1064.

To whom it may concern,

My wife and I have been enterprise tenants for the last 2 years and are now in the process of signing a 10 year lease. During the last 2 years enterprise have carried out lease support we simply would not be able to afford, we have now planned ongoing lease support which should help us grow our business going forward. There is much said about inflated tied beer prices, we all know about these but it can be managed with good product selection and good management.

Many Thanks
