Dear Secretary of State,

I am concerned about the lack of representation for horse riders and cyclists on the recently formed Forestry Advisory Panel. Britain's forests are one of the country's greatest natural assets and it is important that a wide range of interests and views are aired to ensure a representative and sustainable use of our forests. Could you please inform me how these groups could make their opinions known to the panel so I can address the concerns of my constituents?

Yours sincerely,

Elizabeth Truss MP
