To whom it may concern

I feel compelled to write to you to express my concerns about the possibility of having legislation that governs my relationship between myself and my pub company, if this legislation is to go ahead this will undoubtedly damage my business.

I am currently a pub tenant for Admiral Taverns and have been for years, and run .

Admiral and my BDM have been very supportive throughout my tenancy and it is a true partnership, They have given me support in a number of ways including a very fair rent, It would always be nice to have cheaper beer pricing but low rent with a tie to the beer is more important to me in this economic time.

My BDM provides me with A massive amount of support and advice on growing and nurturing my business, without my BDM and Admiral I would not be able to have this business .

I do not understand why this pub company has to be regulated, I have a great relationship with Admiral who have worked very hard to become pub company of the year and pride themselves on each tenancy being a partnership, I feel that extra red tape on an already highly legislated business would result in a massive amount of harm being done to the tenants, Through less support and more cost being added to an industry who has suffered immensely over the last few years.

I feel very strongly about this matter and hope that you will take time to consider the potential harm, this legislation could do to my business and every other tenant of Admiral. My experiences as a licensee throughout the industry, has shown me that the relationship I have with my BDM and Admiral are one of a partnership and that I am treated more than fairly, I would not want this to chance.

Yours Sincerely
