Dear Mr Vince Cable,

RE: Government consultation Pub companies and tenants

Having been a punch lessee for the last 16 years, we felt we had to put pen to paper in defence of Punch. The reasons for doing so are we have gone through these years together, and Punch have always been open and when possible extremely helpful.

Over these years Punch and ourselves have done four refurbishments to the premises and have always agreed mutual terms on our investments.

Finally the Punch Pub Co. over the last four years have been a revelation in respect to their support and even more openness to us.

Yours Sincerely
