

Subject: Government Consultation Pub Companies and Tenants April 2013

I can only say that I have been very pleasantly surprised by the response of Punch Taverns to the plight of one tenant amongst so many. I can only say that their concern shows that they are more than a business solely concerned with their shareholders and creditors.

Any change in the way pubs have to be run, imposed by government, in the past, has only resulted in making the situation worse for small businesses in the pub trade. Although, in my opinion, a minimum price for alcohol would be welcomed by most responsible retailers.

I hope that the pub is an institution that your government will support, not just tamper with in a vague attempt to appear to be 'doing something'.

Yours sincerely

Proprietor,
