To Whom This Concerns

Dear Sir/Madam,

I am writing to you as I am concerned that the potential legislation may harm the good relationship I currently have with my landlord, Admiral Taverns.

I have been both a leaseholder and tenant with Admiral Taverns for years and have worked in the managed house sector for a further years.

My BOV provides me with the support and advice that I require. They provide me with a good choice of tied products and help where required. I work in an industry that is already too heavily regulated. We don't want or need anymore at Admiral Taverns.

I feel that this could threaten my relationship with my landlord, which will harm my livelihood.

Yours sincerely
