In view of the government consultation into Pub Companies i would like to express my satisfaction in the way we have been treated by Punch Taverns.

We have been given endless advice and help from the company with their investment into the business making it easy to build it into a successful outlet.

Their continuing reviews of our trade enable them to assess when help is needed, whether it be financial or practical and we have always found them forthcoming in their support.

We work very closely with our RBM and are always kept up to date with any buying roadshows which enable us to take advantage of their many offers and at these events are given invaluable information to boost our success.

In conclusion, I would not hesitate in recommending a career with Punch Taverns to anyone as i find their service second to none and we look forward to continuing working closely with them.

Yours Faithfully
