently taken on a publican role with Enterprise PubCo.

I have found them to be very professional and organised without being too intrusive.

I have a set package with them for such things as rent, accountancy and health and safety etc...

Without such PubCo's as Enterprise it would be much more difficult to take on your own business in this trade.

The price of beer is quite high however my rent has been stepped to able me to gain and grow a successful business and incentives become active when targets are hit.

I am very happy with the way the company work and how they allow me to run my own business and be successful.

Many Thanks
