Dear Jim,

I am writing on behalf of my constituent [REDACTED]  
[REDACTED]

[REDACTED] is concerned about the impact of global warming on agriculture in the UK. I would be very grateful if you could inform me of what research DEFRA has carried out into i) the impact of global warming on agriculture and ii) alternative methods of agriculture, i.e. not GM or the use of chemicals, to deal with the impact of global warming.

[REDACTED] is also concerned about the attitude of the HSE re the labelling of glyphosate.

Best wishes,

Elizabeth Truss MP
