**NEXT GENERATION ESTATE
CONTRACTS (NGEC):
Shortlisted bidders –
Regional Prime Central**

June 2012

NGEC shortlisted bidders: Regional Prime Central

June 2012

The following organisations have been shortlisted to go forward to the next stage of the procurement process for the Regional Prime Central, following the evaluation of pre-qualification questionnaires (PQOs).

The evaluation process looked at the evidence of the bidders' past performance which was submitted in the PQOs. This included technical capability, health and safety, financial standing, quality assurance, environmental management and equal opportunity and diversity.

The Regional Prime Central will provide maintenance and repairs to the Defence estate in the North of England, Wales, the Midlands and East Anglia. Other services will include a 24/7 helpdesk for estate-users, a regional energy management bureau, grounds maintenance, and snow and ice clearance. The contract also includes options for land management services and construction projects valued below £3.93m.
