Subject: Consultation to pub company's & tenants

Dear Vince Cable

I have been a tenant of Punch pub company for several years now at the , and in that time they have worked closely with me to help build the business into the successful and profitable pub it is today.

In recent years they have invested a large sum of money in refurbishing the premises, and it has gone from strength to strength.

My Punch area manager is always available to call on for advice, and I am most pleased with the relationship we have built up over the years. I have recently taken on another pub with Punch, which they have also invested in, and sales have doubled since we took it on.

I am aware that some people have made some negative comments about the pubco's, but I do not think this is representative of feelings from most tenants.

My experience with Punch has been very positive, and I know that Punch works hard to build a very good relationship with their local licensees.

Sincerely
