

## THE DEPARTMENT FOR EDUCATION'S EIGHTH STATEMENT OF NEW REGULATION

Legislative measures to be included in a Statement of New Regulation are classified (and independently validated) under 'One In, Two Out' (OITO) as: 'INs'; 'OUTs'; and 'ZERO NETS' according to their impact on the specified business sector.

For the seventh Statement of New Regulation (SNR7) published on 17 December 2013, the Department for Education had two 'INs' and one 'OUT'. At the time of publication, the department was not able to confirm the validation of the Equivalent Annual Net Cost to Business (EANCB) of these measures by the Regulatory Policy Committee. The department's SNR7 report therefore carried over its OITO running balance from the previous period, which was estimated at -£2.54 million. The two INs which came into force during the SNR7 period have now been validated and total £2.66 million, which, under the OITO rule, means that twice that amount, £5.32 million, has to be added to the department's running balance. The revised running total at 30 June 2014 is now estimated as £2.78 million (EANCB - £M 2009). The OUT was assessed as Out of Scope of OITO, so does not affect the OITO running balance. The revised details are:
