TO WHOM IT MAY CONCERN,

IPUB CONSULTATION

I have recently taken on a leased pub with Admiral Taverns, following an extensive refurbishment & upgrade, trade is improving and I am very pleased with the support I have received from my pubco landlord Admiral Taverns. I am, therefore, very concerned at the proposed Government Intervention & potential introduction of new regulation that could severely affect my business relationship with Admiral Taverns. My BDM has provided me with a lot of support & advice in re-opening the which I found invaluable. I could not afford to buy a freehold pub and, therefore, the option to take a lease with Admiral Taverns was a very attractive option.

I don't understand why this review is necessary. My experience to date as a licensee with Admiral has been ^{positive} ~~positive~~ and I would not welcome any change prompted by un-necessary red tape!

I really hope you take my views into account and will be writing to my MP requesting his support.

Yours Sincerely
