i have recently taken over the tenancy of on High St in . The help and support I received at the initial application stage through to taking over the pub was excellent. The continuing support that I'm receiving off the Area Manager is helping me to market the pub enabling me to be a success is a valued and appreciated. The training course that I attended has helped me to have the tools required to run a pub. This also includes two visits from the training team to my venue to ensure I'm maximising profit and am doing my job to the highest professional standard.

Due to this being my forth business I can honestly say that, in comparison with the other businesses I've run, the help received from the management from Punch Taverns is to a exceptionally high standard.

Hi ,

With the release of the government consultation into Pub Companies, it has become clear that the Pub Co/ Tenant relationship is viewed as one of general dissatisfaction by MP's and Government. In order to give a more balanced view of the Pub Co/ Tenant relationship I was wondering if you would be willing to email a brief testimonial of your experience of your relationship with Punch Taverns to the Rt Hon Vince Cable Secretary of State for Business, Innovation and Skills and your local MP ?

Their email addresses are as follows:

05/12/2013

Rt Hon Vince Cable: enquiries@bis.gsi.gov.uk

We intend to use your testimonial as part of our response to the government consultation into Pub Companies and would be grateful therefore if you could send me a copy of the same.

Your help in this matter would be greatly appreciated. The deadline for submissions is the 13th June so apologies for the short notice.

I look forward to hearing from you.

Thanks.
