

Consultation Questions

1. Do you agree with the Government's preliminary view that the class or type of practice set out in the application submitted by the Nuclear Industry Association:

(a) qualifies as a new class or type of practice; and

YES

(b) is a suitable class or type of practice for a decision by the Secretary of State?

YES

If not, why not?

2. Does the application contain sufficient information to enable the Justifying Authority to make an assessment of the class or type of practice in the application?

YES

If not, what further evidence is needed?

Do you have any comments on the arguments or evidence in the NIA's application? Are there any additional arguments or evidence which the Justifying Authority should consider?

The NIA are applying to build the ABWR in order to meet the NDA's proposed policy to disperse large stocks of legacy plutonium currently stored at the Sellafield site. The Justifying Authority must reject this application on the basis of the known and avoidable public health detriment as set out below:
