---

Hi [REDACTED]

I have just confirmed that wild bees will not be assessed in the monitoring project but only in the demonstration trials. This was purely a budgetary driven decision where we felt it was important to focus our resources to cover monitoring of honeybees in 3 countries in Europe rather than to explore everything (wild bees & honeybees) in one country eg UK.

Regards

[REDACTED]

[REDACTED]

I'm sorry to come back on this. The study plan says that the demonstration farm network is part of a larger project. Would you be able to run me through the other elements of the work again? I'd be happy to do this on the phone if that would be easier.

Many thanks

Hi [REDACTED]

I have now discussed with both Bayer and CEH and we are all happy for you to share this protocol with the UK Pollinator Expert Advisory group as you requested.

Regards

[REDACTED]

Hi [REDACTED]

Many thanks for this.

We've discussed previously that it would be really helpful to Defra to share the plans for this project with the Pollinators Expert Advisory Group. Would it be possible to do so at this stage – in confidence and with any caveats/health warnings you wish to suggest?

Best wishes

[REDACTED]

Hi [REDACTED]

We are hoping to finalise this in the coming weeks and this will be driven by CEH.

Regards

[REDACTED]

Many thanks; really helpful to have this. Are you able to say when you plan to have this finalised?

Best wishes

Hi [REDACTED]

In confidence, please find attached a copy of the draft Monitoring Protocol currently being discussed with CEH.

Regards

[REDACTED], [REDACTED]

When we spoke at the end of February, you indicated that you were aiming to have firmed up your plans for this work by the end of March. Are you yet in a position to provide more detail of this?

Many thanks and best wishes
