Dear BIS Committee,

I'm , a tenant
at Admiral Taverns. Admiral have always
treated me fairly and I believe my
predecessor was also treated fairly.

Although I have only been the tenant since
I was the manager of
The previous to this.

My relationship with Admiral is brilliant, I
have a good relationship with everyone I
deal with most of all my BDM

Admiral are about ~~to~~ to
invest in my pub and I am thrilled.
Admiral made my taking on The
possible, I'm only , I am a local
and I didn't have a lot of funding but
Admiral knew I could make this work so
helped me with my in-going.

I understand some changes in the law
about how Pub co's work with their

tenants. I don't really see why this is necessary when I have a great relationship with mine. In my view you will always have people who are unhappy and often you will only hear one side of the story. I'm a happy tenant who is supported through training, investment and initiatives run by Admiral which I doubt you will hear very little of, you'll just hear complaints.

This industry is legislated heavily, please don't put more red tape in place.

Yours sincerely
