**Subject:** [REDACTED] Opening of infrastructure project - pumping station at St Germans, Norfolk

Hi [REDACTED]

Following our conversation a moment ago, a large multi-million pound infrastructure project is soon to be completed in Elizabeth's constituency – a replacement pumping station in St Germans. This station provides flood protection not only to thousands of residents but also large areas of farmland and the diverse local ecosystem which includes rare birdlife. After discussion with other Norfolk MPs Elizabeth has asked that I contact your office to see if Caroline would be willing to attend the opening in late October or November. I understand that her schedule may be unforgiving, however it would be a great opportunity to demonstrate our commitment to infrastructure development, the farming community and the natural environment. From my experience of the area there will also be generous helpings of tea and cake.

Again we appreciate that the Minister must be very busy, but if you could ask her when you have an opportunity we would be grateful.

Kind regards,

[REDACTED]  
*Office of Elizabeth Truss MP*
