

Transport Statistics Great Britain - 2012

Background notes

1. This is the 38th edition of Transport Statistics Great Britain. The [Transport Statistics Great Britain](#) web page provides further detail of the key findings presented in this statistical release and includes summaries of the key findings on each topic and a set of web tables. The web tables give further detail and regional breakdowns of the key results presented in this statistical release and statistics on other related topics. They are available at <https://www.gov.uk/government/organisations/department-for-transport/series/transport-statistics-great-britain#statistical-data-sets>
2. Full guidance on the methods used to compile these statistics can be found in each of the [chapter summaries](#).
3. National Statistics are produced to high professional standards set out in the Code of Practice for Official Statistics. They undergo regular quality assurance reviews to ensure that they meet customer needs. They are produced free from any political interference. The United Kingdom Statistics Authority published assessments on National Statistics products at <http://www.statisticsauthority.gov.uk/assessment/assessment/assessment-reports/index.html> . The most recent assessment for Transport Statistics Great Britain (No 54) was published on 29 July 2010.
4. As a compilation edition the statistics contained in this publication have appeared in some form elsewhere. Pre-release is not applicable.
5. Many of the tables that underlie Transport Statistics Great Britain are published elsewhere on the Department for Transport Statistics website and as more up to date data becomes available only tables in those areas will be updated first. The tables published in the TSGB the chapter summaries and the zip files will remain as at 13 December 2012 until the next edition of TSGB is published. The next edition of Transport Statistics Great Britain will be published in December 2013.
