

Dear Rt Hon Dr Vince Cable,

Please find this letter to express my support and satisfaction whilst working alongside Punch Taverns as a loyal partner.

I have leased the licenced premises as described above for approximately four years, and have found Punch Taverns and our regional business manager especially, to be both supportive and reliable in all aspects of my business partnership with them. is my only and first ever licenced premises business, and I feel that Punch Taverns have helped to increase my now extensive knowledge of the business.

When I first took on the premises Punch taverns worked alongside me to decrease the rent amount to ensure that I had the best chance to make a success of the business. I felt that without this I would of not being able to continue, and am grateful to them for doing so.

We have attended punch tavern road shows in the past, which we found informative and enjoyable for all local business partners.

Due to the economic climate, we have felt it necessary to extend the hours we are able to trade. Punch taverns and its entire staff have gone above and beyond to help us to reach our goal to ultimately gain the later licence. They have not only given us personal advice but also passed on their extensive knowledge via their legal team.

If you would like to discuss my partnership with Punch Taverns further please do not hesitate to contact me via the details above.
